

HM Government

7.2 Work-related travel

7.2.1 Cars, deliveries on motorcycles and bicycles, accommodation and visits

Objective: To avoid unnecessary work travel and keep people safe when they do need to travel between locations.

Steps that will usually be needed:

- Walking or cycling where possible. Where not possible, you can use public transport or drive. You must wear a face covering when using public transport.
- Minimising the number of people outside of your household or support bubble travelling together in any one vehicle, using fixed travel partners, increasing ventilation when possible and avoiding sitting face-to-face.
- Cleaning shared vehicles between shifts or on handover.
- Where workers are required to stay away from their home, centrally logging the stay and making sure any overnight accommodation meets social distancing guidelines.
- Ensuring that delivery drivers or riders maintain good hygiene and wash their hands regularly.
