				 B:Music is now developing a refurbishment plan for Town Hall which will include re-seating, a refreshed heritage interpretation and access and sustainability improvements. Heritage Lottery Fund is likely to be a key component in the funding package. Financial position Cooper Parry have just completed their audit of the 2022-23 financial year. The audit confirms a trading loss of £27k for the year compared to a budgeted loss of £208k, a very favourable improvement. B:Music is now concluding a 6-month reforecast for the current year and it is likely that the budgeted deficit of £275k for the year will be comfortably improved. There is however still considerable risk in attendance for the autumn programme even if key metrics such as utilities and payroll remain stable. The reserves position remains strong enough to absorb what is still likely to be a second year of deficit, but that may mean re-designating some reserves and pushing back long-term maintenance projects. Clearly however, continuing to absorb this level of loss is unsustainable. Risks and Challenges Access to Town Hall for production vehicles remains compromised by the Paradise development. This causes difficulties with load-ins and associated reputational damage with clients. The previously reported risk regarding an unresolved dispute between NEC Group and BCC over service charges at the ICC remains.

				 Propco's financial model anticipated rental growth through periodic uplifts as well as turnover related supplemental income. However, rental growth has been stifled in recent years and the current cash forecast shows that with loan principal repayments commencing in 2023/24, there will be insufficient turnover to cover loan repayments and management costs, which would require a reprofiling of the Council's loan. Propco receives support services from the Council which includes legal, property and financial. Property Services support includes rent and service charge invoicing and cash posting which continues to be adversely affected by the implementation of Oracle, which has led to delay in raising invoices and cash posting for 2023/24. The production of the 2022/23 accounts has commenced and remains on target for filing at Companies House by 31st December 2023 despite delays.
Birmingham Museum Trust	Provision of museum services	Cllr Robert Alden Cllr Philip Davis	100% (Trust)	General Update • Museum visits are strong for the year to date with a small dip in the summer due to the hot weather • School visits are 25% above target • BMT is focused on delivering public benefit and ensuring financial stability • BMT has in-year spending controls to meet budget which are not sustainable medium term • Rewiring and major grant repairs at Birmingham Museum & Art Gallery (BMAG) drawing to a close Finance Update • 2023-24 forecast showing approx. £200,000 deficit due to rising costs of supplies and services which is an improvement from the original budget set at £569k • £250,000 grant secured from FCC towards reopening Birmingham Museum & Art Gallery • £250,000 grant secured from National Heritage Lottery Fund (NHLF) for resilient programme to help with a more sustainable business model Risks or Area of Concern • Section 114 may have serious implications for Birmingham Museums Trust. The BCC investment represents 45% of our annual revenue funding.
