- 4.1.1 The property acquisitions proposed to enable the Commonwealth Games Athletes Village and the housing legacy will all contribute to the Council’s Core vision and priorities in the Council’s Vision and Forward Plan 2018 for hosting the Commonwealth Games 2022.

- 4.2.1 The property acquisition, including Stamp Duty Land Tax and fees for the site, will be met by specific grant funding as a part of the overall funding of the Commonwealth Games Village as set out in the report to Cabinet on 26 June 2018 (Commonwealth Games Village and the wider Perry Barr Regeneration Programme – Outline Business Case).

#### **4.3 Legal Implications**

- 4.3.1 The power to acquire, dispose and manage assets in land and property is contained in Section 120 and 123 of the Local Government Act 1972. Section 111 Local Government Act 1972, contains the Council’s expenditure power, including the ability to acquire property for the discharge of its functions.

#### **4.4 Public Sector Equality Duty**

- 4.4.1 An Equality Assessment reference EQUA207 is attached at Appendix 2. The assessment confirms there is no adverse impact on the protected groups under the Equality Act 2010 and that a full Equality Assessment is not required for the purpose of this report.

### **5. Relevant background/chronology of key events:**

- 5.1 On 15<sup>th</sup> August 2017, Cabinet approved the decision for Birmingham to submit a bid to be the Host City for the 2022 Commonwealth Games. As part of supporting the bid, Cabinet

also approved the strategy to deliver the Commonwealth Games Athletes Village (the Village), which included authorisation for the Corporate Director Economy to enter into negotiations and agree all terms for the acquisition of land interests necessary to deliver the Village (in consultation with the Cabinet Member).

- 5.2 The delivery of the Village is a key component in hosting the Commonwealth Games, and will also form part of the legacy offer by providing new housing development in Perry Barr.
- 5.3 During the period of the Games the Village will provide accommodation for circa 6,500 athletes and officials, in new build residential accommodation, together with a range of temporary uses such as dining facilities, transport mall, office, medical and other ancillary supporting infrastructure for operational purposes, which will be removed after the games.
- 5.4 In order to deliver the Village a number of land and property acquisitions have been identified. One key acquisition is that of the current National Express Bus Depot situated on Wellhead Lane. This is integral to the provision of the non-residential temporary overlay area of the Village, which is necessary to support the successful delivery of the Games. Negotiations are underway with National Express to acquire their site and a separate report will come forward. National Express do however require a relocation site and the subject premises have been identified, as part of a wider site, and are intended for this purpose. The acquisition of the subject premises is therefore also necessary to support the successful delivery of the Games. Acquisition authorities for the other premises forming the wider site will be brought forward.
- 5.5 The Council's agent was instructed to negotiate terms for the acquisition which are now agreed, further details of which are included in the private report.
- 5.6 The site is currently cleared so no demolition is required.

## **6. Evaluation of alternative options:**

- 6.1 A thorough evaluation of alternative sites for the National Express Bus Depot was undertaken and the subject site was deemed to be the only suitable option.
- 6.2 Not to proceed with the acquisition of the property would adversely impact on the delivery of the Council's vision and legacy priorities for hosting the Commonwealth Games 2022.

## **7. Reasons for Decisions:**

- 7.1 To progress the delivery of the Commonwealth Games Athletes Village.

## **PROTOCOL PUBLIC SECTOR EQUALITY DUTY**

- 1 The public sector equality duty drives the need for equality assessments (Initial and Full). An initial assessment should, be prepared from the outset based upon available knowledge and information.
- 2 If there is no adverse impact then that fact should be stated within the Report section 4.4 and the initial assessment document appended to the Report duly signed and dated. A summary of the statutory duty is annexed to this Protocol and should be referred to in section 4.4 of executive reports for decision and then attached in an appendix; the term 'adverse impact' refers to any decision-making by the Council which can be judged as likely to be contrary in whole or in part to the equality duty.
- 3 A full assessment should be prepared where necessary and consultation should then take place.
- 4 Consultation should address any possible adverse impact upon service users, providers and those within the scope of the report; questions need to assist to identify adverse impact which might be contrary to the equality duty and engage all such persons in a dialogue which might identify ways in which any adverse impact might be avoided or, if avoidance is not possible, reduced.
- 5 Responses to the consultation should be analysed in order to identify:
  - (a) whether there is adverse impact upon persons within the protected categories
  - (b) what is the nature of this adverse impact
  - (c) whether the adverse impact can be avoided and at what cost – and if not –
  - (d) what mitigating actions can be taken and at what cost
- 6 The impact assessment carried out at the outset will need to be amended to have due regard to the matters in (4) above.
- 7 Where there is adverse impact the final Report should contain:
  - a summary of the adverse impact and any possible mitigating actions (in section 4.4 or an appendix if necessary)
  - the full equality impact assessment (as an appendix)
  - the equality duty (as an appendix).

Summary and evidence of findings from your EIA  
It is considered that the acquisition process will not give rise to any illegal discrimination and will support equality of opportunity by optimising the sites economic growth potential.

The proposed transfer of the site to National Express as its relocation bus depot site will provide economic benefits which will include opportunities that can be shared by potential job-seekers.

There has been ongoing consultation with members of their respective constituency, who have as representation been consulted on issues of relevance.

There have been no issues raised which impact the wider community negatively, therefore a full equality assessment is not required at this stage.
