### 3. Recommendations

The Board is asked to

- Note the CQC Birmingham Local System Review Progress Monitoring report at Appendix 1.
- Agree to future reporting of progress forming part of wider reporting on the Birmingham Older People Programme rather than as a separate report.

### 4. Background

4.1 In January 2018, CQC carried out a Local System Review in Birmingham at the request of the Secretaries of State for Health and Social Care and for Housing, Communities and Local Government. In response to their recommendations from this review an Action Plan was created; progress against this has been monitored by DoH.

4.2 CQC wrote to system leaders in October 2018 advising that they had been asked to monitor the improvement made since the review. Their monitoring consisted of reviewing performance data, reviewing progress against the Action Plan, and telephone interviews with key system leaders. In response CQC have provided a draft progress monitoring report – Appendix 1.

4.3 CQC's draft report concludes that there is confidence that the Birmingham system will deliver its Action Plan in full with the commitment of local leaders.

<b>5.</b>	<b>Future development</b>
5.1	Comments on the accuracy of CQC's draft monitoring report have been submitted to them and they have advised they will be in touch with a final report, including any next steps, in due course. In the meantime, delivery against the Action Plan continues until 2020.
5.2	In terms of future reporting on the CQC Action Plan to HWB, it would seem practical to merge reporting into reporting on the wider Birmingham Older People Programme so that HWB do not receive repetitive information.

<b>6.</b>	<b>Compliance Issues</b>
<b>6.1</b>	<b><i>Strategy Implications</i></b>
	The actions contained within the Action Plan contribute to the BCC corporate priority 'Birmingham is a fulfilling city to age well in' and the Birmingham Older People's Programme priority 'Making Birmingham a great place to grow old in'.
<b>6.2</b>	<b><i>Governance &amp; Delivery</i></b>
	As Senior Responsible Officer for the Birmingham Local System Review, Graeme Betts reports directly to the Department of Health.
<b>6.3</b>	<b><i>Management Responsibility</i></b>
	As paragraph 6.2

<b>6.</b>	<b>Risk Analysis</b>		
<b>Identified Risk</b>	<b>Likelihood</b>	<b>Impact</b>	<b>Actions to Manage Risk</b>
