**What outcomes will the proposal achieve? What will success look like and how will its impact be measured? How will you ensure legacy/ continuation and what learning will the project provide?**

This is a Phase 1 project - a temporary solution leading to hopefully a permanent one. Self sustainability via Café or other social enterprise.

Success would be harnessing a financing group of creatives to improve not only their own local network but improve King's Heath "vision".

**Have you considered other sources of funding and whether the project can be used to leverage further funding from elsewhere (please specify funding sources)?**

Yes - hope to achieve match funding via Awards for All, and Kickstarter and Santander Discovery Fund.

**What resources will be required?**

- Capital
  - Running costs
  - People power
