Premises Licence Review

**Birmingham City Council
Licensing Sub-Committee
18 May 2020**

Documentation lodged on behalf of the Premises Licence Holder

Acting for the Premises Licence Holder, I have attempted mediation with both Trading Standards and Police Licensing; however, both parties rejected this opportunity.

Additionally my client (the Premises Licence Holder) offered to close the business for a period of one week, in order for staff training to undertaken and these measures to be put into place.

Given the fact that there are no conditions currently contained within the operating schedule, I have offered a comprehensive suite of conditions, which will fully uphold the four licensing objectives. *(I believe these conditions to be appropriate for a premises licence, which was issued in 2005, without any significant conditions on them).*
