### 3. Recommendations

The Board is asked to:

- Note the findings and recommendations in the attached Children with SEND JSNA and approve and sign off the Children with SEND JSNA as meeting requirements to inform future strategies and commissioning plans in this area.

### 4. Background

- 4.1 In November the Board agreed to ownership of the Children and Young People with SEND JSNA.
- 4.2 The [SEND Code of Practice 2015](#) sets out that each local area should have a JSNA considering the needs of the population. This is the responsibility of the HWBB. The JSNA should be used to inform joint commissioning and in turn the Local Offer for 0-25 year olds with SEND.
- 4.3 The JSNA process is now complete and has been taken to the SEND Improvement Board (SIB). The feedback and suggestions from SIB members has been reviewed and incorporated in to the final version of the JSNA.

<b>5.</b>	<b>Future development</b>
5.1	It is proposed that this JSNA is the single agreed 'picture' of needs of children with SEND within Birmingham that can be used for commissioning and planning of services.
5.2	This can only be achieved with the support and input of all partner organisations. Board members should ensure document is used by their organisations in strategies and commissioning plans.
5.3	The JSNA strategic group of the Board should incorporate the future update of the SEND JSNA into its future programme.
