The largest concentration of unvaccinated individuals appear to be concentrated in the Edgbaston area, which has a large student population.

- The 18-29 years age group in this LSOA area of Edgbaston account for 63% of the estimated resident population, compared to 21% in Birmingham
- This LSOA area has the largest eligible population (7.5k) for vaccination in Birmingham. Within this population, around 50% are fully vaccinated, and a 38% have had their boosters
- However, according to two surveys undertaken by the University of Birmingham, around 95% of students said they have been fully vaccinated.

- Uptake of 1st dose remains consistently lower amongst under-50s compared to over-50s.
- The numbers of individuals who have not received their 1st dose reflects this, with more than half of all unvaccinated individuals aged under 40.
- Booster uptake is also low in younger age groups, although this is partly due to eligibility - requiring 1st and 2nd dose before being eligible for a booster.

Ongoing Local Actions to Improve Vaccine Uptake

The NHS in collaboration with the council continues to expand access to the vaccination programme:

- **Social media messages** have been targeted promoting the vaccine and its benefits, including information about walk-in locations across Birmingham. For example, one of the commissioned providers - CommPlus delivered some of their community engagement on their Facebook page promoting the BSL videos on 'vaccine awareness for 12-15-year-olds'.
- **"JabCab"** campaign in partnership with the NHS and TOA Taxis offers free taxis targeted at residents with mobility issues. Taxis will take residents to their nearest vaccination centre.
- **Community Vaccine Champions** programme - funded by the Department for Levelling Up Housing and Communities. Design and planned roll-out targeting the 10 wards with the lowest vaccine uptakes.
- **Disseminate relevant information via our existing established networks** - commissioned engagement providers, COVID Community Champions and faith groups.
- **Deployment of multi-cultural street teams** carrying out face-to-face engagement in six lowest uptake wards, along with Sutton Walmley/Minworth, New Street Station and the Bull Ring.
- **COVID-19 guidance resources** toolkit around vaccine information and testing produced for commission providers to disseminate to their networks.
- **Future work with council housing department, NHS, and community pharmacist** on "action days" to target low uptake areas.
- **One-week campaign starting on 14 February**, vaccination uptake targeting various homeless sites across Birmingham.
