The premises are a nightclub that operates within a special policy area in Southside, Birmingham city centre. It has not been operating in its current format for very long (representation end date for the licence transfer was 16th August 2018)

It currently has a 24 hour licence for a number of licensable activities including the sale of alcohol.

The premises used to be Legs 11 which operated under an SEV. The conditions on the premises licence are appropriate to such an operation and not for a nightclub.

The grounds for this application are the prevention of crime and disorder and promoting public safety.

During a licensing compliance visit on 26th December 2018, a licensing officer witnessed customers using balloons to inhale nitrous oxide. This nitrous oxide had been openly supplied by an employee of the venue.

The DPS was challenged over this supply in the manager's office in the presence of the licence holders, it was admitted that the venue were supplying nitrous oxide and balloons for customers to consume, that they knew it was wrong and that they would stop. CCTV has been retained for this incident.

The supply of nitrous oxide is covered by Psychoactive Substances Act 2016.

A further visit over the weekend of 16th February highlighted further licence breaches around maintaining profiles for security staff.

The premises do not appear to be operating in a manner which gives WMP confidence that the licensing objectives are being complied with. They have allowed offences to take place inside the premises and have failed to comply with conditions.

WMP believe it is necessary and proportionate to bring this licence back before a licensing subcommittee.

Please provide as much information as possible to support the application (please read guidance note 3)

Further evidence will be supplied in the evidence and disclosure bundle which will include CCTV of the events on Boxing Day.

Evidence from city centre Sgts who have attended and observed breaches of conditions.

Public Health's Response to License Review

This is a response document from Birmingham Public Health in its capacity as a Responsible Authority (Police Reform and Social Responsibility Act 2011). This document supports the application for a review of a premises licence or club premises certificate under the Licensing Act 2003.

Wherever possible, supporting information contained within this document will be evidence-based and demonstrably refer to one or more of the licensing, those objectives being:

- The prevention of crime and disorder
- Public safety
- The prevention of public nuisance
- The protection of children from harm

To promote good practice and a collaborative, multi-agency approach, we will also share this document with the other Responsible Authorities for licensing in Birmingham.

This report is provided on behalf of the Director of Public Health.

Any queries relating to this report should be addressed to:

1 Premises or club details

Name of premises	Stories
Postal address of premises	30 Ladywell Walk Birmingham B5 4ST
Premises licence holder	New Era Birmingham Ltd
Premises licence number	3897
Designated Premises Supervisor	Mr Ryan Gough

2 Overview of the Grounds for Review

The premises are a nightclub that operates within a special policy area in Southside, Birmingham city centre. It has not been operating in its current format for long (representation end date for the licence transfer was 16th August 2018)

It currently has a 24 hour licence for a number of off-licensable activities including the sale of alcohol. The premises used to be Legs 11 which operated under an SEV (sexual entertainment venue license). The conditions on the premises licence are appropriate to such an operation and not for a nightclub.

The grounds for this application are the prevention of crime and disorder and promoting public safety.

During a licensing compliance visit on 26th December 2018, a licensing officer witnessed customers using balloons to inhale nitrous oxide. This nitrous oxide had been openly supplied by an employee of the venue. The DPS was challenged over this supply in the manager's office in the presence of the licence holders, it was admitted that the venue were supplying nitrous oxide and balloons for customers to consume, that they knew it was wrong and that they would stop. CCTV has been retained for this incident. The supply of nitrous oxide is covered by Psychoactive Substances Act 2016.

A further visit over the weekend of 16th February 2019 highlighted further licence breaches around maintaining profiles for security staff.

They have allowed offences to take place inside the premises and have failed to comply with conditions.

3 Public Health response

Licensing Objective	Response
The prevention of crime and disorder	Nitrous Oxide (NO) is classed as a psychoactive drug and is covered by the 2016 Psychoactive Substances Act. As of 26 May 2016, it is an offence to possess with intent to supply, supply or offer to supply, produce, import or export a psychoactive substance.
Public safety	<p>The use of NO has a number of associated side effects that are well documented.</p> <p>The National Institute for Health and Care Excellence (NICE) have listed the following side effects of NO (<i>they have not attributed frequency of use to any of the following</i>): abdominal distension; addiction; dizziness; euphoric mood; megaloblastic anaemia; middle ear damage; myeloneuropathy (condition affecting vitamin B12 metabolism. Severe B12 deficiency can, in some cases, lead to nerve damage); nausea; paraesthesia (a burning or prickling sensation that is usually felt in the hands, arms, legs, or feet); sedation; subacute combined cord degeneration; tympanic membrane perforation; vomiting.</p> <p>The Medicines and Healthcare products Regulatory Agency state: "Nitrous oxide has a very good safety profile in normal use under the supervision of a healthcare professional. However, prolonged use may lead in rare cases to megaloblastic anaemia and neurological toxic effects (myelopathy) due to inactivation of vitamin B12".</p> <p>BOC (a producer of Nitrous Oxide) state in their Medical Gas Data Sheet for NO that "Prolonged or frequent use of nitrous oxide may result in megaloblastic marrow changes, myeloneuropathy and sub-acute combined degeneration of the spinal cord"</p>
<p>Summary</p> <p>It is Public Health's opinion that the licence holder has shown disregard for two of the licensing objectives, those being The Prevention of Crime and Disorder and Public Safety.</p> <p>Based on the information received from West Midlands Police, the prevention of crime and disorder objective has not been met. As stated above, Nitrous Oxide is classed as a psychoactive drug and it is an offence to supply. The fact that the Designated Premises Supervisor (in the presence of the licence holders) admitted that an employee of Stories was supplying nitrous oxide in balloons and they knew it to be an offence means it would be difficult to draw any conclusion other than that this objective was flagrantly disregarded.</p> <p>Public Safety is of considerable concern. The adverse side effects of nitrous oxide are listed in the relevant section above. The 'Drug Misuse: Findings from the 2017/18 Crime Survey for England and Wales' report has a section relating specifically to the use of NO and it states that 2.3% of adults aged</p>	

16-59 had used NO and within that demographic the highest use of was amongst 16-24 year old of which nearly 9% said they had used it.

Habitual use of NO may result in the need for hospital treatment. Please see section 4.5: Costs to the NHS.

West Midlands Police stated that a further visit over the weekend of 16th February 2019, brought to light further licence breaches around maintaining profiles for security staff. This would appear to be in contravention of one of the operating condition which states that '...there must be a portfolio kept on the premises in a secure location at all times, detailing each door supervisor who is/has worked at the premises. This will be proof of address (utility bill within the last 6 months) and proof of name and photo (passport or copy SIA badge) and made available to any authorised agency...'
We would draw your attention to appendix 4 of this document.

Public Health concur with the view of West Midlands Police that the premises are operating in a manner that does not instil confidence that licensing objectives would be complied with and therefore we also request a review of the premises licence.

4 Supporting Evidence and Information

4.1 Public Health Statistical Analysis

The statistical analysis in Appendix 1 has determined a **HIGH RISK rating (RED)** against a series of key alcohol related crime offences including police domestic violence and Police (Non-Domestic Violence).

This rating is based upon an analysis of a range alcohol related datasets through our Alcohol Risk Assessment Tool. This allows Public Health to place the premises' postcode into the tool and assess against the surrounding area, compare against the Birmingham LSOA average, examine the larger Ward area and impact within the district.

Please note: Birmingham is made up of 10 districts with approximately 100,000 people in each; each district contains four ward of approx. 25,000 people; each ward contains approx. 20-25 LSOAs (lower super output area) of approximately 1,000 - 1,500 people in each.

See Appendix 1

4.2 Ambulance Activity

The West Midlands Ambulance Service (WMAS) collate data on ambulance activity including nature of call out, age, gender, time of day, day of the week, etc. We contacted the WMAS who were able to provide ambulance activity data in relation to these premises, where the incident was either in or directly outside the premises.

The data shows one incident for the period 1 August 2018 to 21 February 2019.

See Appendix 2.

4.3 Crime

In December 2018, West Midlands Police reported 1607 individual crimes for that month, within a 1 mile radius of the property (www.police.uk). These breakdown into several categories, a sample of which are:-

- | | |
|--------------------------------|-----|
| • Anti-social behaviour | 189 |
| • Criminal damage and arson | 77 |
| • Drugs | 34 |
| • Possession of weapons | 20 |
| • Public order | 93 |
| • Violence and sexual offences | 447 |

It is important to note that these are one month's figures.

See Appendix 3

4.4 Impacts on economic activity

From a *public safety* pillar perspective, we're concerned that this type of criminal behaviour could deter investment, job creation, employment sustainability and the opportunity to socialise as part of the night-time economy. Public Health outcomes, especially in the context of the wider and social determinants depend on a number of factors; two of these key factors are the creation and sustainability of safe environments and opportunities for employment.

4.5 Costs to the NHS

There can be costs to the NHS.

A case study published by the Department of Neurology, University Hospital of Wales, reports that a 36-year-old male presented to the hospital with a five-week history of ascending limb paraesthesia and balance difficulties. The individual admitted habitual nitrous oxide inhalation. The treatment consisted of intramuscular B₁₂ replacement and intensive physiotherapy, and he was advised to stop inhaling nitrous oxide. He was discharged after four weeks but required the use of a zimmer frame for a further twelve weeks.

The same report references a review of 18 published cases of nitrous oxide toxicity which identified the most common neurological presentations as paraesthesia and gait disturbance, which did improve over weeks and months with high dose B₁₂ replacement, although only 25% of cases regained their original level of function.

Appendix 1. Public Health Data Analysis

Interpretation of this document:

Variable geographical levels of information have been used where available, in each case this is based on the post code of the application falling within this larger geographical area. Two terms are less commonly used outside of certain specialist areas and are detailed below:

- LSOA (Lower Super Output Area) is a geographical Census area with an approx. population of 1,500.
- MSOA (Medium Super Output Area) is a geographical Census area with a approx. population of 8,000.

Scores have been calculated by comparing the geographical area in question to the average at a higher level (Birmingham in most instances). 10% margin of error has been applied to both the smaller and larger areas and it is only where these are still relatively different that a RED (more prevalence or risk in area compared to average) or GREEN (less prevalence or risk in area compared to average) score has been calculated. Where these margins for error overlap in any way this has been calculated as AMBER (indifference).

1 Tier One Data Overall LSOA Score: RED / HIGH RISK

This score has been generated based on information regarding alcohol related violence and domestic violence, existing on-licences and off-licences, alcohol related fires, alcohol related safeguarding, underage sales and the existence of a cumulative impact area. These elements have been viewed as having the largest measurable impact on whether the licence should be granted and actual numbers were made available on a low level geography. The score is by quartiles and these are colour coded worst to best as Red, Amber, Yellow, Green. Full details below.

Whilst Alcohol Related Ambulance Activity is viewed as Tier One data it has not been possible to include it in the overall LSOA score as the data is only available on a post code district level.

--	---------------------------	---

2 Tier Two Data Overall Aston Ward Score: AMBER / MEDIUM RISK

This score has been generated based on information regarding alcohol specific deaths, liver disease preventable deaths, counterfeit activity and whether reducing alcohol consumption is a priority for the District. These elements have been viewed as having an indirect impact on whether the licence should be granted and were made available on a medium level geography, some of the information utilised is estimates rather than actuals. The score is by quartiles and these are colour coded worst to best as Red, Amber, Yellow, Green. Full details are below.

2.1 Tier Two Indicator Scores and Risk Ratings

<p>Alcohol Specific Deaths score was based on information provided by Birmingham Public Health comparing ONS actual figures on alcohol specific deaths with ONS ward population estimates covering the period 2011-2013 on a ward level.</p>	<p>AMBER / MEDIUM</p>	<p>The score for Nechells Ward was AMBER or 1 on a scale of 0-2 meaning that is not significantly statistically different from the average across all Wards. The directly standardised rate calculated was 28.91.</p>
<p>Liver Disease Preventable Death score was based on information provided by Birmingham Public Health comparing ONS actual figures on alcohol specific deaths with ONS ward population estimates covering the period 2011-2013 on a ward level.</p>	<p>AMBER / MEDIUM</p>	<p>The score for Nechells Ward was AMBER or 1 on a scale of 0-2 meaning that is not significantly statistically different from the average across all Wards. The directly standardised rate calculated was 28.24.</p>
<p>Counterfeit Activity was based on information provided from the relevant department covering the period 2009-2015 at a post code level.</p>	<p>GREEN / LOW</p>	<p>The score for the LSOA was GREEN or 0 on a scale of 0-2 meaning that is significantly statistically better than the average across all LSOAs. There were 0 incidents in the Post Code in the period.</p>
<p>District Priority was determined by all Post Codes that fall within a District that has currently identified alcohol as one of their priority issues.</p>	<p>RED / HIGH</p>	<p>The score for this application was RED or 2 on a scale of 0-2. Nechells Ward does fall within a District that has alcohol issues as a current priority.</p>

3 Tier Three Data Scores

Low number of indicators and differing geographies do not allow for a meaningful overall score. The information is of a high level, estimated numbers and / or a wider social determinant rather than a more direct link.

- Binge Drinking MSOA: **AMBER / MEDIUM RISK**
- Alcohol Related Hospital Admissions MSOA: **RED / HIGH RISK**
- Commissioned* Alcohol Misuse Services MSOA: **RED / HIGH RISK**
- Mental Health Adults Services in Ladywood District: **AMBER / MEDIUM RISK**

*Based on working age adult information only, while the service provider for children and older adults was engaged there was not sufficient volume of data to enable a meaningful analysis.

The responsible person must ensure that staff on relevant premises do not carry out, arrange or participate in any irresponsible promotions in relation to the premises. In this paragraph, an irresponsible promotion means any one or more of the following activities, or substantially similar activities, carried on for the purpose of encouraging the sale or supply of alcohol for consumption on the premises— (a) games or other activities which require or encourage, or are designed to require or encourage, individuals to— (i) drink a quantity of alcohol within a time limit (other than to drink alcohol sold or supplied on the premises before the cessation of the period in which the responsible person is authorised to sell or supply alcohol), or (ii) drink as much alcohol as possible (whether within a time limit or otherwise); (b) provision of unlimited or unspecified quantities of alcohol free or for a fixed or discounted fee to the public or to a group defined by a particular characteristic in a manner which carries a significant risk of undermining a licensing objective; (c) provision of free or discounted alcohol or any other thing as a prize to encourage or reward the purchase and consumption of alcohol over a period of 24 hours or less in a manner which carries a significant risk of undermining a licensing objective; (d) selling or supplying alcohol in association with promotional posters or flyers on, or in the vicinity of, the premises which can reasonably be considered to condone, encourage or glamorise anti-social behaviour or to refer to the effects of drunkenness in any favourable manner; (e) dispensing alcohol directly by one person into the mouth of another (other than where that other person is unable to drink without assistance by reason of disability).

The responsible person must ensure that free potable water is provided on request to customers where it is reasonably available.

The premises licence holder or club premises certificate holder must ensure that an age verification policy is adopted in respect of the premises in relation to the sale or supply of alcohol. The designated premises supervisor in relation to the premises licence must ensure that the supply of alcohol at the premises is carried on in accordance with the age verification policy. The policy must require individuals who appear to the responsible person to be under 18 years of age (or such older age as may be specified in the policy) to produce on request, before being served alcohol, identification bearing their photograph, date of birth and either— (a) a holographic mark, or (b) an ultraviolet feature.

The responsible person must ensure that— (a) where any of the following alcoholic drinks is sold or supplied for consumption on the premises (other than alcoholic drinks sold or supplied having been made up in advance ready for sale or supply in a securely closed container) it is available to customers in the following measures— (i) beer or cider: ½ pint; (ii) gin, rum, vodka or whisky: 25 ml or 35 ml; and (iii) still wine in a glass: 125 ml; (b) these measures are displayed in a menu, price list or other printed material which is available to customers on the premises; and (c) where a customer does not in relation to a sale of alcohol specify the quantity of alcohol to be sold, the customer is made aware that these measures are available."

(1) A relevant person shall ensure that no alcohol is sold or supplied for consumption on or off the premises for a price which is less than the permitted price. (2) In this condition:— (a) "permitted price" is the price found by applying the formula $P = D + (D \times V)$, where— (i) P is the permitted price, (ii) D is the amount of duty chargeable in relation to the alcohol as if the duty were charged on the date of the sale or supply of the alcohol, and (iii) V is the rate of value added tax chargeable in relation to the alcohol as if the value added tax were charged on the date of the sale or supply of the alcohol; (b) "duty" is to be construed in accordance with the Alcoholic Liquor Duties Act 1979; (c) "relevant person" means, in relation to premises in respect of which there is in force a premises licence— (i) the holder of the premises licence, (ii) the designated premises supervisor (if any) in respect of such a licence, or (iii) the personal licence holder who makes or authorises a supply of alcohol under such a licence; (d) "relevant person" means, in relation to premises in respect of which there is in force a club premises certificate, any member or officer of the club present on the premises in a capacity which enables the member or officer to prevent the supply in question; and (e) "value added tax" means value added tax charged in accordance with the Value Added Tax Act 1994. BIRMINGHAM CITY COUNCIL

the permitted price would not be a whole number of pennies, the permitted price shall be taken to be the price rounded up to the nearest penny. (4) Where the permitted price on a day ("the first day") would be different from the permitted price on the next day ("the second day") as a result of a change to the rate of duty or value added tax, the permitted price which would apply on the first day applies to sales or supplies of alcohol which take place before the expiry of the period of 14 days beginning on the second day.

Date: 13th March 2019

Dear Sir/Madam,

We are writing to raise some concerns over the licence application 109976 by The Warehouse Café Co-operative Limited, 54-57 Allison Street, Digbeth, Birmingham.

We have operated as a hostel for 26 vulnerable men for the past 40 years at 52 Allison Street, Digbeth, they have a mixture of problems including alcoholism, mental health, learning difficulties and chronic health conditions.

The unit applying for the licence is next door to our building and we have concerns related to public nuisance.

We have been in discussions with Mr Emmanuel Blondel about the operating hours and after realising the nature of the vulnerable residents next door he has agreed to restrict the operating hours Sunday to Thursday 12:00 to 23:00 and Friday to Saturday 12:00 to 00:00. However, this is not reflected on the public register as of yet. We additionally request that the operating hours on Friday and Saturday are also 12:00 to 23:00 due to the venue being so close to the hostel and the vulnerability of the residents.

Another venue some 45 yards from the hostel (licence 93163 SPM Restaurants Ltd) have had the following committee conditions applied and we would request the same for this venue:

NUSIANCE

Clear legible notices to be displayed at all exits/entrances to the premises requesting patrons to consider the needs of local residents and to leave the premises and area quietly.

Providing supported housing for the vulnerable in Birmingham for over 30 years

Allison House Hostel

52, Allison Street
Digbeth
Birmingham
B5 5TH

That external notices are displayed requesting that patrons respect nearby residents and keep noise levels to a minimum.

That all doors and windows remain closed during regulated entertainment in the premises.

That the licence holder/DPS ensures daily litter patrols to clear litter from all external areas and that external litter bins are provided.

That bottle bins are not to be emptied after 10pm (we request 9pm) or before 8am.

No deliveries to the premises to be permitted after 6pm or before 8am.

There has been a launch event at the premises and there was a problem with smoking and talking, directly outside the venue on the pavement, which can be heard by residents at the back of the hostel. To minimise the effect on our residents we would request that the side entrance onto Shaws Passage is used after 9pm for people smoking, entering/leaving and notices displayed as stated above to be considerate of neighbours with regard to noise.

Hennesseys Bars Limited (licence 108293) further down the road on Allison Street had additional conditions applied to protect the residents of the Brolley Works flats opposite from public nuisance. We would request the following for this venue:

- Shaws Passage entrance/exit to be used after 9pm.
- Taxis to pick up/drop off on Shaws Passage.
- The consumption of alcohol and food on the premises only - no consumption outside.

To date there has been no live or recorded music at the venue although this is planned for the coming weekend. There is very little if any noise insulation to their building

Allison House Hostel

52, Allison Street
Digbeth
Birmingham
B5 5TH

therefore we are very concerned about the application to play live music (E) and recorded music (F).

If we are subject to noise nuisance we would request:

Noise attenuation works to the premises shall be approved and implemented to the reasonable satisfaction of Birmingham City Council Regulatory Services.

A noise limiting device is installed in the premises and set at a level agreed with Birmingham City Council Regulatory Services. All regulatory entertainment, live or recorded shall be controlled by the limiter.

If you require any further information please do not hesitate to contact me.

LICENSING OBJECTIVES

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e)

List here steps you will take to promote all four licensing objectives together.

The business plan is that of a cafe during the day, and a specialty craft beer and gin bar in the evening that gets booked for events, not a full time boozier. Combined this with the status of the cafe as a vegetarian restaurant inside the Friends of the Earth building should create a self selecting client base that isn't likely to cause trouble.

b) The prevention of crime and disorder

The staff leadership are well versed in identifying problem customers and denying them service and evicting them in the unlikely event that they might cause trouble. While we are applying for a late night license Thursday to Saturday this is not expected to be used in the vast majority of nights, simply for booked events upon occasion.

c) Public safety

While the cafe might be open to the street in the summer months during the day, it will be self contained in the evenings, and most events are not going to be focused on drinking. The building already has cctv inside and out, lights out the front, and while we aim to have full training, a number of us have experience in de-escalation, mediation and conflict management.

d) The prevention of public nuisance

We will wish to maintain a good relationship between Birmingham FotE and their neighbours, as well as developing a working relationship with them ourselves. Fortunately the space is fully internal to the building, with the main room having thick walls and other rooms on each side, which will greatly minimise any noise to the neighbours. We will also have signs requesting that patrons keep noise to a minimum and given our position within the FotE building we will judge very harshly any littering and damage to the local environment.

e) The protection of children from harm

Children will be welcome in the space during the day, we will have an area of the room specially for them, with sofas and toys etc, but visible to the rest of the room. We intend to operate a 'no children after 8pm' policy except in special cases. For larger events such as the feminist free school that will be using the space (perhaps before we have moved in) they are booking other rooms in the building.
