1b	12 June 2018	<i>Motion for Debate:</i> council would support school expansion where it meets the requirement for additional places; and calls for re-direction of government funding for emotional, mental health and special educational needs support for those who need it most	Cabinet Member, Education, Skills & Culture / Anne Ainsworth, Corporate Director, Children's Services	<p>Council Officers are undertaking work looking at the existing school estate, and assessing provision against future demand/need. This is very much a work in progress but will underpin a new school estate approach, linked to the Council's developing Property Strategy.</p> <p>The High Needs Block that provides funding for students with SEND is under severe pressure nationally and the Council is working with the Schools Forum to understand how the limited funding available can be better used to support children with SEND. However, the funding is not matching rising demand.</p> <p>Work is also underway to assess what places are required to respond to the specific needs of children, and rising demand for support related to Social, Emotional and Mental health and Autism.</p> <p>Officers will be returning to Scrutiny in September with details of sufficiency planning. [August update]</p>

1c	12 June 2018	<p><i>Motion for Debate:</i> response to flooding including</p> <ul style="list-style-type: none"> <li>an investigation into the flooding under Section 19 of the Flood and Water Management Act 2010;</li> <li>and Overview and Scrutiny to carry out a complementary investigation into the flood of May 2018 and to return to City Council</li> </ul>	<p>Cabinet Member, Transport &amp; Environment / Waheed Nazir, Corporate Director, Economy (Kevin Hicks)</p> <p>Sustainability &amp; Transport O&amp;S Committee /Emma Williamson, Head of Scrutiny Services</p>	<p>The Section 19 report will develop as responses to the questionnaire<sup>1</sup> are received and any mitigation actions to prevent further flooding will be taken or progressed as necessary as information becomes available. It is likely (given previous examples) that <b>the final version of the Section 19 report relating to this incident will be available by Spring 2019</b> [August update]</p> <p>COMPLETED: Sustainability &amp; Transport O&amp;S Committee held evidence gathering in July 2018 and report to City Council presented September 2018. [October update]</p>
2b	10 July 2018	<p><i>Motion for Debate:</i> resolves to help food banks across the city highlight the growing concerns and calls on the Government to recognise that it has a moral and practical duty to protect people from poverty and to provide a safety net... the council calls upon the Government to provide local government with the resources to deal with this crisis</p>	<p>Cabinet Member for Social Inclusion, Community Safety and Equality / Jacqui Kennedy, Corporate Director, Place</p>	<p>A meeting will take on 5<sup>th</sup> December with food providers to discuss the top 5 drivers for the use of food banks.</p> <p>A pilot will take place providing advice at food banks to test and learn this approach [November update]</p>

<sup>1</sup> A key element in the production of the Section 19 report is to send questionnaires to locations where flooding might have occurred. Over 1800 properties have been identified to receive questionnaires regarding whether flooding occurred at to the property on 27<sup>th</sup> May. This figure is significantly above the number of properties known to have flooded as the process of identifying potential flooding locations involves seeking information from properties immediately around those known flooded locations. Currently over 1700 properties have been contacted to obtain information from the property owners, tenants, etc.

Where potential mitigation measures are being identified in the collection of this information we are seeking to deliver “quick wins” and immediate works as the issues are identified. As an example, on the River Cole working in partnership with The Environment Agency the river has been cleared of debris, in addition to cutting back overhanging vegetation and removing significant obstruction which could impede flows. These actions were mobilised 3 weeks ago.
