

**Young Active Travel Trust: Grant Funding
APPLICATION FORM**

Please email the completed form to **connected@birmingham.gov.uk**

Name of School(s)	COTTERIDGE PRIMARY SCHOOL
Name of Head Teacher(s)	MR JONATHAN LEONARD
Project Title	Cotteridge Primary Safer Travel Plan
Type of Applicant	School
Name of Lead Applicant	KIM TAYLOR
Email address	k.taylor@cotridge.bham.sch.uk
Telephone number	0121 464 2865

Signature of Head Teacher <i>(for a group of schools, only one signature is required)</i>	J.Leonard
Name	JONATHAN LEONARD
Date	02/05/2019

Signature of Lead Applicant	K.Taylor
Name	KIM TAYLOR
Date	02/05/2019

About Your Project

1. Please describe the project you are asking for grant funding to undertake.

Please refer to the guidance notes for information about what sort of projects will be given priority.

We are on our Modeshift Stars journey and wish to reduce parking congestion around the school gates and encourage our pupils and parents to find greener ways to travel to and from school. The school council have pinpointed a number of initiatives that we are going to run and hope that the grant will be used for.

In order to encourage cycling and scooting, we need to offer safe storage facilities onsite for bikes and scooters as well as storage for cycling accessories such as bike helmets.

To reduce parking congestion, we wish to purchase several child size bollards so that cars can not park directly outside the school gates or on the yellow zig zags.

The school council have also run a poster competition and the children have designed posters that we wish to turn into signs/banners to be displayed around the perimeter of the school building to discourage parking and driving above 20mph.

2. What you will spend the grant funding on?

The funding will go towards the total cost of the child size bollards, banners and bike/scooter/helmet storage as mentioned above.

3. What benefits do you expect to result from the project?

Less congestion outside the school gates leading to a safer environment for our pupils to cross roads.
More children using greener travel methods in an effort to improve health and well-being.

4. What positive legacy will the project have on the school or wider community and what will happen when the grant funding stops?

We are hoping that children will continue to use greener methods of transport to improve their health and well being. Parents will be able to continue to use the secure storage facilities.

We also run Bikeability and Scooterbility sessions to support using greener transport methods safely.

5. How does this project connect with your Modeshift STARS Travel Plan?

Please note funding is only available to schools who have committed to developing school travel plans through the on-line Modeshift STARS programme; or schools who will commit to registering on Modeshift STARS and achieving bronze level within 12 months (from date of award of grant).

It will support greener travel which is one of our targets in association with Bikeability and Scooterbility. It connects with our Modeshift Stars travel plan and Bronze award targets.

It will improve the safety of our pupils on the roads outside the school building.

6. Estimated project start date

01/01/2019

7. Estimated project completion date

07/09/2019

8. Approximately how many pupils will be involved in this project?

400

9. Estimated total cost of the project

£1500

10. Amount of Grant funding sought

£1000

Evaluation

11. Please explain how you intend to evaluate the impact of the project and how you will measure success?

Through Modeshift Stars: surveys and % differences between surveys.

Pupil interviews.

Grant applications will be assessed and presented for determination to the Trusts and Charities Committee, as sole corporate trustee of the Young Active Travel Trust.

Details of your application may be referred to in publicly available committee reports, along with subsequent feedback or evaluations of any schemes funded by the Trust. Please indicate below your acceptance:
