- B. Decision of the meeting held on 1 October 2020
- C. Certificate issued by West Midlands Police under Section 53A of the Licensing Act 2003
- D. Application for an expedited Review of Premises Licence
- E. Copy of Premises Licence

F. Location maps

The premises licence holder has made representations (See A above) in respect of the interim steps imposed on 1 October 2020 (See B above) following the application from West Midlands Police for an expedited review of the premises licence in respect of Nakira, Queensgate, 121 Suffolk Street, Queensway, Birmingham, B1 1LX. The application was accompanied by a certificate signed by a senior member of the force, stating that in their opinion the licensed premises is associated with serious crime and disorder which was made under Section 53A of the Licensing Act 2003 (as amended). (See C and D above)

In accordance with the regulations, the licensing authority has given the premises licence holder and responsible authorities a copy of the application for review and a copy of the certificate.

This hearing has been arranged in order to consider whether it is necessary to take any interim steps in respect of the licence pending the determination of the review. The Premises Licence is included at item E.

At the hearing the licensing authority must:

- consider whether the interim steps are appropriate for the promotion of the licensing objectives; and
- determine whether to withdraw or modify the steps taken.

When considering the case the licensing authority must take into account:

- the senior officer's certificate that accompanies the application,
- the chief officer's representations (if any); and
- any representations made by the premises licence holder.

There is no right of appeal to a magistrates court against the licensing authority's decision at this stage.

5 **OTHER URGENT BUSINESS**

To consider any items of business by reason of special circumstances (to be specified) that in the opinion of the Chairman are matters of urgency.

Subject: Appeal Notice for Interim Steps for NAKIRA BAR & RESTAURANT, Queensgate, 121 Suffolk Street Queensway, Birmingham B1 1LX,

Dear David,

Re: Appeal against Interim Steps against NAKIRA Bar & Restaurant, Queensgate, 121 Suffolk Street Queensway, Birmingham B1 1LX

I now act on behalf of **RP Restaurant Limited** the Premises License Holder for the above premises.

My client has also instructed as Legal Representative Sarah Clover, from Kings Chambers.

Please take note that the premises license holder for Nakira Bar & Restaurant hereby makes representations against the interim steps imposed upon the license by the Licensing Authority on Thursday 1st October 2020 in accordance with 53B(6) of the Licensing Act 2003 on the grounds that the Decision of the Licensing Authority was unreasonable, against the weight of the evidence, contrary to law and in all the circumstances, was wrong. Specifically, the Licensing Authority should not have entertained a Summary Review based upon the public nuisance as a common law offence.

Please, could you arrange a hearing to consider those representations within forty-eight hours accordingly.

Many thanks

Carl

**BIRMINGHAM CITY COUNCIL****LICENSING SUB COMMITTEE - A****THURSDAY 1 OCTOBER 2020****NAKIRA, QUEENSGATE, 121 SUFFOLK STREET QUEENSWAY,
BIRMINGHAM, B1 1LX**

That having considered the application made and certificate issued by West Midlands Police under Section 53A of the Licensing Act 2003 for an expedited review of the premises licence held by RP Restaurant Limited in respect of Nakira, Queensgate, 121 Suffolk Street Queensway, Birmingham B1 1LX, this Sub-Committee determines:

- that the licence be suspended pending a review of the licence, such a review to be held within 28 days of receiving the Chief Officer of Police's application

and

- that Anton Gasparov be removed as the Designated Premises Supervisor

Before the meeting began the Sub-Committee was aware of the amended Health Protection (Coronavirus, Restrictions) (No. 2) (England) Regulations 2020, the updated version of the Guidance entitled 'Closing Certain Businesses and Venues in England' originally issued by HM Government on 3rd July 2020, and the Guidance entitled 'Keeping Workers and Customers Safe in Covid-19 in Restaurants, Pubs, Bars and Takeaway Services' issued originally by HM Government on 12th May 2020 and updated regularly thereafter.

The Sub-Committee was also aware of the special local lockdown measures (specifically for Birmingham) which had been announced by HM Government on Friday 11th September 2020, then introduced on Tuesday 15th September 2020. These measures were an attempt to control the sharp rise in Covid-19 cases in the city.

Furthermore the Sub-Committee was aware of the further national measures to address rising cases of coronavirus in England as a whole, which were announced by HM Government on 22nd September 2020. These national measures had been published on the "gov.uk" website on that date, and detailed the new requirements for all businesses selling food or drink (including cafes, bars, pubs and restaurants), ordering that all such premises must be closed between 22.00 hours and 05.00 hours. Other requirements for such premises included seated table service, wearing of masks, and participation in the NHS Test and Trace programme. These measures were an attempt by HM Government to control the sharp rise in Covid-19 cases nationally.

The pandemic had continued to be the top story in the national news across the Spring, Summer and now into the Autumn of 2020; the Birmingham lockdown, and also the new national measures announced on 22nd September, had been very widely publicised and discussed both in news reports and on social media. The Prime Minister, together with HM Government's Chief Medical Officer and Chief Scientific Officer, had recently resumed the televised 'Coronavirus Briefing' broadcasts which had been a feature of the first few months of the pandemic.

Members heard the submissions of West Midlands Police, namely that in August 2020, when the new arrangements for reopening were being publicised and the lockdown was being eased for licensed premises such as pubs and bars, the Police had observed a general failure by the Nakira premises to follow the Government Guidance. Upon visiting the premises at around 05.00 hours on 22nd August 2020, Police found that loud music was playing at a volume which made conversation difficult, and also observed that there was no social distancing or limitation of numbers of patrons to allow for safe operation as per the Covid-19 requirements. 50 to 60 people were estimated to have been inside, with a further 15 to 20 outside. The Police ascribed these failures to unsatisfactory management by the premises licence holder and the designated premises supervisor.

The explanation given by the premises was that the people in the premises on 22nd August had in fact been "staff", who had been "carrying out maintenance work". This explanation was not accepted by the Police Officers who attended at 05.00 hours and witnessed that the large numbers of people at the premises were dressed for a night out, and loud music was playing.

It was also observed by Police that the premises licence holder was even in breach of an existing condition on the licence, namely that any operating beyond 04.00 hours must be notified to Police in advance. The Police were therefore concerned that the premises licence holder was being reckless in its style of operating, and was endangering public health by risking the spread of Covid-19.

A further visit on 26th September at 00.40 hours found the premises to be trading, in direct defiance of the order from HM Government that all premises serving food and drink must close by 22.00 hours. Around 20 to 30 people were found inside the premises, and social distancing was not being observed.

The Police explained that the premises' decision to trade in this unsafe manner, which was not compliant with the Government Guidance, was an overt risk to the health of individuals, families and local communities, at a time when the country is experiencing a national emergency. The Covid-19 virus is a pandemic which has required all licensed premises to act responsibly and in accordance with both the law and the Government Guidance when trading, in order to save lives. It was therefore a flagrant risk to public health for any licensed premises to breach the Government Guidance by trading in an unsafe manner.

Attempts by the Police to advise those at the premises had not been accepted. Police had requested that the premises supply the Covid-19 risk assessment which is a mandatory requirement under the Government Guidance; this had not been forthcoming. The recommendation of the Police was therefore that the Sub-Committee should suspend the licence pending the review hearing.

A recently-appointed Director of the company which holds the premises licence then addressed the Sub-Committee. Having heard his submissions, the Sub-Committee agreed with the Police that the causes of the serious crime appeared to

originate from unsatisfactory internal management procedures at the premises. The Sub-Committee was not impressed with the Director's representations, or his answers to questions. He stated that he was new to the industry and "still learning". Whilst he stated that he did not deny responsibility or make excuses, he asked that the Sub-Committee take into account what he called the "mitigating circumstances".

However the "mitigating circumstances" centred around the suggestion that staff inside the premises on the night of the 22nd August, who had been cleaning, had been taken by surprise by large numbers of people (dressed for a night out) who had invaded the premises late at night; the Director stated that although the correct course would have been for those staff to call the Police, the staff had been reluctant to do so. The Director ascribed the reluctance to involve the Police to the Afro-Caribbean background of the staff and customers. The Sub-Committee found this to be a highly unusual approach for any premises licence holder to take, and not something that inspired confidence in the management arrangements at the premises. All in all, the Sub-Committee considered the licence holder to have failed to take its responsibilities seriously.

The Sub-Committee therefore determined that it was both necessary and reasonable to impose the interim step of suspension to address the immediate problems with the premises, namely the likelihood of further serious crime.

The Sub-Committee considered whether it could impose other interim steps, including modification of licence conditions, but considered that this would offer little to address the real issues, which were the unsatisfactory practices and the irresponsible attitude shown by the licence holder, both of which were a significant risk to public health in Birmingham.

However, the Sub-Committee determined that the removal of the designated premises supervisor was a very important safety feature given that it was this individual who was responsible for the day to day running of the premises, ie the decision to defy the Government Guidance in order to trade as usual. Therefore the risks could only be properly addressed first by the suspension of the Licence, and secondly by the removal of the DPS, pending the full Review hearing.

In reaching this decision, the Sub-Committee has given due consideration to the City Council's Statement of Licensing Policy, the Guidance issued by the Home Office in relation to expedited and summary licence reviews, and the submissions made by the Police and by those representing the premises licence holder at the hearing.

All parties are advised that the premises licence holder may make representations against the interim steps taken by the Licensing Authority. On receipt of such representations, the Licensing Authority must hold a hearing within 48 hours.

All parties are advised that there is no right of appeal to a Magistrates' Court against the Licensing Authority's decision at this stage.

CERTIFICATE UNDER SECTION 53A (1)(B) OF THE LICENSING ACT 2003

I hereby certify that in my opinion the premises described below are associated with serious crime and disorder

Premises: Nakira

Premise Licence Number: 3919

Premise Licence Holder: RP Restaurant Ltd

Designated Premise Supervisor: Mr Anton Gasparov

I am a Superintendent in West Midlands Police.

I am giving this certificate because I am in the opinion that the procedures under the Licensing Act are inappropriate in this case because the standard review procedures are thought to be inappropriate due to the seriousness of the crime, and the serious management failings of the premises concerned.

The actions of the premise took in deciding to be open have placed an unnecessary risk to the health of individuals, families and local communities, at a time when the country is experiencing a national emergency. This is causing a public nuisance.

Public nuisance is a serious crime and combined with the national threat the Covid 19 possesses, it warrants the use of this power.

I have considered the use of the normal review procedure but I do not feel this would be appropriate in these circumstance due to the above reasons, and the fact that to maintain the licensing objective of preventing crime and disorder the normal review procedure would not be sufficient.

The severity of the incident is a matter that needs to be brought to the attention of the Licensing Committee immediately.

I am conscious of the guidance on the use of "Expedited Reviews" and given the emphasis that is given to use of this power to tackle serious crime and disorder, my feelings that this process is deemed appropriate are further enforced.

(Please read guidance note 2)

The year 2020 has seen a Pandemic disease, referred to as Covid 19 infect vast swathes of the World, with the UK not being immune to its effects.

In March the UK Government had to take the extra ordinary step of closing down numerous operating premises, close schools, encourage people to work from home, all with the aim of stopping the spread of the virus, reduce the number of deaths and stop the infection rates.

Although the consequences for the country and the economy were considerable and far reaching this is what the UK Government had to do.

On the 4th July 2020, the UK government were able to start relaxing the lock down measures. This was not a return to normality but a start to allow businesses to reopen, and get the country operating again. The re-opening was assisted with guidance issued to the sectors that were being allowed to re-open.

For licensed premises, the guidelines were found in a document called "Keeping workers and customers safe during Covid 19, in restaurants, pubs, bars and takeaway services"

<https://assets.publishing.service.gov.uk/media/5eb96e8e86650c278b077616/working-safely-during-covid-19-restaurants-pubs-takeaways-240920.pdf>

This document has been revised, on the 14th June, 24th June, 3rd July, 9th July, 23rd July, 31st July, 12th August, 10th September, 11th September, 18th September and 24th September.

This guidance was designed to do one thing, to show how premises could open and what they would need to do, to do so safely and minimise any potential spread of the disease.

This document provided guidance in matters such as, risk assessments, queue control, social distancing, and noise control, no dancing, shouting, cleaning, as with other measures.

Cases and infection rates of Covid 19 began to rise again in various parts of the UK through September, resulting in areas having to issue local lock down rules. Birmingham was not immune to the increased numbers of Covid 19, and had to impose local lock down rules on the 15th September 2020.

On top of this the UK Government then imposed nationwide (England only) measures forcing all hospitality venues to close at 10pm and for everyone to be out of the building by 10pm. This was on top of any local lock down rules.

This has been widely publicised; to the point in recent weeks where there hasn't been a day without something in the news about it.

The UK Prime Minister – Boris Johnson addressed the UK through a TV broadcast, in which he emphasised the dangers of the disease coming back and that we had to stick to the rules to curb the growth in infections.

These premises came to the attention of the Police on the 22nd August 2020. Officers noted at 5am a large number of cars on the car park which is immediately adjacent to the premises, and a large gathering of people, both in the car park and by the emergency exit.

Officers tried to find out what was going on but people were being illusive and not assisting. The emergency exit door was briefly opened and then closed very quickly. Officers stated they were banging on the door to be let in but no one answered.

Eventually the door was opened and officers made their way inside. What they saw inside they described as a party going on, loud music, no social distancing, with about 50 people in a small room, and another 20 outside.

Officers have noted that they struggled to find anyone who would identify as being in control of the premises, a person did come forward inside the premises who said he was the cleaner but also the key holder.

When officers went back outside they identified a male who claimed to be the licence holder/manager. This man is not on the premise licence as either the DPS or PLH but indicated to officer he was the "boss". This male denied doing anything wrong, whilst indicating that they had no Covid risk assessment.

This person who claimed to be "the boss" then stated to officers that the premises was a restaurant, something that the officers saw no evidence of and even questioned as the cleaner had indicated that the food had been ordered in.

Officers from the Birmingham Central Police licensing team emailed the premise licence holder and a meeting was held at the premises on the 28th August 2020. The male that claimed to be "the boss" was also at the meeting with the Premise licence holder.

It was claimed that the people in the premises on the 22nd August were staff doing some maintenance. This was not believed by the officers, as there was too many people there, the way they were dressed and no maintenance being carried out.

An email was sent on the 28th August 2020 to the premise licence holder from the Police licensing officer. In this email advice was given, the website showing the guidance was included and to assist key points from that to be considered.

The CCTV was requested but no response has come back from the PLH.

On the 26th September 2020 at around 00.40 hours (the premises should have been shut and closed at 22.00 hours), officers noted that again there were a number of cars parked on the car park adjacent to the premises.

It was noted by officers that the side emergency exit door was ajar. Officers investigated in case it hadn't been locked properly or the premises broken into. As officers investigated they came across two males in the main public area of the club, sat on a sofa.

Officers describe them as showing signs of intoxication, they could smell cannabis in the air, and noted there were drinks on the table and silver nitrous oxide canisters strewn all over the place.

Other officers then describe finding another upstairs room, the lights being put on and a number of people in this room. Evidence was seen of alcoholic drinks on the tables, no social distancing by the groups. Again officers noted that there were the silver nitrous oxide canisters on the floor.

Officers have noted that they were approached by a female who indicated it was her birthday party and that is why they were celebrating. From this it is clear that an event was taking place in the premises, and that there is potential financial gain by the premises.

This party contravenes Covid restrictions, and the rule of six, and also the fact that people were still in the premises at 00.40hours.

It was noted by officers that as people left they automatically went towards the rear fire exit to leave the premises, almost as if it was known that was how you left the premises.

Officers have noted with concern and disgust about how this premise has been found operating, in what they say are clear breaches of the Covid regulations.

There has been little to no engagement from the PLH, even after engagement from the Police licensing team. When officers have found the premise open with people inside there is no control, they have struggled to identify anyone in control of the premise. This is very concerning considering the way the country is struggling to deal with this pandemic.

The infection rate in Birmingham continues to rise, as of the 29/9/20 it has risen to 145.1 per 100,000, compared to last weeks figure of 96.2.

It is imperative that hospitality trade comply with the rules set down, to curb the growth of the disease.

Covid 19 is a worldwide virus, that has seen many people die, articles in the press have shown that deaths unfortunately have surpassed 1 million people .

It is an infectious disease which is spread as a result of activities carried out by people. This explains the reason for measures such as social distancing.

The risk of spreading infections is deemed a "public nuisance". In the case of R v Rimmington and Goldstein (2005) UKHL.63, it quoted the leading modern authority on public nuisance as Attorney general v PYA Quarries Ltd (1957) 2 QB 169.

The case quotes "a person is guilty of a public nuisance (also known as a common nuisance) who (a) does an act not warranted by law, or (b) omits to discharge a legal duty, if the effect of the act or emission is to **endanger the life, health**, property, morals or comfort of the public, or to obstruct the public in the exercise or enjoyment of rights common to all Her Majesty's subjects" (Rimmington at [3]).

Public nuisance is a common law offence which carries an offence of life imprisonment. It is WMP's stance that a serious crime under the definition in RIPA has been fulfilled on the above facts.

"Serious crime" is defined by reference to S.81 of RIPA Act 2000. An offence for which an adult could reasonably be expected to be sentenced to imprisonment for a period of 3 years or more.

West Midlands Police are concerned that the actions of this premise are contributing to the spread of the virus, they are ignoring the rules set to help reduce the threat of this virus, which places both its customers, staff in danger and threatens their safety, which then widens to the safety of their families and the communities they live in.

Notes for guidance:

1. A certificate of the kind mentioned in the form must accompany the application in order for it to be valid under the terms of the Licensing Act 2003. The certificate must explicitly state the senior officer's opinion that the premises in question are associated with serious crime, serious disorder or both.

Serious crime is defined by reference to section 81 of the Regulation of Investigatory Powers Act 2000. In summary, it means:

- conduct that amounts to one or more criminal offences for which a person who has attained the age of eighteen and has no previous convictions could reasonably be expected to be sentenced to imprisonment for a term of three years or more; or
- conduct that amounts to one or more criminal offences and involves the use of violence, results in substantial financial gain or is conduct by a large number of persons in pursuit of a common purpose.

Serious Disorder is not defined in legislation, and so bears its ordinary English meaning.

2. Briefly describe the circumstances giving rise to the opinion that the above premises are associated with serious crime, serious disorder or both.

Annex 1 – Mandatory Conditions

No supply of alcohol may be made under the premises licence (a) at a time when there is no designated premises supervisor in respect of the premises licence, or (b) at a time when the designated premises supervisor does not hold a personal licence or his personal licence is suspended.

Every retail sale or supply of alcohol made under this licence must be made or authorised by a person who holds a personal licence.

The responsible person must ensure that staff on relevant premises do not carry out, arrange or participate in any irresponsible promotions in relation to the premises. In this paragraph, an irresponsible promotion means any one or more of the following activities, or substantially similar activities, carried on for the purpose of encouraging the sale or supply of alcohol for consumption on the premises— (a) games or other activities which require or encourage, or are designed to require or encourage, individuals to— (i) drink a quantity of alcohol within a time limit (other than to drink alcohol sold or supplied on the premises before the cessation of the period in which the responsible person is authorised to sell or supply alcohol), or (ii) drink as much alcohol as possible (whether within a time limit or otherwise); (b) provision of unlimited or unspecified quantities of alcohol free or for a fixed or discounted fee to the public or to a group defined by a particular characteristic in a manner which carries a significant risk of undermining a licensing objective; (c) provision of free or discounted alcohol or any other thing as a prize to encourage or reward the purchase and consumption of alcohol over a period of 24 hours or less in a manner which carries a significant risk of undermining a licensing objective; (d) selling or supplying alcohol in association with promotional posters or flyers on, or in the vicinity of, the premises which can reasonably be considered to condone, encourage or glamorise anti-social behaviour or to refer to the effects of drunkenness in any favourable manner; (e) dispensing alcohol directly by one person into the mouth of another (other than where that other person is unable to drink without assistance by reason of disability).

The responsible person must ensure that free potable water is provided on request to customers where it is reasonably available.

The premises licence holder or club premises certificate holder must ensure that an age verification policy is adopted in respect of the premises in relation to the sale or supply of alcohol. The designated premises supervisor in relation to the premises licence must ensure that the supply of alcohol at the premises is carried on in accordance with the age verification policy. The policy must require individuals who appear to the responsible person to be under 18 years of age (or such older age as may be specified in the policy) to produce on request, before being served alcohol, identification bearing their photograph, date of birth and either— (a) a holographic mark, or (b) an ultraviolet feature.

The responsible person must ensure that— (a) where any of the following alcoholic drinks is sold or supplied for consumption on the premises (other than alcoholic drinks sold or supplied having been made up in advance ready for sale or supply in a securely closed container) it is available to customers in the following measures— (i) beer or cider: ½ pint; (ii) gin, rum, vodka or whisky: 25 ml or 35 ml; and (iii) still wine in a glass: 125 ml; (b) these measures are displayed in a menu, price list or other printed material which is available to customers on the premises; and (c) where a customer does not in relation to a sale of alcohol specify the quantity of alcohol to be sold, the customer is made aware that these measures are available.”

(1) A relevant person shall ensure that no alcohol is sold or supplied for consumption on or off the premises for a price which is less than the permitted price. (2) In this condition:— (a) “permitted price” is the price found by applying the formula $P = D + (D \times V)$, where— (i) P is the permitted price, (ii) D is the amount of duty chargeable in relation to the alcohol as if the duty were charged on the date of the sale or supply of the alcohol, and (iii) V is the rate of value added tax chargeable in relation to the alcohol as if the value added tax were charged on the date of the sale or supply of the alcohol; (b) “duty” is to be construed in accordance with the Alcoholic Liquor Duties Act 1979; (c) “relevant person” means, in relation to premises in respect of which there is in force a premises licence— (i) the holder of the premises licence, (ii) the designated premises supervisor (if any) in respect of such a licence, or (iii) the personal licence holder who makes or authorises a supply of alcohol under such a licence; (d) “relevant person” means, in relation to premises in respect of which there is in force a club premises certificate, any member or officer of the club present on the premises in a capacity which enables the member or officer to prevent the supply in question; and (e) “value added tax” means value added tax charged in accordance with the Value Added Tax Act 1994. (3) Where

BIRMINGHAM CITY COUNCIL

the permitted price would not be a whole number of pennies, the permitted price shall be taken to be the price rounded up to the nearest penny. (4) Where the permitted price on a day ("the first day") would be different from the permitted price on the next day ("the second day") as a result of a change to the rate of duty or value added tax, the permitted price which would apply on the first day applies to sales or supplies of alcohol which take place before the expiry of the period of 14 days beginning on the second day.

Each individual assigned to carrying out a security activity must be licensed by the Security Industry Agency.
