3. Recommendation(s)

That the Health and Wellbeing Board (HWB):

- 3.1. Receive and note the feedback from the Health and Wellbeing Board (HWB) Development Day (May 2023).
- 3.2. Note and comment on the proposed action plan and work programme for the year ahead.

4. Report Body

Health and Wellbeing Board Development Day – Summary

- 4.1. The Health and Wellbeing Board (HWB) is committed to continuous improvement to improve the health and well-being of Birmingham’s communities. This includes development sessions in addition to formal meetings.
- 4.2. The HWB Development Day took place on Wednesday 17th May 2023 at The Exchange (University of Birmingham). The session was attended by twelve HWB members and key partners, including the leads of the HWB’s Forums (sub-groups).
- 4.3. Board members discussed their role and purpose, relationships with partners and the Creating a Bolder Healthier City Strategy. The feedback and insights generated have been collated and summarised (**Appendix 1**) and used to develop a series of actions for the Board to consider (**Appendix 2**).

Key Points and Next Steps

- 4.4. The draft action plan (**Appendix 2**) outlines several next steps for the Board to consider and endorse. Feedback and actions are categorised by theme (adapted from the following [Local Government Association \(LGA\) report](#)):
 - Supporting HWB Members
 - Communications and Engagement
 - Prioritisation and Work Planning
 - Relationships and Accountabilities
 - HWB Role
 - HWB Culture and Style
- 4.5. Key actions include:
 - 4.5.1. Develop an **Executive Board (EB)** to undertake the statutory “sign-off” functions of the Board. The aim of the EB will be to provide the whole board membership with more space and time for strategic discussion and thematic agenda items. The EB will also have a role in filtering and organising agenda items. The EB will be made up of a smaller number of existing HWB members and will have representation from the ICB, the Council and others. A Terms of Reference will be drafted for the HWB to consider.

- 4.5.2. Undertake at least one **HWB development session** annually. Building on the recent Development Day, there was clear agreement that such sessions need to be ongoing, to allow board members to carry on with mutual learning, understand and develop the role of the board, and explore ways to maximise their contribution. While it is important for boards to be transparent about their work and to discuss and make their decisions in public, they also need the time and privacy to explore options freely at an early stage before reaching conclusions about which workable alternatives may achieve the best outcomes.
- 4.5.3. Clarify the **relationships and accountabilities of the HWB** with sub-groups (HWB Forums) and other statutory and partnership boards.

HWB Forward Plan (Work Programme) 2023-24

- 4.6. The HWB Forward Plan (**Appendix 4**) has been developed for the Board to consider alongside the Development Day Feedback (**Appendix 1**), Draft Action Plan (**Appendix 2**) and Annual Review of the Joint Health and Wellbeing Strategy (**Appendix 3**).
- 4.7. The Forward Plan will be presented at each HWB to jointly plan and prioritise future agenda items for the HWB and proposed EB.

5. Compliance Issues

5.1. HWB Forum Responsibility and Board Update

- 5.1.1. The roles and responsibilities of HWB Forums are outlined in their Terms of Reference ([Health and wellbeing board | Birmingham City Council](#)). The relationships and reporting arrangements between the HWB Forums and the HWB will be included in a refreshed HWB Terms of Reference, which will be presented to the Board in September.

5.2. Management Responsibility

- 5.2.1. The Health and Wellbeing Board is responsible for its continuous improvement and development.
- 5.2.2. Governance support will be led by the Service Lead (Governance) with oversight from the Director of Public Health.

6. Risk Analysis

Identified Risk	Likelihood	Impact	Actions to Manage Risk
Lack of engagement and buy-in to the proposed changes	Low	High	The proposed changes are the result of feedback from Board Members. Members are receiving feedback and the proposed action plan for comment and discussion before formal agreement.

Actions in the proposed plan are not completed within the indicative deadline	Medium	Medium	The agreed actions will be closely monitored, and resources will be allocated to deliver.
