Telephone number	07886783134

Signature of Head Teacher <i>(for a group of schools, only one signature is required)</i>	
Name	Karl Rogerson
Date	

Signature of Lead Applicant	Click here to enter text.
Name	Michael Mountford
Date	

About Your Project

1. Please describe the project you are asking for grant funding to undertake.

Please refer to the guidance notes for information about what sort of projects will be given priority.

- To provide lunchtime and after-school clubs that involve scooters/bike that can be used for development of riding and balance skills, improving the fitness of children, increasing the confidence of children and enjoyment when using a scooter/bike. Especially at an early age.
- To have equipment for lessons so that KS1 children can have lessons that involve scooters/Bikes.
- To aid our Gross Motor programmes across the school with an alternative approach using Scooters/bikes.
- To allow access to scooters/bike to children who may not have them at home.

2. What you will spend the grant funding on?

Approx

15 X Scooters + 2 X Adult Scooters

5 X Balance Bikes

20 X Helmets

3. What benefits do you expect to result from the project?

Expansion of lesson activities in KS1 and extra-curricular clubs.

Increase children's confidence for cycling/Scottering.

Give KS1 children a head start to progress in the future.

Opportunity for children to experience scooters/cycling who don't have access at home.

Be able to deliver scootability courses.

Encourage scooting/riding to school.

Improve children's balance and Gross motor skills.

4. What positive legacy will the project have on the school or wider community and what will happen when the grant funding stops?

The purchase of scooters/balance bikes would provide a valuable resource for years. They are a commodity that can be maintained and used on an ongoing basis. It would hopefully encourage children to use their own scooters and bikes more confidently to travel to school either immediately or in the future. It may allow children the confidence to ask for scooters/bikes also so that it may become more accessible for them.

5. How does this project connect with your Modeshift STARS Travel Plan?

Please note funding is only available to schools who have committed to developing school travel plans through the on-line Modeshift STARS programme; or schools who will commit to registering on Modeshift STARS and achieving bronze level within 12 months (from date of award of grant).

It will allow us to provide lessons and after school clubs.

Give children confidence to use their scooters/bikes to travel to and from school.

Highlight to children that they can use their bikes/scooters to travel to school.

6. Estimated project start date

Ongoing

7. Estimated project completion date

Ongoing

8. Approximately how many pupils will be involved in this project?

200

9. Estimated total cost of the project

£1000

10. Amount of Grant funding sought

£1000

Evaluation

11. Please explain how you intend to evaluate the impact of the project and how you will measure success?

Numbers of children coming to school on bikes/scooters.

Numbers of children coming to after school clubs.

Traffic congestion outside of school.

Grant applications will be assessed and presented for determination to the Trusts and Charities Committee, as sole corporate trustee of the Young Active Travel Trust.

Details of your application may be referred to in publicly available committee reports, along with subsequent feedback or evaluations of any schemes funded by the Trust. Please indicate below your acceptance:
