

Birmingham City Council

Sustainability and Transport Scrutiny Committee

21 December 2023

Commissioner's Review

Agenda Item: **Brum Breathes Clean Air Strategy update**

It is important that all previously agreed but unspent or uncommitted allocations against priorities are reviewed to ensure that they remain the most appropriate use of the available funding and are cognisant and reflective of the extremely challenging financial environment. It is vital that sufficient reserves are in place to fund the decommissioning of the scheme, this must also be kept under review.

Agenda Item: **Highways Management and Maintenance Services PFI**

There are no comments for this report.

Agenda Item: **Work Programme**
