### 3.4 Company Performance

A review of the material group company interests of the council is an ongoing process to understand current impacts, including Covid, supply chain costs, and Brexit on their business plans and performance. A snapshot of the business position is reported to each meeting of the Group Company Governance Committee on the private agenda. The content of these reports will be reviewed to ensure they meet the needs of the Committee's terms of reference. As these updates contain commercially sensitive information that may impact on performance were it to be made public, they will remain on the private agenda however company information is reported on Companies House website as required. Where it is indicated that there is a risk of a financial impact to the council then that will be reported within the regular revenue and capital monitoring reports to Cabinet.
