

### Appendix 3 – traffic issue feedback and suggestions

Road	Feedback	Suggestions
St Laurence Road	St Laurence Road is used for parking from visitors to park, hospital, Grosvenor Centre	<i>Restrictions on junction with Heath Road South?</i>
	Can be a crossing hazard for children, elderly, mums with pushchairs	<i>Single yellow restrictions along St Laurence Rd?</i>
	Parking near junction with Heath Road South blocks view of traffic around the corner	
	Speed bumps have not slowed speed of traffic (especially in the evening)	
	Hedge on the corner of St Laurence Road & Heath Road South is so high it restricts drivers' views	
Chatham Road	People who work in Northfield park here all day, we need double yellow lines	<i>To be discussed with Highways engineer</i>
	People off Maas Road park on Chatham - they should get a permit	
	Pushchairs, mobility scooters, wheelchairs cannot get through (parking on pavement)	
	Drivers also park on private land	
Innage Road Dinmore Avenue Heath Road South	Why are parking restrictions prioritised over speed restrictions? e.g. Council approved 20 MPH limit for these roads but 4 years later still not implemented?	<i>To be discussed with Highways engineer</i>
	Time restrictions required	<i>Mon-Fri 8am-6pm, 2 hour limit, no return within 2 hours</i>
Heath Road South	Displaced traffic from introduction of parking charges will add to already congested and dangerous school run traffic, especially at the top end near the school. The lives of children will be put at increased risk by the displaced traffic	<i>Timed restrictions to prevent all day parking? Mon-Fri 8am-6pm, 2 hour limit, no return within 2 hours</i>
	People will park on Heath Road South rather than pay to use the car park. Our road already has an increase of works from the ROH parking all day - this will be added to	
Innage Road	Parking on one side of Innage Road only	<i>To be discussed with Highways engineer</i>
	Parking on pavement to be restricted (half on, half off)	
	20 MPH or less on all roads around the school	
	Please remember to protect our grass verges - possibly by banking up kerbs	

<b>Road</b>	<b>Feedback</b>	<b>Suggestions</b>
Cornfield Road	Timed parking restrictions required	Mon-Fri 8am-6pm, 2 hour limit, no return within 2 hours
Great Stone Road	Timed parking restrictions required	Mon-Fri, 8.30am-12.30pm, 12.30pm-5.30pm - alternating across sides of road
