## **Progress Report on Implementation: Plastic Free Birmingham**

### **Review Information**

Date approved at City Council:	11 June 2019
Member who led the original review:	Councillor Liz Clements
Lead Officer for the review:	Rose Kiely
Date progress last tracked:	30 September 2020

### **Findings from the Review**

1. In approving this review the City Council asked me, as the appropriate Cabinet Member, to report on progress towards these recommendations to this Overview and Scrutiny Committee.
2. Details of progress with the remaining recommendations are shown in Appendix 2.
3. Members are therefore asked to consider progress against the recommendations and give their view as to how progress is categorised for each.

## Appendix ①: The Tracking Process

In making its assessment, the Committee may wish to consider:

- What progress/ key actions have been made against each recommendation?
- Are these actions pertinent to the measures required in the recommendation?
- Have the actions been undertaken within the time scale allocated?
- Are there any matters in the recommendation where progress is outstanding?
- Is the Committee satisfied that sufficient progress has been made and that the recommendation has been achieved?

Category	Criteria
<b>1: Achieved (Fully)</b>	The evidence provided shows that the recommendation has been fully implemented within the timescale specified.
<b>2: Achieved (Late)</b>	The evidence provided shows that the recommendation has been fully implemented but not within the timescale specified.
<b>3: Not Achieved (Progress Made)</b>	<p>The evidence provided shows that the recommendation has not been fully achieved, but there has been significant progress made towards full achievement.</p> <p><b>An anticipated date by which the recommendation is expected to become achieved must be advised.</b></p>
<b>4: Not Achieved (Obstacle)</b>	<p>The evidence provided shows that the recommendation has not been fully achieved, but all possible action has been taken. Outstanding actions are prevented by obstacles beyond the control of the Council (such as passage of enabling legislation).</p> <p><b>An anticipated date by which the recommendation is expected to become achieved must be advised.</b></p>
<b>5: Not Achieved (Insufficient Progress)</b>	<p>The evidence provided shows that the recommendation has not been fully achieved and there has been insufficient progress made towards full achievement.</p> <p><b>An anticipated date by which the recommendation is expected to become achieved must be advised.</b></p>
<b>6: In Progress</b>	It is not appropriate to monitor achievement of the recommendation at this time because the timescale specified has not yet expired.

## Appendix ②: Progress with Recommendations

No.	Recommendation	Responsibility	Original Date for Completion	Evidence of Progress (and Anticipated Completion Date if 'Not Achieved')	Cabinet Member's Assessment (Category 1-6; see Appendix 1)
R01	Free Water Fountains/Refill Birmingham Campaign That the feasibility of: (1) creating a network of free water fountains including looking at the possibility of installing water fountains in Council buildings and (2) raising awareness of the Refill Birmingham Campaign be examined in collaboration with the West Midlands Mayor, Severn Trent Water, Refill and other stakeholders and partners as appropriate.	Cabinet Member for Street Scene & Parks  Cabinet Member for Transport & Environment  Leader	Sept 2020	<p><b><u>30 September 2020</u></b></p> <p>Progress has been slow and has been severely hindered by the Coronavirus pandemic but an audit has been carried out on those City Buildings with water dispensers in public areas.</p> <p>The Council has ceased use of single use plastic cups and reverted to low levels of use of a recyclable alternative.</p> <p>The Birmingham Business Charter has been updated under the Ethical Procurement theme to include:</p> <ul style="list-style-type: none"> <li><i>Contractors and their supply chains should support the banning of single-use plastics in their place of work and in the goods and services they provide.</i></li> </ul> <p>Given the ongoing impact of the Coronavirus pandemic the anticipated completion date is Sept 2021</p>	5
				<p><b><u>17 November 2021</u></b></p> <p>Activity against this recommendation continues to be significantly impacted by the Covid pandemic, with the recovery taking longer than anticipated at the time of the last update.</p> <p>A new Assistant Director Route to Net Zero Carbon has been successfully recruited, and this recommendation will be picked up as part of their work programme from November 2021 onwards.</p>	4

R02	<p>Communication Campaign</p> <p>That the City Council work in collaboration with WRAP to develop a communication campaign which provides clear and consistent information to residents with a view to communicating two clear messages:</p> <p>(1) The first is about the importance of prevention and the importance of and reasons for not buying and using plastic.</p> <p>(2) The second is about explaining the proper use of the recycling service about what can and what can't be recycled and how to recycle effectively.</p>	<p>Cabinet Member for Street Scene &amp; Parks</p> <p>Cabinet Member for Transport &amp; Environment</p> <p>Leader</p>	Spring 2020	<p><b><u>30 September 2020</u></b></p> <p>WRAP have been engaged to look at Recycling in the City resulting in:</p> <ul style="list-style-type: none"> <li>Reviewed and provided recommendations at HWRCs</li> <li>'Bin it Bag it' campaign introduced</li> </ul> <p>Other actions taken:</p> <ul style="list-style-type: none"> <li>Wood PLC reviewing the existing Waste Prevention Strategy</li> <li>Waste Specification rewritten</li> <li>Recycling leaflet in development</li> <li>The recycling story developed</li> <li>Christmas recycling game produced</li> </ul> <p>Given the ongoing impact of the Coronavirus pandemic the anticipated completion date is Spring 2021</p> <p><b><u>17 November 2021</u></b></p> <p>As a consequence of the ongoing impact of Covid it was decided to run a social media campaign run during recycling week (20<sup>th</sup> – 26<sup>th</sup> September 2021) to encourage a greater uptake of recycling amongst Birmingham's residents in place of anything in person.</p> <p>Four small animation films/set of slides that each deal with a different aspect of the hierarchy will be delivered across Facebook (with some placements on Instagram). Audience targeting focused on location (Birmingham adults). The strategy for the campaign was to reach as many users as possible raising awareness of the waste hierarchy and making sustainable choices when it comes to waste disposal.</p> <p>The campaign data is currently being analysed to help improve and inform further campaigns and it is hoped that 2022 will see a return to in person events.</p>	<p>3</p> <p>3</p>

**MOTIONS FOR DEBATE FROM INDIVIDUAL MEMBERS**

To consider the following Motions of which notice has been given in accordance with Standing Order 4(A)

**A. Councillors Roger Harmer and Jon Hunt have given notice of the following Notice of Motion:-**

"Birmingham City Council recognises that:

1. Burning fossil fuels poses a serious risk to the stability of the climate upon which our well-being and economy depend.
2. Research demonstrates that up to 80% world's proven fossil fuel reserves will have to remain unburnt if we are to have a reasonable chance of keeping global warming to less than 2 degrees Celsius, the globally agreed target for climate change mitigation.
3. Since 80% of fossil fuels must remain in the ground, the reserves of the fossil fuel industry risk becoming 'stranded assets' with little or no value – representing a substantial financial risk for those that invest in them.
4. West Midlands Pension Fund currently has over £393 million invested in the oil, coal and gas industries. This is environmentally and financially irresponsible.
5. To date, over 500 institutions representing over \$3.4 trillion in assets have committed to divest from fossil fuel companies.

In response to this Birmingham City Council pledges to:

A) Review its Investment Strategy and develop and implement a Responsible Investment Policy, which rules out new investments in Fossil fuel companies.

B) Call on West Midlands Pension Fund to divest from fossil fuels by mandating its representative on the Pension Fund Committee to call for the development and adoption of Responsible Investment policies which:

1. Immediately freeze any new investment in the top 200 publicly-traded fossil fuel companies;
2. Divest from direct ownership and any commingled funds that include fossil fuel public equities and corporate bonds within 5 years;
3. Set out an approach to quantifying and addressing climate change risks affecting all other investments, and
4. Focus future investments on areas that minimise climate change risk."
