Fire Safety Works are dealt with in compliance with statutory legislation and, where appropriate, in line with policies which have been consulted on with tenants and leaseholders.
Could the policy/proposal be modified to reduce or eliminate any adverse impact?	The primary objective is to respond to individual needs on a bespoke basis. Everyone has the right to be treated with respect and as an individual. Initial equality impact assessment of your proposal	All staff and contractors are bound by the Equality Act 2010. Therefore, every effort is made to support the needs of all service users and more specifically

those with Protected Characteristics. There is no indication at present, through complaints data or customer satisfaction, that we are falling short of our statutory obligations. However, we recently received a challenge regarding the impact of repairs on Mental Health; therefore, a focussed piece of work will now be undertaken in this area.
