

CITY COUNCIL

14 JANUARY, 2020

**AMENDMENTS TO
MOTIONS IN THE
COUNCIL AGENDA
RECEIVED IN ADVANCE
OF THE MEETING**

AMENDMENT TO MOTION 10

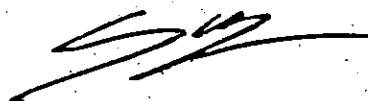

1st to 10

CITY COUNCIL
TUESDAY 14 JANUARY 2020

Add to End -

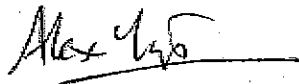

That the Action Plan that underpins this strategy is circulated to all Members and that updates on progress against this are published on an annual basis.

PROPOSED BY:

Councillor Simon Morrall

SECONDED BY:

Councillor Alex Yip

 11:50am

AMENDMENT TO MOTION 11

1st to 11

CITY COUNCIL
TUESDAY 14 JANUARY 2020

Add to End -

That the Council acknowledges that the Wheels site is an important community asset and as such commits to supporting existing tenants to secure relocation to an alternative site. Further, given the length of time it is likely to take until the development is brought forward, the Council agrees that licensees should be supported to remain in place at the Wheels site until that relocation is secured.

PROPOSED BY:

Councillor Timothy Huxtable

SECONDED BY:

Councillor Peter Fowler

Received on

14.1.2020

at 11.40 hours

AMENDMENT TO MOTION

2nd **1 to 11**

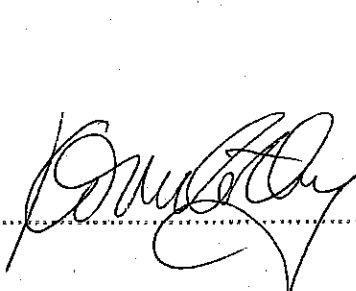

CITY COUNCIL
TUESDAY 14 January 2020

Add at the end:

"and in doing so confirms that it will work with the licensees of the Wheels Site to explore potential opportunities for those activities to continue on alternative sites or, once vacant possession has been obtained by the council, on the Wheels site in the short-term, if a suitable agreement can be reached with the licensees.

"Council notes that the Planning Inspectorate report on the examination of the BPAAP concludes that 'The BPAAP as submitted is both sound and legally compliant, it is capable of being adopted without change.'"

PROPOSED BY:

Councillor Karen McCarthy

SECONDED BY:

Councillor MARIAM KHAN

AMENDMENT TO MOTION 12A

67 to 12A

CITY COUNCIL TUESDAY 14 JANUARY 2020

Add to End -

This Council notes that since 2015/16 there has been a 42% increase in fly-tipping and a corresponding 21.5% drop in enforcement action in the same period.

During this time the City's residents have endured a heavily disrupted and largely unreliable waste collection service as well as the introduction of, and increase to, fees for green and bulky waste collections.

This Council believes that whilst the blame for fly-tipping rests with those who fly-tip, the Council has a duty to hard-working law-abiding residents both to make it easier for them to dispose of their waste responsibly and to take action against those who act in a way that spoils our neighbourhoods and damages the reputation of our City.

The Council believes that a less risk-averse approach to prosecutions for fly-tipping should be followed to send a clear message that such action will not be tolerated, as well as pursuing best practice examples from other councils such as 'name and shame' photo galleries to ask people to identify culprits.

PROPOSED BY:

Councillor Deirdre Alden

SECONDED BY:

Councillor Ewan Mackey

at 11:40 hours

AMENDMENT TO MOTION

2nd to 12A

CITY COUNCIL TUESDAY 14 January 2020

Delete all after "street cleaning" and insert:

"is as follows:

"The council is taking a robust and proactive approach to tackling fly-tipping and other waste related offences.

- In 2018/19 the council prosecuted a fly-tipper or issued a fixed penalty notice, on average, once every 30 hours. This resulted in fines and fixed penalties totalling over £200,000.
- The Waste Enforcement Unit prosecuted 223 offences defined as 'fly-tipping related' under DEFRA's statutory guidance.
- This resulted in 154 offenders prosecuted for fly-tipping related offences, including 58 for discrete incidents of fly-tipping. Fines totalling over £175,000 were imposed compared to £87,000 the previous year.
- Over the same period, the council issued 73 fixed penalties, totalling over £29,000 in fines to offenders.
- For fly-tipping the average total financial penalty paid by offenders in 2018/19 was £1,935. This compares favourably to a Core City average of £420.

In order to build on this enforcement activity, the council as part of its budget process has consulted on the following"

- "Investing a further £1 million in the successful 'Love your Streets' project to tackle fly-tipping and related issues across the city.

- Investing a further £400,000 in waste enforcement.

The council will also continue to work with people across the city including ward councillors, businesses and community organisations to ensure a collaborative approach to tackling the criminal scourge of fly-tipping."

PROPOSED BY:

Councillor John O'Shea
