--	--	--	--

Statement of: Christopher Jones 55410

Age if under 18 Over 18 Over 18 (if over 18 insert 'over 18') Occupation: Licensing officer

This statement (consisting of 5 page(s) each signed by me) is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated in it, anything which I know to be false, or do not believe to be true.

Signature: Date 12th April 2022Tick if witness evidence is visually recorded ☐ (supply witness details on rear)

I am the above person and employed by West Midlands Police as a Licensing Officer stationed at Lloyd House.

The team I work in has responsibility for all the licenced premises that operate within the Birmingham City Council area.

I am making this statement in relation to the premises licence review application submitted by West Midlands Police on 22nd February 2022 for Booze Burst 321 – 323 Fox Hollies Road B27 7PS. Premises licence number 3962.

The review application was made after a joint visit to the premises on 10th February 2022 with West Midlands Police Licensing Officer, Trading Standards Officers and officers from the Local Neighbourhood Policing Team.

This visit was arranged as information had been received that the premises was selling illicit tobacco products.

On this visit no illicit tobacco was found on the premises but officers found a quantity of cannabis.

The cannabis was found together with a grinder in a rucksack in the storeroom of the shop. Cannabis was also found in a vehicle parked outside the shop.

The sole member of staff who is the brother of the DPS admitted the cannabis was his and it was his vehicle which was used for shop business.

Due to the quantity of cannabis found by officers that the male was arrested on suspicion of possession of cannabis with intent to supply.

The member of staff was searched by the officers and a large quantity of cash was found on him. £590.00 in mixed £20.00 & £50.00 notes.

The officers commented on the large amount of £50.00 notes in his possession and the male stated that it was takings from the till stating words to the effect a lot of people pay with 50s round here! This gave concerns to the officers and another reason for the male to be arrested on suspicion of possessing cannabis with intent to supply.

Whilst in police custody he was charged with possession of cannabis.

The details of this visit can be found in pages 1 to 16 of West Midlands Police Evidence Bundle.

The review application was submitted by West Midlands Police as the cannabis found in the premises was the latest incident at the shop in a long line of events at the premises that I have personally been aware of over a number of years.

On a number of occasions West Midlands Police have liaised with the premises licence holder (PLH) who is also the designated premises supervisor (DPS) He has been made aware of the issues and he has always stated that he would ensure the correct running of the premises in order to promote the licensing objectives.

When I have attended the premises the vast majority of the times the DPS was not at the premises and on speaking with him he has always blamed the issues at the premises on his staff, his brother(s) stating that he would sort the issue and make a change in the way the premises operated.

This has not happened and the PLH has consistently showed poor or complete lack of management of the premises always willing to apportion the blame to the staff working in the shop at the time.

At no time has the DPS ever removed the staff working at the premises even though he was prepared to blame them for incidents / failings at the premises.

I first became aware of these premises in 2014 when I carried out a joint visit on 29.01.14, with trading standards officers, after a member of staff had sold alcohol to an underage volunteer in a test purchase operation carried out by trading standards. Again this was a sole member of staff left alone in the premises. The member of staff was interviewed by trading standards and claimed he was in poor health, needed glasses and only has one eye, the reasons why alcohol was sold to a child.

On 27.07.17 at another visit to the premises I found breaches of the premises licence:

CCTV only recording for 7 days and not 28 days

Challenge 25 signage was not displayed correctly.

The premises licence holder was advised accordingly.

On 11.09.19 I again visited the shop with the local neighbourhood team after they had received intelligence that the premises were selling single cigarettes and also alcohol to under 18s.

Found at the premises on this time:

3 open 20 packets of cigarettes behind the till (this would give credence to the intelligence that the premises were selling single cigarettes.) The member of staff stated that all the open packets were his personal property.

22 packets of foreign / illicit cigarettes behind the till. The member of staff at the time stated he was selling them in the shop for his own gain.

Plastic cups behind the counter, the member of staff admitted the store gave them to customers who purchase alcohol.

Licence breaches were also found on this visit:

CCTV again was only recording for 7 days and not 28 days

No staff training records

Challenge 25 posters not correctly displayed correctly.

Of note 2 of the licence breaches - CCTV and posters were the same breaches as identified over 2 years earlier.

Again the DPS was not at the premises but arrived after he was contacted by phone.

Again he blamed the member of staff (his brother), denied all knowledge of the illicit cigarettes and surrendered them to the officers.

He was again given advice on the licence conditions and expectations of his management of the licenced premises.

I conducted another visit at the premises on 11.03.20 with the neighbourhood team and again the PLH was not at the premises.

On this occasion 4 bottles of whiskey were found under the sales counter all of which still has store retail security tags attached to the bottles.

This shop does not have a security system in place and does not have legitimate means of removing the tags.

(These tags are an anti-theft device and removed at point of sale when purchased from a shop that uses such a system.) As the tags were still on the bottles this would indicate that that wherever the bottles have come from, the security system was bypassed and these bottles behind the counter were there probably as a result of a theft.

The member of staff, again the PLH's brother stated that a friend had just dropped them off for his birthday.

The PLH was spoken with on the telephone and again denied all knowledge of any bottles with security tags on within the premises.

Due to this incident and previous others I invited the PLH into Police Headquarters for a meeting to discuss his management or lack of management of the premises.

The meeting was held on 18.03.20 and the above was discussed.

The PLH agreed that he had lack of control of the premises, agreed that the above incidents looked bad and stated the reason for his lack of control was that he had a full time job.

Also discussed at the meeting was whether allowing his brother(s) to continue to work at the premises was in the best interest of the business as if he was to be believed the above incidents were their fault as the sole member of staff in the shop.

He was asked to supply an action plan of how he intended to rectify the poor management of the premises and how he intended to ensure compliance with the premises licence conditions and licensing objectives.

I also informed him that I would have no option other than to call for a review of the premises licences if his own action was not followed or if any further serious breaches of the premises licence were disclosed or discovered.

At the end of the meeting he stated that I had been more than fair throughout my dealing with the premises.

The action plan was supplied a copy attached in the evidence bundle at page 17

West Midlands Police have received various intelligence about this premises from selling single cigarettes and selling alcohol to children right through to drug dealing at the premises.

Attached are copies of intelligence received by West Midlands Police regarding the sale of cannabis at the premises. The intelligence logs are all dated after the PLH's action plan of how he was going to have more control of the premises and his staff. Pages 18 to 20 in the evidence bundle.

Also attached are copies for 2 crime reports relating to the premises and the staff within the premises. Pages 21 to 24 in the evidence bundle.

These crime reports are also dated after the PLH's action plan.

Both circumstances are very similar where the victim has been in the premises, they have been racial abused by staff within the premises and then attacked by youths outside.

Both of the crime reports have been filed.

In summary:

West Midlands Police, along with other agencies have attempted to work with this PLH over a number of years, offering advice, education and support to the premises in order they could trade in a manner required for them to hold a premises licence.

The advice seemingly being ignored with the PLH being far too willing to blame his staff for the premises failings and dissolving himself from all responsibility.

Illicit cigarettes have been sold from the premises

On various visits breaches of the premises licence conditions have been found, with the same breaches being picked up on separate different visits.

This premises have been poorly managed for a number of years, a fact the DPS did not disagree with at meeting with West Midlands Police Licensing Officers in March 2020.

The DPS is rarely at the premises.

The action plan submitted by the PLH in April 2020 has either failed or completely ignored.

West Midlands Police have concerning intelligence that cannabis was being supplied at the premises. The visit on 10th February 2022 would go some way to support this intelligence. A member of staff with a quantity of cannabis on the premises with a large amount of cash on him, which included a large amount of £50.00 notes.

On two separate occasions staff at the premises have been involved in an incident at the premises where they have used racial slurs to the victim and then the victim has gone on to be assaulted by people outside the shop.

Bottles of whiskey were found on the premises, behind the till with security tags attached to them.

West Midlands Police received intelligence that the premises was selling single cigarettes and found 3 open packets of 20s behind the counter. This would give credence to the intelligence, although the member of staff did state all 3 packets were his.

It is clear that if the PLH is to be believed that he had no knowledge of the incidents (involving the illicit cigarettes, security tagged alcohol & cannabis) and that it was his staff / brothers who were responsible then his stance of allowing their continued employment at the premises has to be questioned.

West Midlands Police feel that they have no choice other than to bring these issues to the committee, as they fully believe that they have worked with the premises as much as possible over a prolonged period of time and the DPS is either incapable of running a licenced premises to the standard required or has no desire in doing so.

West Midlands would ask the committee to consider all options open to them when making their final decision on this matter.

I am Police Constable 0094 Collis of West Midlands Police currently stationed at Acocks Green Police Station patrolling Birmingham East Npu.

On Thursday 10 th Feb 2022 at about 14:30 hrs I was with Trading Standards and Licencing officers to attend BOZZE BURST, on Fox Hollies Road Acocks Green to speak with the owner and to check his stock within the shop to see if he has counterfiet goods within.

Police Log 2326 of today refers.

Officers entered the shop and the occupants were detained as officers searched under trading standards legislation.

At 16:12 hrs I seized the following items from the shop :

AC/01 refers to thousands of dealer bags with a Cannabis Leaf logo on them in a drawer ,behind the counter where staff stand. Seal number 872643.

AC/02 refers to the CCTV hardrive seized from behind the counter at Booze Burst. Sela no 872647 refers.

AC/03 refers to 3 x Glass tubs containing herbal cannabis. Seal no 872642 refers.

AC/04 refers to the Pic's I Phone mobile which he had on his person. Seal no 27226359 refers.

AC/05 refers to Bank of England notes £690 in total. Seal no 27226361 refers.

Date: Thursday, 10 February 2022

Tick if witness evidence is visually recorded ☒ (supply witness details on rear)

I am the above named officer currently stationed at ACOCKS GREEN POLICE STATION as a neighbourhood officer. I was on uniformed duty on THURSDAY 10 FEBRUARY 2022 when I attended an off license store called BOOZE BURST at 321-323 FOX HOLLIES ROAD B27 7PS with HA team to assist a licensing officer and trading standards officer with search for illegal tobacco.

Other officers present were PS 3259 HOWKINS, PC 0094 COLLIS, PC 23995 NAZ and PC 3163 UPSTON.

Officers attending conducted section 23 Misuse of Drugs search as in a back pack grinders were spotted and strong smell of cannabis. Back pack front pocket was open and I could see clearly in front pocket some grinders. In the backpack pot of cannabis was found.

Further search of premises was conducted and officers found a large quantity of drug dealing bags, large amount of cash in offender's jacket and pots of cannabis in a van which is associated with the offender.

At 15:40 hours I arrested the offender which I now know to be [REDACTED] for possession with intent to supply class B drugs and cautioned him using "when" questioned caution, front stack was used as the offender was complaint. Offender did not make significant comment or reply to the caution. While transporting the offender did state "I SMOKE WEED".

Arrival at custody was 16:37, his detention was authorised at PERRY BARR CUSTODY SUITE and I had no further dealings with the offender.

I can exhibit my body worn video footage as ref KW/01 Court ref (.....)

I believe the facts stated in this witness statement and as amended in any tracked changes [and initialled] are true.

16

Dear sir,

Since our meeting I have had a meeting with both my employees. I have explained their job role, duties and my expectations of them. I have clearly explained to them due to their careless actions and by them not abiding to my rules this is having a detrimental effect on my business and reputation. I have worked hard to build this business and build positive relationships with my customers by employing staff which I believed had mine and my customers best interests in mind. I have told them of the disciplinary action they will face if they breach any of the rules. I have made it clear to them that I will not take any careless action lightly and I will dismiss them immediately if they carry out any action that is unlawful on my premises. I have been very lenient with them in the past as I believed they were carrying out all duties to a very high standard. I have highlighted to them how disappointed I am that these careless actions have taken place.

Since these inappropriate actions have been highlighted to me by yourselves I have taken this very seriously. Going forward I will provide my staff with better training, support them to ensure they are doing everything correctly. I will carry out spot checks on a regular basis. I have a cctv installed for their safety as well as customers so will monitor this more to ensure everything is running smoothly.

I have decided I will spend more time in shop myself. I have decided to take more control and be more vigilant to ensure my staff are carrying out duties as I expect of them. I will manage my staff better and do weekly meetings to make sure they are fully aware of what I expect of them. My main focus going forward is to spend more time in shop on a regular basis and train and monitor staff duties more frequently.

I would like to take this opportunity to thank you for all your help and support for bringing these concerns to my attention. I feel I have actioned your concerns to ensure this doesn't happen again and going forward will continue to utilise my time more in my shop.

Yours Sincerely,

 Paswal

Investigation Summary

IP attended Booze Burst shop, Fox Hollies Road, to buy some cigarettes. Whilst inside the shop the shop owner, known as [REDACTED] has started making racial comments towards him, saying 'You black people.' The IP was then set upon by the shop keeper and his brother, who were shouting 'nigger' and punching the IP to the head. The brother has stolen the IP's keys from his jacket pocket - this included his house keys, his [REDACTED] car keys ([REDACTED]) and his [REDACTED]. The IP has run out of the shop but around 6 males have continued to beat him up on the ground outside. The IP broke free and crossed the road, [REDACTED]. The males have chased after him [REDACTED]. The males have continued to attack the IP, using weapons such as hard plastic pole [REDACTED]. The IP's partner came [REDACTED] to try and push the males away - they have grabbed her arms too, causing grazing and bruising. The IP has sustained injury to his right eye, which is bloodshot and swollen. He has pain and tenderness to his head and states his nose was bleeding at the time of the offence.

Staff 20 59090 Goldingay 20/06/2021 21:10	Telephone	Enquiry by Victim	received a call from the i/p who stated that he was assaulted by somebody-but the punch was from behind and he didnt see the offender/s. denies making any inappropriate comments to the shop keeper and claims the shopkeeper actually called him a NIGGER. I/P does not want to get involved in any issues which may cause future conflict. i has been explained police are victim lead to which he has requested the matter be dropped. I/p is happy for the matter to be filed.
