PL101 19+	Regulation & Enforcement	The changes consist of the introduction of the following new optional income generating services: * a range of wedding photography packages * a range of wedding floral packages * a change of name service * room hire * additional wedding extras to facilitate bespoke ceremonies * Sale of increased range of keepsakes and range of additional products for ceremonies * A review of non-statutory fees and charges	Base	860	(40)	(40)	(40)	(40)
PL11119+	Regulation & Enforcement	Trading Standards will utilise the proceeds of crime money (POCA) it has successfully secured from its criminal proceedings to contribute to funding 2 members of staff whose roles include the oversight and authorisation of criminal investigations into acquisitive crime such as fraud, rogue trading organised crime.	Base	1,261	(70)	(70)	(70)	(70)
PL115 19+	Regulation & Enforcement	The removal of flytipping will continue as at present with no diminution of service. This proposal relates to the a re-prioritisation of the work of the waste enforcement unit to focus of cases where the likelihood of prosecution is high. Duty of care inspections (prevention) will continue but delivered by a wider range of staff that are able to carry out these duties. Training will be provided to relevant employees to support the work of the team which will include some staff having the authority to issues fixed penalty notices.	Base	923	(300)	(300)	(300)	(300)
PL121 19+	Regulation & Enforcement	The IMLT and RIT teams are both hosted by Birmingham City Council and paid for by grants from Treasury and National Trading Standards for the benefit of people living in England in respect of IMLT and for people living in the wider West Midlands in respect of RIT. By hosting the teams Birmingham City Council incurs costs associated to employing the officers. Apart from salaries, which are fully recovered, these include things like accommodation, heating, lighting, management responsibility and the provision of professional services such as legal, accountancy and HR. The council applies a recharge to recover these costs from the respective grants to ensure that the council is not subsidising these teams. We have reviewed the way that we calculate these recharges and propose to increase them to accurately reflect the true costs incurred by the council in hosting the IMLT and RIT teams in the future.
