Hi Satty,

Further to your email earlier here are the documents we want to refer to in tomorrow's hearing. Apologies for the delay in getting these to you I have only just had a response from Ben Reader.

I will bring hard copies of the attached files tomorrow morning.

Hi Ben, Licensing

Please find attached documents relevant to new operating action plan and further supporting documents.  
Please disregard the previous operating plan proposal as that document is now out of date.

Please have a look through and let me know your thoughts.

## PLAN TO CHANGE IDENTITY OF PREMISES

Myself and co-owner Sam plan to change our operating style to reflect the identity of Glamorous Show Bar bringing it back to a venue for the LGBT community. This document will explain how the management are going to achieve this.

### WHOLESALE CHANGES

Firstly we recognise as the venues co-owner that we need to make some big changes to Glamorous to bring back its original identity of a late night bar for the Gay community. Glamorous was known for being the place to go if you wanted a camp, fun, enjoyable and safe environment to visit with all the camp and cheese that goes with it.

**\*DPS** – I am currently the DPS of the venue and I have identified that as the venues co-owner I cannot be there at all times and I acknowledge that if we are to succeed in bringing back the old Glamorous charm I need to appoint someone who is going to be there more often. We will identify a suitable candidate for this position.

**\*Management** – We have identified issues arising with the current manager. Immediate changes will be made to the management structure. We have been disappointed with the current manager who we employed in April 2017. We will be making wholesale changes to personnel to enable us to go forward and to have confidence in our management team.

**\*Security Company** – The security company More Secure will remain for the near future, we believe a stronger DPS and management team at the venue will ensure that the Security team will work to the best of its ability. More regular liaison will be made with the owner of the Security Company.

### REBRAND

As Glamorous is currently closed and has been for nearly a month we are going to take the opportunity to re-open under a new brand. This rebrand will take effect under the following guises...

- **New Name** – Glamorous is currently known as ‘Glamorous Birmingham’ since April 2017, when we opened the venue in November 2015 we called it Glamorous Cabaret Bar. We want to change this back to its old name of ‘Glamorous Show Bar’ which is still shown on the premises license.

- **New Logo** – The current logo **GLAMOROUS** was created in 2017. It is very bold and steers too far away from the original theme of Glamorous which was supposed to be stylish and camp. Therefore we will recreate a version of the old logo using the same font which was

in this font previously used until 2009:

- **A Different entrance look** – The entrance to the venue will have the logo updated and pride flag banners will be installed on the left and right side of the entrance. We will also install more colourful lighting and brighten the entrance up. We will have resident drag queens on signage so the presence of a drag queen is always seen.
- **The Bar** – The bar itself inside is very plain. It will be updated with a more flamboyant back bar design.
- **Inside the venue** – The stage will have the curtains put back up and the stage be made fit for purpose. It is our intention to host various cabaret shows.
- **New Entertainment** – There will now be regular advertised entertainment using social media. Entertainment will include drag shows and karaoke nights.

## **MUSIC POLICY**

We have mentioned in previous documents that we want to reflect the clientele using a music policy to our advantage. Banning genres such as Bashment, Reggae & Heavy Metal and having a policy of playing camp, cheese, 90's and 80's music. This we believe will attract the clientele we are after.

## **ENTRANCE POLICIES / CONDITIONS OF ADMISSION**

We have put forward in the operating plan a change to the last admission time to 3am. Mon to sun  
 An admission fee will be charged on entrance to Glamorous on all nights previously not done before.  
 An updated door policy is in place.

# INCIDENT REPORTS

## COMMENT

As mentioned in the meeting on Tuesday here is the feedback the management team came up in a meeting held with the security company MORE SECURE.

In attendance from More Secure were Beva & Mike. From the venue were Suzie, Andy and myself.

The management went through each incident that we had recorded since February 2018 to examine if the management & security could have dealt with any of the incidents any differently to have possibly prevented the incident from happening.  
To come out of the examination was the lack of door supervisors on a number of the incidents.

TIME	DAY	DATE	INCIDENT RECORDED	SOLUTION
03:08hrs	Tuesday	27 <sup>th</sup> February 2018	Incident Report completed by Raph: <ul style="list-style-type: none"><li>• Males ejected from the venue with police assistance, they left, went to the casino.</li><li>• They later returned at 05.30hrs &amp; forced entry back inside.</li><li>• Police were called again but refused to assist as the venue had allowed them back inside even though they forced entry.</li><li>• Police were involved with this incident to assist in removing the same persons on two occasions.</li></ul>	<ul style="list-style-type: none"><li>• It is apparent that Andre one of the security staff who was on the front entrance, had allowed the males inside the venue as he did not want a confrontation at the door.</li><li>• In doing this we came to the conclusion he made the wrong decision, he should have refused them entry at the door.</li><li>• He had access to back-up but did not inform anyone at the time.</li><li>• If the door staff who were deployed at the main entrance had been strong enough and prevented the males from entering the premises then it may have meant that the Police would not have been called. The incident in this case required Police presence as the males had forced their way back in.</li><li>• The incident could also have been prevented if door deployment was increased from two to three.</li><li>• It had also been identified that the door security was weak on this night.</li></ul>

TIME	DAY	DATE	INCIDENT RECORDED	SOLUTION
	Wednesday	28 <sup>th</sup> February 2018	<p>Incident Report completed by Ralph:</p> <ul style="list-style-type: none"> <li>• Police called to assist door staff males being aggressive on the door.</li> </ul>	<ul style="list-style-type: none"> <li>• This incident could have again been prevented if the door security on the front door were stronger.</li> <li>• It had been brought to the attention of the Management at More Secure that one of the door staff (Nisar) who was deployed on the front door was 45 minutes late for duty. Beva stated that being late was not acceptable.</li> <li>• Andre the other door staff, was on his own on the front door and let the males inside for the same reason as the night before and added that the fact he was on his own he did not want a confrontation therefore let the males inside, when Nisar eventually arrived, Andre was struggling to get the males out.</li> <li>• This incident would have been preventable if the venue had deployed more security staff. It did not help with the lateness of one of the door staff.</li> <li>• Management will ensure that the premises will not operate if the complement of door staff are not deployed for whatever reason. Safety of customers and staff is paramount.</li> <li>• After these two incidents Mike from More Secure was informed. The management insisted that either Andre or Nisar work at the premises again.</li> </ul>

TIME	DAY	DATE	INCIDENT RECORDED	SOLUTION
02.03hrs	Monday	12th March 2018	<p>Incident Report completed by Head Door Supervisor Suzie:</p> <ul style="list-style-type: none"> <li>• Male member of staff from Marco Pierre White restaurant was let in along with colleagues. Was asked to leave and got violent police attended and arrested the male.</li> <li>• An email was sent to the restaurant informing them of this incident.</li> </ul>	<ul style="list-style-type: none"> <li>• This male was not challenged on the door.</li> <li>• It was noted that he was let in by Suzie &amp; Wayne who were manning the front door when the male arrived with other staff colleagues from the restaurant he and the others worked at. Some of the other staff are regulars &amp; part of the gay scene.</li> <li>• Suzie pointed out one of the males in the group was wearing one of the girls high heel shoes.</li> <li>• As the male was let in as part of a group of people from a similar trade those present said that he would have been let in solely on this point and that it was unlikely any other door staff would have denied him admission either.</li> <li>• What would have prevented the male from becoming disorderly when being asked to leave is the presence of more security staff as there were only two on duty that night.</li> <li>• The stairs were mentioned that it was hard to eject the male upstairs and that extra members of security would definitely have helped either calm the situation or at least be able to eject the male out of the premises safely.</li> </ul>

4.

TIME	DAY	DATE	INCIDENT RECORDED	SOLUTION
Monday	12th March 2018	No Incident Report	<ul style="list-style-type: none"> <li>• A female had smashed the mirror in the ladies toilet and damaged a light fitting.</li> <li>• She was detained and the Police informed via 101</li> <li>• The female provided her ID of which we took a copy and then let her go.</li> <li>• A Police officer visited the female who agreed to pay £80 under a community order</li> <li>• The female was not arrested or charged</li> </ul>	<ul style="list-style-type: none"> <li>• The female carried out the damage randomly.</li> <li>• Security did not identify her as a risk when she came in.</li> <li>• It turned out she had lost her phone and got angry at the fact and then went on a rampage.</li> <li>• Management noted that more frequent toilet checks may have prevented this from happening but may not have been completely avoidable as the premises do not have security staff in the toilets all the time but definitely more regular checks might have been a deterrent as customers notice these things.</li> <li>• The use of a toilet check sheet on the wall in the toilets to show customers the toilets are visited regularly by staff will be a deterrent to cause damage.</li> <li>• CCTV signage to be placed in the toilets to state they are being monitored.</li> </ul>

## 5.

TIME	DAY	DATE	INCIDENT RECORDED	SOLUTION
Friday	16th March	Not Recorded	<ul style="list-style-type: none"> <li>• Ibrahim's girlfriend comes to work.</li> </ul>	<ul style="list-style-type: none"> <li>• This is the incident where the management believe that the doorman brought his girlfriend to work who also attended with friends.</li> <li>• The girlfriend was ejected for constantly going into the gents toilets.</li> <li>• The female wanted to get revenge on her boyfriend so is believed to have told a passing police officer she was only 17.</li> <li>• The management investigated this incident. Suzie stated that the ID shown by the girlfriend was valid in appearance (a driving license) the girl in the photo resembled her, which is why she was allowed inside. Management also confirmed with Suzie that she carried out the challenge 25 Procedure.</li> <li>• The resolution to stop this from occurring again was to remove Ibrahim from the door, this was done at the request More Secure.</li> <li>• Beva noted in the meeting that he was surprised to hear of this request, he had not been made aware, but assured management that Ibrahim would not be returning to the premises.</li> </ul>

## 6.

TIME	DAY	DATE	INCIDENT RECORDED	SOLUTION
			<ul style="list-style-type: none"> <li>• Id apparent theft</li> </ul>	<ul style="list-style-type: none"> <li>• This incident is where a Male was allowed entry using his ID.</li> <li>• After a short period of time the male went to the smoking area &amp; passed his ID &amp; bank card to his friend the other side of the smoking shelter through a gap.</li> <li>• The other male attempted to use his friends ID to get in.</li> <li>• Suzie states that it was clear it was not him in the ID so it was confiscated &amp; shown to a passing by police officer who then took the ID and bank card away.</li> <li>• The grandfather of the owner of the ID then apparently contacted police about this &amp; also e-mailed management.</li> <li>• Management identified this as having caught the attention of Police licensing, but believed management conducted themselves in the correct manner by taking the ID off the male as he was clearly not the owner.</li> <li>• The officer just happened to be passing by when it was confiscated.</li> </ul>

## 7.

TIME	DAY	DATE	INCIDENT RECORDED	SOLUTION
Tuesday	27th March 2018		Incident involving the glass bottle.	<ul style="list-style-type: none"> <li>• Management discussed this incident at length as it was the one that caused the venue to have the premises license reviewed and temporary suspended.</li> <li>• Management looked at CCTV of the male who carried out the attack &amp; after seeing that he spent some time with Andy from security at the front door, Andy had let him in as he had had plenty of time to judge his character. They spoke for some time, he posed no risk at all.</li> <li>• The male was sober enough to enter, his dress code was camp in appearance. He wore a Burberry/tartan type scarf &amp; was sporting a mop type hairstyle. He could easily be identified as someone who could be from the gay community.</li> <li>• We were satisfied that Andy being on his own made a fine judgment of the male's character.</li> <li>• Management did then take note that Wayne a security officer had not turned up for duty. A replacement was on the way.</li> <li>• Management also noted a couple of ways this incident could have been prevented which would have been to: <ul style="list-style-type: none"> <li>• Include more security provision as a deterrent to someone thinking they could get away with attacking someone.</li> <li>• Management could have taken the decision to close the premises until the correct level of door supervisors were on site.</li> <li>• Management also identified if the venue had used Polycarbonate vessels would this minimise these type of incidents.</li> <li>• Management found that the best way forward was for more door security to be deployed.</li> </ul> </li> </ul>
