What is Corporate Parenting?

- **The Statutory definition - As the corporate parent of children in care the State has a special responsibility for their wellbeing. Like any good parent, it should put its own children first. That means being a powerful advocate for them to receive the best of everything and helping children to make a success of their lives.**
- **Having the same aspirations and commitment to children and young people in care as any good parent would have for their own children.**

Good Corporate Parenting delivers...
