1: Summary

About this guidance

This is statutory guidance from the Department for Education. This means that recipients must have regard to it when carrying out functions relating to making 'prescribed alterations' to maintained schools.

The purpose of this guidance is to ensure that additional good quality school places can be provided quickly where they are needed; that local authorities and governing bodies do not take decisions that will have a negative impact on other schools in the area, and that changes can be implemented quickly and effectively where there is a strong case for doing so. In line with these aims it is expected that, where possible, additional new places will only be provided at schools that have an overall Ofsted rating of 'good' or 'outstanding'.

A governing body, LA or the [Schools Adjudicator](#) must have regard to this guidance when exercising functions under [The School Organisation \(Prescribed Alterations to Maintained Schools\) \(England\) Regulations 2013](#) ('the Prescribed Alterations Regulations') and [The School Organisation \(Establishment and Discontinuance of Schools\) Regulations 2013](#) ('the Establishment and Discontinuance Regulations'). It should be read in conjunction with Parts 2 and 3 and Schedule 3 of the [Education and Inspections Act \(EIA\) 2006](#) (as amended by the [Education Act \(EA\) 2011](#)) and the *Prescribed Alterations Regulations*. It also relates to the *Establishment and Discontinuance Regulations* and [The School Organisation \(Removal of Foundation, Reduction in the Number of Foundation Governors and Ability of Foundation to Pay Debts\) \(England\) Regulations \(2007\)](#).

It is the responsibility of LAs and governing bodies to ensure that they act in accordance with the relevant legislation when making changes to a maintained school and they are advised to seek independent legal advice where appropriate.

Review date

This guidance will be reviewed in April 2017.

Who is this guidance for?

Those proposing to make changes to maintained schools (e.g. governing bodies and LAs), decision-makers (LAs, the Schools Adjudicator and governing bodies), and for information purposes for those affected by a proposal (dioceses, trustees, parents etc.)

This guidance is relevant to all categories of maintained schools (as defined in section 20 of the [School Standards and Framework Act \(SSFA\) 1998](#)), unless explicitly stated. It is not relevant to [Pupil Referral Units](#). Separate advice [on making significant changes to an academy](#), [opening and closing a maintained school](#) and the [guidance for decision-makers](#) is available.

Main points

- All proposals for prescribed alterations must follow the processes set out in this guidance.
- Where a LA proposes to expand a school that is eligible for intervention they should copy the proposal to the relevant [Regional Schools Commissioner](#)
- To enable the department to monitor potentially controversial proposals, the proposer should copy any proposal which falls within the definitions set out in part 3 to the School Organisation mailbox – schoolorganisation.notrifications@education.gsi.gov.uk.
- Where a LA is the decision maker, it must make a decision within a period of two months of the end of the representation period, taking into account the factors outlined in the [guidance for decision-makers](#). Where a decision is not made within this time frame, the proposal must be referred to the Schools' Adjudicator for a decision.
- It is not possible for any school to gain, lose or change religious character through a change of category. Information on the process to be followed is available in the opening and closing maintained school guidance.
- It is the department's view that governing bodies should convert to academy status rather than change category to a foundation. Governing bodies wishing to discuss this issue should email schoolorganisation.notifications@education.gsi.gov.uk and a member of the school organisation team will contact them to discuss the proposed change of category.
- **Once a decision** has been made the proposer (school governing body or LA) should make the necessary changes to the school's record in the department's [EduBase](#) system and MUST have done so by the date the change is implemented.

2: Prescribed alteration changes

Enlargement of premises

Details of how [special schools can increase their intake](#) are covered below.

Local authorities are under a statutory duty to ensure the sufficiency of school places in their area. They can propose an enlargement of the premises of community foundation and voluntary schools. When doing so they must follow the statutory process as set out in the [Prescribed Alterations Regulations](#) (see [part 5](#)) if:

- the proposed enlargement of the premises of the school is permanent (longer than three years) and would increase the capacity of the school by:
 - more than 30 pupils; **and**
 - 25% or 200 pupils (whichever is the lesser).
- the proposal involves the making permanent of any temporary enlargement (that meets the above threshold).

Where a proposal seeks to increase the school's pupil number to over 2,000 or would result in an increase of over 50% of the school's current capacity, the LA should copy the proposal to schoolorganisation.notifications@education.gsi.gov.uk for monitoring purposes.

Governing bodies of all categories of mainstream schools and LAs can propose smaller expansions that do not meet the thresholds above without the need to follow the formal statutory process in [part 4](#). In many cases this can be achieved solely by increasing the school's published admissions number (PAN); please see [the School Admissions Code](#).

The table below sets out who can propose an enlargement of premises and what process must be followed:

Proposer	Type of proposal	Process	Decision-maker	Right of appeal to the adjudicator
LA for community	Enlargement of premises	Statutory process	LA	CofE Diocese RC Diocese
LA for voluntary or foundation	Enlargement of premises	Statutory process	LA	CofE Diocese RC Diocese GB / Trustees

Proposer	Type of proposal	Process	Decision-maker	Right of appeal to the adjudicator
LA for voluntary and foundation	Enlargement of premises (on small scale expansions)	Non statutory process	LA	N/A
GB of all categories mainstream	Enlargement of premises (on small scale expansions)	Non statutory process	GB	N/A

NB: the LA must make a decision within a period of two months of the end of the representation period or they must be referred to the [Schools Adjudicator](#).

Expansion onto an additional site ('or satellite sites')

Where proposers seek to expand onto an additional site they will need to ensure that the new provision is genuinely a change to an existing school and not in reality the establishment of a new school. Where a LA decides that a new school is need to meet basic need the free school presumption process must be followed. Other proposals seeking to establish a new school should follow the free school application process.

Decisions about whether a proposal represents a genuine expansion will need to be taken on a case-by-case basis, but proposers and decision makers will need to consider this non-exhaustive list of factors:

The reasons for the expansion

- What is the rationale for this approach and this particular site?

Admission and curriculum arrangements

- How will the new site be used (e.g. which age groups/pupils will it serve)?
- What will the admission arrangements be?
- Will there be movement of pupils between sites?

Governance and administration

- How will whole school activities be managed?

3: Contentious / controversial proposals

The department is keen to ensure that, when proposing:

- enlargement of premises;
- changes to a school's age range, and / or
- adding a sixth form.

LA's and governing bodies act reasonably, in line with the principles of public law, to ensure that the changes do not have a negative impact on the education of pupils in the area.

It is the department's expectation that, in the majority of cases, it would not be appropriate for a primary school to change its age range to meet the need for new secondary provision. Where the level of basic need is such that a new secondary school is needed, this will trigger the free school presumption process.

To enable the department to monitor potentially controversial proposals, LAs and governing bodies should notify schoolorganisation.notifications@education.gsi.gov.uk of the publication of, any proposals which would:

- result in an [existing primary school becoming an all-through school / cross phase school](#);
- result in an [increase of over 50% in the school's capacity](#);
- [increase the school's pupil numbers to over 2,000](#);
- propose [expansion onto a separate 'satellite' site](#); or
- have received objections from the LA and / or neighbouring school that the proposed change will undermine the quality of education.

4: Changes that can be made outside of the statutory process

Local authorities and governing bodies of mainstream maintained schools can make limited changes (see [section 2](#) for the exact detail) to their schools without following a statutory process; they are nevertheless required to adhere to the usual principles of public law. They **MUST**:

- act rationally;
- take into account all relevant and no irrelevant considerations; and
- follow a fair procedure.

The department **expects** that in making these changes LA's and governing bodies will:

- liaise with the LA and trustees/diocese (as appropriate) to ensure that, a proposal is aligned with wider place planning/organisational arrangements, and that any necessary consents have been gained;
- not undermine the quality of education provided or the financial viability of other 'good' and 'outstanding' schools in the local area; or
- not create additional places in a local planning area where there is already surplus capacity in schools rated as 'good' or 'outstanding' and
- ensure open and fair consultation with parents and other interested parties to gauge demand for their proposed changes and to provide them with sufficient opportunity to give their views. The [consultation principles guidance](#) can be referenced for examples of good practice.

Before making any changes governing bodies should ensure that:

- they have consulted with the LA to ensure the proposal is aligned with local place planning arrangements
- they have secured any necessary funding;
- they have identified suitable accommodation and sites;

- they have secured planning permission and/or agreement on the transfer of land where necessary³;
- they have the consent of the site trustees or other land owner where the land is not owned by the governing body;
- they have the consent of the relevant religious authority (as required); and
- the admissions authority is content for the published admissions number (PAN) to be changed where this forms part of expansion plans, in accordance with the School Admissions Code.

Once a decision on the change has been made the proposer (i.e. LA or governing body) is responsible for making arrangements for the necessary changes to be made to the school's record in the department's [EduBase](#) system. These changes must be made no later than the date of implementation for the change.

³ Including, where necessary, approval from the Secretary of State for change to the use of playing field land under Section 77(1) of the SSFA 1998.

5: Statutory process: prescribed alterations

The statutory process for making prescribed alterations to schools has four stages:

Stage	Description	Timescale	Comments
Stage 1	Publication (statutory proposal / notice)		
Stage 2	Representation (formal consultation)	Must be at least 4 weeks	As prescribed in the 'Prescribed Alteration' regulations.
Stage 3	Decision	LA should decide a proposal within 2 months otherwise it will fall to the Schools Adjudicator.	Any appeal to the adjudicator must be made within 4 weeks of the decision.
Stage 4	Implementation	No prescribed timescale	However it must be as specified in the published statutory notice, subject to any modifications agreed by the decision-maker.

Although there is no longer a statutory 'pre-publication' consultation period for prescribed alteration changes, there is a strong expectation that schools and LAs will consult interested parties, in developing their proposal prior to publication, as part of their duty under public law to act rationally and take into account all relevant considerations. Schools will also need to ensure that they have the consent of the site trustees and other relevant religious authorities⁴ (where necessary).

When considering making a prescribed alteration change, it is best practice to take timing into account, for example:

- by holding consultations and public meetings – either formal or informal – during term time, rather than school holidays;
- plan where any public and stakeholder meetings are held to maximise response: and

⁴ Including under the CofE Diocesan Board of Education (DBE) Measure 1991.

- take into account the admissions cycle for changes that will impact on the school's admission arrangements.

A number of changes can impact on admissions, necessitating reductions in PAN, new relevant age groups for admission or the adoption of revised admission criteria. Changes to admission arrangements can be made by the admission authority in one of two ways:

- the consultation on changing the admission arrangements (as set out in the [School Admissions Code](#)) takes place sufficiently in advance of a decision on the prescribed alteration so that the change to admissions can be implemented at the same time as the proposals; or
- a variation is sought, where necessary in view of a major change in circumstances, from the [Schools Adjudicator](#) so that the changes to the admission policy can be implemented at the same time as the prescribed alteration is implemented.

Decision-makers should, so far as is possible, co-ordinate with the admission authority, if different, to ensure they avoid taking decisions that will reduce a PAN or remove a relevant age group for admission after parents have submitted an application for the following September (e.g. 31 October for secondary admissions or 15 January for primary admissions).

Publication

A statutory proposal must contain sufficient information for interested parties to make a decision on whether to support or challenge the proposed change. [Annex A](#) sets out the minimum that this should include. The proposal should be accessible to all interested parties and should therefore use 'plain English'.

Where the proposal for one change is linked to another, this should be made clear in any notices published. Where a proposal by a LA is 'related' to a proposal by other proposers (e.g. where one school is to be enlarged because another is being closed) a single notice could be published.

The full proposal must be published on a website (e.g. the school or LA's website) along with a statement setting out:

- how copies of the proposal may be obtained;
- that anybody can object to, or comment on, the proposal;
- the date that the representation period ends; and

- the address to which objections or comments should be submitted.

A brief notice (including details on how the full proposal can be accessed e.g. the website address) must be published in a local newspaper. If the proposal is published by a governing body then notification must also be posted in a conspicuous place on the school premises and at all of the entrances to the school.

Within one week of the date of publication on the website, the proposer must send a copy of the proposal and the information set out in the paragraph above to:

- the governing body/LA (as appropriate);
- the parents of every registered pupil at the school - where the school is a special school;
- if it involves or is likely to affect a school which has a religious character:
 - the local Church of England diocese;
 - the local Roman Catholic diocese; or
 - the relevant faith group in relation to the school; and
- any other body or person that the proposer thinks is appropriate.

Within one week of receiving a request for a copy of the proposal the proposer must send a copy to the person requesting it.

There is no maximum limit on the time between the publication of a proposal and its proposed date of implementation. However, proposers will be expected to show good reason (for example an authority-wide reorganisation) if they propose a timescale longer than three years.

Representation (formal consultation)

The representation period starts on the date of the publication of the proposal and must last four weeks. During this period, any person or organisation can submit comments on the proposal to the LA to be taken into account by the decision-maker. It is also good practice for representations to be forwarded to the proposer to ensure that they are aware of local opinion.

Decision

The LA will be the decision-maker in all cases except where a proposal is 'related' to another proposal that must be decided by the [Schools Adjudicator](#)⁵.

Decisions must be made within a period of two months of the end of the representation period or they must be referred to the Schools Adjudicator.

However, the body or individual that takes the decision must have regard to the statutory [guidance for decision-makers](#).

When issuing a decision, the decision-maker can:

- reject the proposal;
- approve the proposal without modification;
- approve the proposal with modifications, having consulted the LA and/or governing body (as appropriate); or
- approve the proposal – with or without modification – subject to certain conditions⁶ (such as the granting of planning permission) being met.

A proposal can be withdrawn by the proposer at any point before a decision is taken. When doing so the proposer must send written notice to the LA or the governing body (as appropriate); or the Schools Adjudicator (if the proposal has been sent to them). A notice must also be placed on the website where the original proposal was published.

Within one week of making a decision the LA must publish their decision and the reasons for it, on the website where the original proposal was published and send copies to:

- the LA (where the Schools Adjudicator is the decision-maker);
- the Schools Adjudicator (where the LA is the decision-maker);
- the governing body/proposers (as appropriate);
- the trustees of the school (if any);
- the local Church of England diocese;

⁵ For example where a change is conditional on the establishment of a new school under section 10 or 11 of EIA 2006 (where the Schools Adjudicator may be the default decision maker).

⁶ The prescribed events are those listed in paragraph 8 of Schedule 3 to the Prescribed Alterations Regulations.

- the local Roman Catholic diocese;
- the parents of every registered pupil at the school – where the school is a special school; and
- any other body that they think is appropriate (e.g. other relevant faith organisation).

If the [Schools Adjudicator](#) is the decision-maker they must notify the persons above of their decision, together with the reasons, within one week of making the decision. Within one week of receiving this notification the LA must publish the decision, with reasons, on the website where the original proposal was published.

Within one week of the decision being made the proposer (i.e. governing body or LA) should make the necessary changes to the school's record in the department's [EduBase](#) system and must make the change by the date of implementation.

Rights of appeal against a decision

The following bodies may appeal to the Schools Adjudicator against a decision made by a LA decision-maker, within four weeks of the decision being made:

- the local Church of England diocese;
- the local Roman Catholic diocese; and
- the governors and trustees of a foundation, foundation special or voluntary school that is subject to the proposal.

On receipt of an appeal, an LA decision-maker must then send the proposal, representations received and the reasons for their decision to the Schools Adjudicator within one week of receipt. There is no right of appeal on determinations made by the Schools Adjudicator.

Implementation

The proposer must implement a proposal in the form that it was approved, taking into account any modifications made by the decision-maker.

Modification post determination

If it proves necessary, due to a major change in circumstance, or unreasonably difficult to implement a proposal as approved, the proposer can seek modifications

(e.g. to the implementation date) from the decision-maker before the approved implementation date. However, proposals cannot be modified to the extent that new proposals are substituted for those that have been published.

Details of the modification must be published on the website where the original proposals were published.

Revocation of proposals

If the proposer cannot implement an approved proposal because circumstances have changed so that implementation would be inappropriate or implementation of the proposal would be unreasonably difficult, the proposer must publish a revocation proposal, to be determined by the decision-maker, to be relieved of the duty to implement. A revocation proposal must contain:

- a description of the original proposal as published;
- the date of the publication of the original proposal; and
- a statement as to why the duty to implement the original proposal should not apply.

The proposer must publish the revocation proposal on the website and a brief notice of the proposal, including the website address where the proposal is published in a local newspaper. The proposal must contain details of how copies can be obtained; details of where to send comments to; and the date by which comments must be sent.

Where the proposer is the governing body it must send the revocation proposal to the LA within one week of the date of publication on the website. Where the original proposal was decided by the [Schools Adjudicator](#) the LA must refer the revocation proposal together with any comments or objections within two weeks of the end of the representation period to the Schools Adjudicator.

The LA decision-maker, who must determine the revocation proposal within two months of the end of the representation period, must arrange for the revocation determination to be published on the website where the original proposal and revocation proposal were published. The LA decision-maker must also arrange for the following persons to be notified of the revocation decision together with reasons:

- the local Church of England diocese;
- the local Roman Catholic diocese; and

- the governors and trustees of a foundation, foundation special or voluntary school that is subject to the proposal.

The same persons also have the right of appeal to the [Schools Adjudicator](#) (within four weeks of determination of the revocation proposal) if they disagree with the decision to revoke the proposal.

Land and buildings for foundation, foundation special or voluntary controlled schools

Where a LA is required to provide a site for a foundation, foundation special or voluntary controlled school, the LA must:

- transfer their interest in the site and in any buildings on the site which are to form part of the school's premises to the trustees of the school, to be held by them on trust for the purposes of the school; or
- if the school has no trustees, to the governing body, to be held by that body for the purposes of the school.

In the case of a dispute as to the persons to whom the LA is required to make the transfer, the adjudicator will make a decision.

Further details on land and buildings can be found in paragraphs 17 and 18 of Schedule 3 of the Prescribed Alteration Regulations.

1: Summary

About this guidance

This is statutory guidance from the Department for Education. This means that recipients must have regard to it when carrying out duties relating to making decisions about prescribed alteration proposals and establishment (opening) and discontinuance (closure) proposals.

This guidance should be read in conjunction with; the Education and Inspections Act (EIA) 2006 as amended by the Education Act (EA) 2011; the School Organisation (Prescribed Alterations to Maintained Schools) (England) Regulations 2013; the School Organisation (Establishment and Discontinuance of Schools) Regulations 2013 and the School Organisation (Removal of Foundation, Reduction in the Number of Foundation Governors and Ability of Foundation to Pay Debts) (England) Regulations (2007).

Review date

This guidance will be reviewed in April 2017.

Who is this guidance for?

This guidance is for those making decisions about prescribed alteration proposals (LAs, the Schools Adjudicator and governing bodies), and opening and closing maintained schools (LAs, the Schools Adjudicator) and for information purposes for those affected by such proposals (dioceses, trustees, parents etc.)

It is the responsibility of LAs and governing bodies to ensure that they act in accordance with the relevant legislation when making changes to or opening or closing a maintained school and they are advised to seek independent legal advice where appropriate.

Main points

- The decision-maker will need to be satisfied that the appropriate fair and open local consultation and/or representation period has been carried out and that the proposer has given full consideration to all the responses received. The decision-maker must consider the views of those affected by a proposal or who have an interest in it, including cross-LA border interests. The decision-maker should not simply take account of the numbers of people expressing a particular view. Instead, they should give the greatest weight to responses from those stakeholders likely to be most directly affected by a proposal – especially parents of children at the affected school(s).

- If the proposer has failed to meet the statutory requirements, a proposal may be deemed invalid and therefore should be rejected. The decision-maker must consider **ALL** the views submitted, including all support for, objections to and comments on the proposal.
- When deciding on a proposal, decision-makers will need to consider whether the new provision is genuinely a change to an existing school or is in effect a new school which should have triggered the free school presumption.
- The 2016 White Paper [*Education Excellence Everywhere*](#), sets out the department's aim that by the end of 2020, all schools will be academies or in the process of becoming academies. The decision-maker should, therefore, take into account the extent to which the proposal is consistent with this policy.
- In determining proposals decision-makers must ensure that the guidance on [schools causing concern](#) (Intervening in falling, underperforming and coasting schools) has been followed where necessary.
- All decisions in relation to the opening and closing of a maintained school should be copied to the Secretary of State, within one week of the decision being made. The notification must be sent to schoolorganisation.notifications@education.gsi.gov.uk. The necessary amendments will then be made to the EduBase system.

2: Factors relevant to all types of proposals

Related proposals

Any proposal that is 'related' to another proposal must be considered together. A proposal should be regarded as 'related' if its implementation (or non-implementation) would prevent or undermine the effective implementation of another proposal. Decisions for 'related' proposals should be compatible.

Where a proposal is 'related' to another proposal to be decided by the [Regional Schools Commissioner](#) (RSC) (e.g. for the [establishment of a new free school established under the presumption route](#)) the decision-maker should defer taking a decision until the RSC has taken a decision on the proposal, or where appropriate, grant a conditional approval for the proposal.

Conditional approval

Decision-makers may give conditional approval for a proposal subject to certain prescribed events¹. The decision-maker must set a date by which the condition should be met but can modify the date if the proposer confirms, before the date expires, that the condition will be met later than originally thought.

The proposer should inform the decision-maker (and the Secretary of State via schoolorganisation.notifications@education.gsi.gov.uk for school opening or closure cases) when a condition is modified or met. If a condition is not met by the date specified, the proposal should be referred back to the decision-maker for fresh consideration.

Publishing decisions

All decisions (rejected and approved – with or without modifications) must give reasons for such a decision being made. **Within one week** of making a decision the decision-maker should arrange (via the proposer as necessary) for the decision and the reasons behind it to be published on the website where the original proposal was published. The decision-maker must also arrange for the organisations below to be notified of the decision and reasons²:

- the LA (where the [Schools Adjudicator](#) or governing body is the decision-maker);
- the governing body/proposers (as appropriate);

¹ under paragraph 8 of Schedule 3 to the Prescribed Alterations Regulations (for prescribed alterations), regulation 16 of the Establishment and Discontinuance Regulations (for closures and new schools) and paragraph 16 of Schedule 1 to the Prescribed Alterations Regulations (for foundation and trust proposals).

² In the case of proposals to change category to foundation, acquire / remove a Trust and / or acquire / remove a Foundation majority the only bodies the decision-maker must notify are the LA and the governing body (where the Schools Adjudicator is the decision-maker).

- the trustees of the school (if any);
- the local Church of England diocese;
- the local Roman Catholic diocese;
- for a special school, the parents of every registered pupil at the school;
- any other organisation that they think is appropriate; and
- the Secretary of State via schoolorganisation.notifications@education.gsi.gov.uk (in school opening and closure cases only).

Consideration of consultation and representation period

The decision-maker will need to be satisfied that the appropriate fair and open local consultation and/or representation period has been carried out and that the proposer has given full consideration to all the responses received. If the proposer has failed to meet the statutory requirements, a proposal may be deemed invalid and therefore should be rejected. The decision-maker must consider **ALL** the views submitted, including all support for, objections to and comments on the proposal.

Education standards and diversity of provision

Decision-makers should consider the quality and diversity of schools in the relevant area and whether the proposal will meet or affect the needs of parents; raise local standards and narrow attainment gaps.

A school-led system with every school an academy,

The 2016 White Paper [Education Excellence Everywhere](#), sets out the department's aim that by the end of 2020, all schools will be academies or in the process of becoming academies. The decision-maker should, therefore, take into account the extent to which the proposal is consistent with this policy.

Demand v need

Where a LA identifies the need for a new school, to meet basic need, section 6A of EIA 2006 places the LA under a duty to seek proposals to establish a free school via the '[free school presumption](#)'. However it is still possible to publish proposals for new maintained school outside of the competitive arrangements, at any time, in order to meet demand for a specific type of place e.g. places to meet demand from those of a particular faith.

In assessing the demand for new school places the decision-maker should consider the evidence presented for any projected increase in pupil population (such as planned

housing developments) and any new provision opening in the area (including free schools).

The decision-maker should take into account the quality and popularity of the schools in which spare capacity exists and evidence of parents' aspirations for a new school or for places in a school proposed for expansion. The existence of surplus capacity in neighbouring less popular schools should not in itself prevent the addition of new places.

Reducing surplus places is not a priority (unless running at very high levels). For parental choice to work effectively there may be some surplus capacity in the system as a whole. Competition from additional schools and places in the system will lead to pressure on existing schools to improve standards.

School size

Decision-makers should not make blanket assumptions that schools should be of a certain size to be good schools, although the viability and cost-effectiveness of a proposal is an important factor for consideration. The decision-maker should also consider the impact on the LA's budget of the need to provide additional funding to a small school to compensate for its size.

Proposed admission arrangements

In assessing demand the decision-maker should consider all expected admission applications, not only those from the area of the LA in which the school is situated.

Before approving a proposal that is likely to affect admissions to the school the decision-maker should confirm that the admission arrangements of the school are compliant with the [School Admissions Code](#). Although the decision-maker cannot modify proposed admission arrangements, the decision-maker should inform the proposer where arrangements seem unsatisfactory and the admission authority should be given the opportunity to revise them.

National Curriculum

All maintained schools must follow the [National Curriculum](#) unless they have secured an exemption for groups of pupils or the school community³.

Equal opportunity issues

The decision-maker must have regard to the Public Sector Equality Duty (PSED) of LAs/governing bodies, which requires them to have 'due regard' to the need to:

³ Under sections: 90, 91, 92 and 93 of the Education Act 2002.

- eliminate discrimination;
- advance equality of opportunity; and
- foster good relations.

The decision-maker should consider whether there are any sex, race or disability discrimination issues that arise from the changes being proposed, for example that where there is a proposed change to single sex provision in an area, there is equal access to single sex provision for the other sex to meet parental demand. Similarly there should be a commitment to provide access to a range of opportunities which reflect the ethnic and cultural mix of the area, while ensuring that such opportunities are open to all.

Community cohesion

Schools have a key part to play in providing opportunities for young people from different backgrounds to learn with, from and about each other; by encouraging, through their teaching, an understanding of, and respect for, other cultures, faiths and communities. When considering a proposal, the decision-maker must consider its impact on community cohesion. This will need to be considered on a case-by-case basis, taking account of the community served by the school and the views of different sections within the community.

Travel and accessibility

Decision-makers should satisfy themselves that accessibility planning has been properly taken into account and the proposed changes should not adversely impact on disadvantaged groups.

The decision-maker should bear in mind that a proposal should not unreasonably extend journey times or increase transport costs, or result in too many children being prevented from travelling sustainably due to unsuitable walking or cycling routes.

A proposal should also be considered on the basis of how it will support and contribute to the LA's duty to promote the use of sustainable travel and transport to school.

Further information is available in the statutory [Home to school travel and transport guidance](#) for LAs.

Funding

The decision-maker should be satisfied that any land, premises or necessary funding required to implement the proposal will be available and that all relevant local parties (e.g. trustees or religious authority) have given their agreement. A proposal **cannot** be approved conditionally upon funding being made available.

Where proposers are relying on the department as the source of capital funding, there can be no assumption that the approval of a proposal will trigger the release of capital

funds from the department, unless the department has previously confirmed in writing that such resources will be available; nor can any allocation 'in principle' be increased. In such circumstances the proposal should be rejected, or consideration deferred until it is clear that the capital necessary to implement the proposal will be provided.

School premises and playing fields

Under the School Premises Regulations all schools are required to provide suitable outdoor space in order to enable physical education to be provided to pupils in accordance with the school curriculum; and for pupils to play outside safely.

[Guidelines](#) setting out suggested areas for pitches and games courts are in place although the department has been clear that these are non-statutory.

3: Factors relevant to prescribed alteration proposals:

Enlargement of premises

When deciding on a proposal for an expansion on to an additional site (a ‘satellite school’), decision-makers will need to consider whether the new provision is genuinely a change to an existing school or is in effect a new school (which would trigger the free school presumption in circumstances where there is a need for a new school in the area⁴).

Decisions will need to be taken on a case-by-case basis, but decision-makers will need to consider the following non-exhaustive list of factors which are intended to expose the extent to which the new site is integrated with the existing site, and to ensure that it will serve the same community as the existing site:

- **The reasons for the expansion**
 - What is the rationale for this approach and this particular site?
- **Admission and curriculum arrangements**
 - How will the new site be used (e.g. which age groups/pupils will it serve)?
 - What will the admission arrangements be?
 - Will there be movement of pupils between sites?
- **Governance and administration**
 - How will whole school activities be managed?
 - Will staff be employed on contracts to work on both sites? How frequently will they do so?
 - What governance, leadership and management arrangements will be put in place to oversee the new site (e.g. will the new site be governed by the same governing body and the same school leadership team)?
- **Physical characteristics of the school**
 - How will facilities across the two sites be used (e.g. sharing of the facilities and resources available at the two sites, such as playing fields)?
 - Is the new site in an area that is easily accessible to the community that the current school serves?

⁴ Or require an proposal under section 11 of the EIA 2006 for a new maintained school.

- the quality of pre-16 education must be good or outstanding;
- the proposed sixth-form will provide places for a minimum of 200 students;
- the proposed sixth-form will, either directly or through partnership, offer a minimum of 15 A level subjects:
- there is a clear demand for the new sixth-form (including evidence of a shortage of post-16 places and a consideration of the quality of L3 provision in the area);
- the proposed sixth-form is financially viable (there is evidence of financial resilience should student numbers fall and the proposal will not impact negatively on 11-16 education or cross subsidisation of funding).

Changes of category to voluntary-aided

For a proposal to change the category of a school to voluntary-aided, the decision-maker must be satisfied that the governing body and/or the foundation are able and willing to meet their financial responsibilities for building work. The decision-maker may wish to consider whether the governing body has access to sufficient funds to enable it to meet 10% of its capital expenditure for at least five years from the date of implementation, taking into account anticipated building projects.

Changes to special educational need provision

In planning and commissioning SEN provision or considering a proposal for change, LAs should aim for a flexible range of provision and support that can respond to the needs of individual pupils and parental preferences. This is favourable to establishing broad categories of provision according to special educational need or disability. Decision-makers should ensure that proposals:

- take account of parental preferences for particular styles of provision or education settings;
- take account of any relevant local offer for children and young people with SEN and disabilities and the views expressed on it;
- offer a range of provision to respond to the needs of individual children and young people, taking account of collaborative arrangements (including between special and mainstream), extended school and Children's Centre provision; regional centres (of expertise) and regional and sub-regional provision; out of LA day and residential special provision;
