

COVID-19 Vaccination Overview

01/02/2022

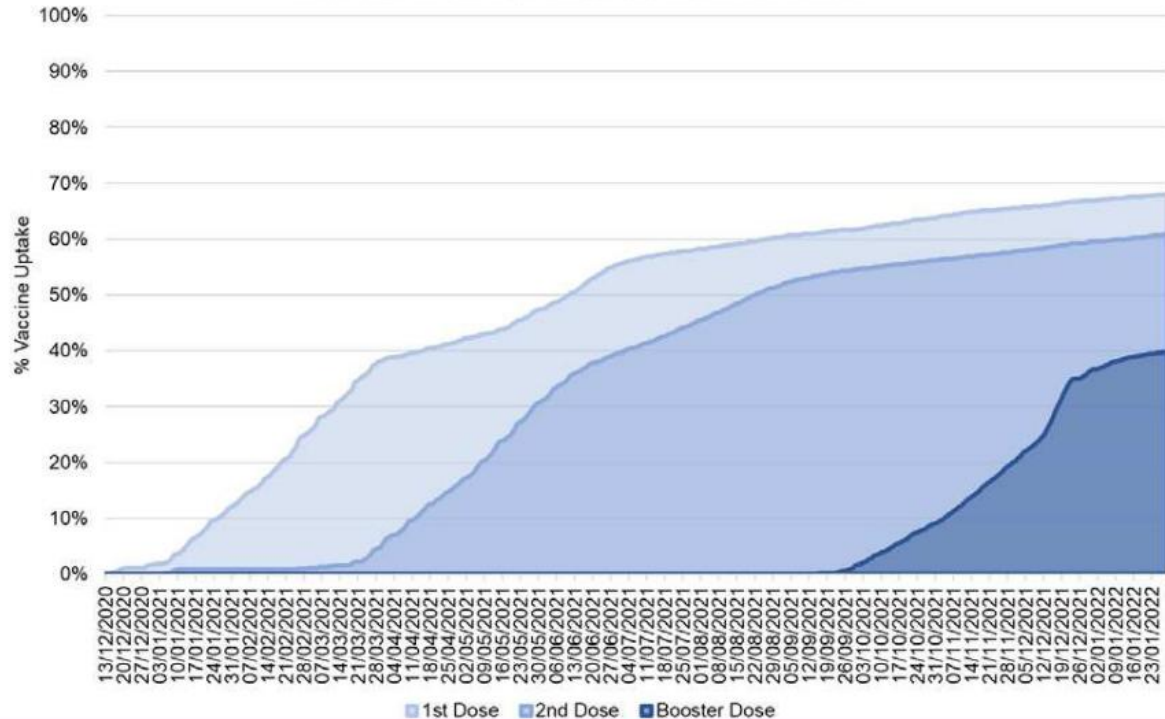

Covid-19 Vaccine Roll Out

- Some children aged 5 to 11 can get a first or second dose of the COVID-19 vaccine if they have a condition that puts them at high risk of getting seriously ill from COVID-19 or they live with someone who is immuno-compromised.
- Children aged 12 to 15 can now get their second vaccine dose if it's been more than 12 weeks since their first vaccine dose
- Booster jabs is now available for everyone aged 16+, and some children aged 12 to 15 if they have a condition that puts them at high risk of getting seriously ill from COVID-19, or they live with someone who is immune-compromised. The jab can be offered after 3 months of their second dose
- Booster jabs will continue to be offered to all adults (aged 16 and over).
- Currently, from April 2022, Covid-19 vaccination will be mandatory for all patient-facing health and social care workers in England including nurses. The Government has announced a review of this policy with the intention of removing this as a mandatory requirement.
- Figures from the [GOV.UK](https://www.gov.uk) website indicate that 91.0% of the English population aged 12 years and over have had their 1st vaccine dose, 83.9% their 2nd dose, and 64.4% their booster dose. This compares to 68.0%, 60.8% and 39.8% in Birmingham.

- Uptake of 1st dose remains consistently lower amongst under-50s compared to over-50s.
- The numbers of individuals who have not received their 1st dose reflects this, with more than half of all unvaccinated individuals aged under 40.
- Booster uptake is also low in younger age groups, although this is partly due to eligibility - requiring 1st and 2nd dose before being eligible for a booster.

Ongoing Local Actions to Improve Vaccine Uptake

The NHS, in collaboration with BCC continues to expand access to the vaccination programme:

- **Social media messages** have also been targeted promoting the vaccine and its benefits, including information about walk-in locations across Birmingham. For example, one of the commissioned providers - CommPlus delivered some of their community engagement on their Facebook page promoting the BSL videos on 'Vaccine Awareness for 12-15-year-olds'.
- **"JabCab"** campaign in partnership with the NHS and TOA Taxis offers free taxis targeted at residents with mobility issues, taxis will take residents to their nearest vaccination centre.
- **Community Vaccine Champions** programme - funded by the Department for Levelling Up Housing and Communities. Design and planned roll-out targeting the 10 Wards with the lowest vaccine uptakes.
- **Disseminate relevant information via our existing established networks** - commissioned engagement providers, Covid Community Champions and faith groups.
- **Deployment of multi-cultural street teams** carrying out face-to-face engagement in six lowest uptake wards, along with Sutton Walmley/Minworth, New Street Station and the Bull Ring.
