1 Executive Summary

- 1.1 This report provides details of the planned procurement activity for the period July 2023 – September 2023 which are not key decisions. Planned procurement activities reported previously are not repeated in this report.
- 1.2 The report enables Cabinet to identify whether any reports for procurement activities should be brought to this meeting for specific executive decision,

otherwise they will be dealt with under Chief Officer delegations up to the value of £500,000, unless TUPE applies to current Council staff.

2 Recommendations

- 2.1 To note the planned procurement activities as set out in Appendix 1 and Chief Officer delegations, set out in the Constitution, for the subsequent decisions around procurement strategy and contract awards.

3 Background

- 3.1 The report approved by Council Business Management Committee on 16 February 2016 set out the case for introducing this process.
- 3.2 At the 12th July 2022 meeting of Council changes to procurement governance were agreed which gives Chief Officers the delegated authority to approve procurement contracts up to the value of £500,000 for non-key decisions over the life of the contract. Where it is likely that the award of a contract will result in staff employed by the Council transferring to the successful contract under TUPE, the contract award decision has to be made by Cabinet.
- 3.3 In line with the Procurement and Contract Governance Rules that form part of the Council's Constitution, this report acts as the process to consult with and take soundings from Cabinet Members and the Resources Overview & Scrutiny Committee.
- 3.4 This report sets out the planned procurement activity over the next few months where the contract value is between the procurement threshold £177,897.50 (excluding VAT) and £500,000 (excluding VAT) for non-key decisions. This will give members visibility of all procurement activity within these thresholds and the opportunity to identify whether any procurement reports should be brought to Cabinet for approval even though they are below the £10m delegation threshold.
- 3.5 It should be noted that the procurement threshold has changed from £189,330 to £177,897.50 (excluding VAT) and applies from 1st January 2022 for a period of 2 years.
- 3.6 Individual procurements may be referred to Cabinet for an executive decision at the request of Cabinet, a Cabinet Member or the Chair of Resources Overview & Scrutiny Committee where there are sensitivities or requirements that necessitate a decision being made by Cabinet.
- 3.7 Procurements below £500,000 contract value that are not listed on this or subsequent monthly reports can only be delegated to Chief Officers if specific approval is sought from Cabinet. Procurements above £10m contract value will still require an individual report to Cabinet in order for the award decision to be delegated to Chief Officers if appropriate.
- 3.8 A briefing note with details for each item to be procured is listed in Appendix 2. The financial information for each item is detailed in Appendix 3 – Exempt Information.

4 Options considered and Recommended Proposal

4.1 The options considered are:

- To identify specific individual procurements as listed in appendix 1 for further consideration, along with clear reason(s) for such additional consideration, to Cabinet around the procurement strategy and contract award.
- To note the planned procurement activities for all the projects listed in appendix 1 and the Chief Officer delegations as set out in the Constitution, for the subsequent decisions around procurement strategy and contract awards.– this is the recommended option.

5 Consultation / Engagement

5.1 This report to Cabinet is copied to Cabinet Support Officers and to Resources Overview & Scrutiny Committee and therefore is the process for consulting with relevant cabinet and scrutiny members. At the point of submitting this report Cabinet Members/ Resources Overview & Scrutiny Committee Chair have not indicated that any of the planned procurement activity needs to be brought back to Cabinet for executive decision.

6 Risk Management

6.1 Members should note that in respect of any procurement projects which are sought to be referred back to Cabinet for further considerations these may impact on timescales around the delivery of those projects.

6.2 Details of Risk Management, Community Cohesion and Equality Act requirements will be set out in the individual reports.

7 Compliance Issues:

7.1 How are the recommended decisions consistent with the City Council's priorities, plans and strategies?

7.1.1 Details of how the contracts listed in Appendix 1 and Appendix 2 support relevant Council policies, plans or strategies, will be set out in the individual reports.

7.2 Legal Implications

7.2.2 Specific details of any implications related to public sector procurement Regulations are set out- in the individual reports appended to this report.

7.3 Financial Implications

- 7.3.1 Specific details of how decisions will be carried out within existing finances and resources will be set out in the individual reports.
- 7.3.2 Any cashable savings generated as a result of the procurement exercises are detailed in Appendix 2 to the delivery of procurement related savings and be removed from Directorate where identified in addition to the existing service area savings target as set out in the Medium Term Financial Plan (MTFP) in line with the principles to treatment of identified savings against third party contracts as agreed by CLT on 24th January 2022.

Title of Contract	Provision of Outdoor Furniture – Outdoor Bins
Contact Officers	Director / Assistant Director: Darren Share, Assistant Director Street Scene Client Officer: Leslie Williams, Principal Operations Manager Procurement Officer: Marta Peka, IT Category Manager
Relevant Portfolio	Councillor Majid Mahmood - Cabinet Member for Environment
Briefly describe the service required	The Council as a duty to keep the city streets clean of litter to be able to achieve this we place street mounted litter bins across the city to allow residents to discard unwanted litter in bins. we have a large number of bins city wide, and we also have to maintain and replace bins should they become old or damaged.
What is the proposed procurement route?	A direct award under an existing ESPO framework contract. Benchmarking exercise will be done first in order to identify the most economical offer.
What are the existing arrangements? Is there an existing contract? If so when does that expire?	Current arrangements for bins have been provided by Glasson on an ad hoc basis, without taking a total consideration of spend and needs meaning that the overall spend has been outside of compliant routes to market. Corporate Procurement Services are working with Street Scene Directorate to enable compliance going forward.
Will any savings be generated?	No cashable savings will be generated by this project.
Has the In-House Preferred Test been carried out?	Yes, and the test demonstrated this is not suitable to be carried out in-house as there are not the skills or capability within the Council for the provision of bins for the period of this contract.
How will this service assist with the Council's commitments to Route to Zero?	Any specification will require the Council's commitments to Route to Zero to be considered, in particular to a reduction in zero emission for transport.
How do these activities assist the Council with Everybody's Battle; Everybody's Business?	There are no direct Everybody's Battle; Everybody's Business implications.
Is the Council under a statutory duty to provide this service? If not, what is the justification for providing it?	There is a statutory duty to provide a street cleansing service and the litter bins aid in containing litter that may otherwise be discarded on the highway.
What budget is the funding from for this service?	This is funded from Waste budget.
Proposed start date and duration of the new contract	The proposed start date is August 2023 for a period 3 years.
