1 Executive Summary

This report asks Members to consider responses from the Council's group companies on a questionnaire on their Audit Risk Assessment. This report has been presented to Cabinet Committee Group Company Governance who considered the content but had no concerns to raise with Audit Committee.

2 Recommendations

- 2.1 Members are asked to consider the responses from the Council's group companies. and advise Audit Committee of any issues identified.

3 Background

- 3.1 The Council has created a number of companies that fall within its sphere of control, either as wholly owned subsidiaries, associates where the Council has significant influence, Joint Ventures or other arrangement. The Council has to consider whether there are risks to the Council either through misuse of funds or misstatement of activities.
- 3.2 An exercise is carried out each year to determine the “Group Boundary”, that is to define which subsidiaries, associates and joint ventures are consolidated with the Council’s financial statements to produce Group Accounts. The larger entities within the overall Council group boundary have been asked to provide information through the completion of a questionnaire to allow Members to gain assurance that funds are being used efficiently and effectively and that information provided in respect of their financial statements may be relied on. The assurance statements have been broken down into three main areas:
- Company Environment – looking at the governance arrangements of the company
 - The Identification, Mitigation and Reporting of Risk – looking at how the company manages risk
 - Financial Statements – looking at factors that may impact on the company’s financial health and financial statements.

The responses provided are attached at Appendix 1.

- 3.3 Audit Committee is responsible for signing off the Council’s financial statements, including relevant group accounts, in due course. As part of this sign off process, members of the Audit Committee will need to be confident that the information presented represents a ‘true and fair view’ of the financial position of the group and that the accounts are materially correct.
- 3.4 Members are asked to consider the responses received and identify any issues that it would wish to raise with Audit Committee for their consideration and further review.
