TUESDAY 26 FEBRUARY 2019**

Add to Amendment Motion 9 Financial Plan the following words:-

"Council further re-affirms the principles agreed by Council in relation to the Commonwealth Games on 1 November 2016 including:-

- The commitment in January 2018's report that there should be "no prejudice" to day-to-day services or to council taxpayers;
- A commitment to transparency around finances and planning that will include regular updates to Council as well as to the wards directly affected by the event.

Council further agrees to work with the Commonwealth Games Federation and the Commonwealth itself to enable the development of new funding models for the Games, noting the huge significance of the event for the Commonwealth as a family of nations and peoples."
