

# (CONSULTATION DRAFT) Birmingham Domestic Abuse Prevention Strategy 2017-2020

**Vision:** Birmingham aspires to be a city where everyone lives free from domestic violence and abuse

**To achieve this, Birmingham will:**

- Strengthen its co-ordinated multi-agency response to domestic abuse and ensure that domestic abuse is identified and responded to effectively at the earliest opportunity.
- Prevent domestic abuse for our next generation by working with children and young people to build healthy relationship skills based on equality and respect
- Work with the wider community to ensure that domestic abuse is confronted and addressed in every aspect of Birmingham life so that victims have confidence to disclose and abusers will know that they will be held to account.
