Licensing,

With regards to this application, West Midlands Police formally make representation to this application being granted.

The grounds for making representation are –

- Prevention of crime and disorder – Since the applicant and his business partner have taken over the premises there have been several issues of violence and disorder at the premises which have occurred into the early hours of the morning. Also, over the past year there have been unauthorised licensable activity take place at the premises which the owner has admitted to.
- Prevention of public nuisance – Again, over the past year West Midlands Police have received complaints from local residence of noise which has gone on into the early hours.

Due to the above, West Midlands Police are not satisfied that the applicant or those associated with the premises will promote the licensing objectives.

To:	Licensing Section,	Date: 21st November 2017
From:	Martin Key, Environmental Health, 40 Moat Lane, Birmingham, B5 5BD	
Subject:	Application for Premises License – Licensing Act 2003 Address – Salem Restaurant - Unit 3, 136 – 150 Soho Hill, Birmingham, B19 1AF	

My representation concerns the likely effect of the grant of the licence on the promotion of the following licensing objective

- (c) the prevention of public nuisance

Prevention of Public Nuisance

I have met with the applicant and visited the premises to carry out an assessment and I have some concerns that the application does not reflect the proposed use of the premises. In particular:-

- a) The premises have a planning consent for a restaurant with a limit to the opening hours of 07.00 – 23.30 not until 03.00 on Saturday as proposed in the application
- b) The application is for includes live music but not recorded music
- c) the applicant has advised that the only live music will be non-amplified but the application clearly identifies live amplified music
- d) the application requests late night refreshment – however the red line on the application excludes the kitchen
- e) the plan attached to the application is not as the applicant is proposing to operate the premises – the area shown as the kitchen and excluded from the red line area is actually proposed as part of the premises used for licensable activity and the kitchen is elsewhere in the building
- f) the application requests regulated entertainment until 02.00/03.00 but in section 17 it is proposed to close the premises at 00.00 on Monday and Tuesday.

The premises has been subject to noise complaints in 2017 both about entertainment noise breakout and noise from patrons outside the premises related to activities similar to those proposed in the application. In respect of the proposed entertainment use I am concerned that there are no steps proposed in section 18 of the application under the heading of the prevention of public nuisance that relate to managing the impact of noise from the premises. Having carried out a site inspection the premises are currently not suitable for the type of use proposed without further work. The absence of any external area for smoking other than the frontage on Soho Hill for smoking poses a significant risk of noise impact from patrons using the premises.

I am concerned that the grant of the licence would potentially result in noise nuisance to neighbouring properties due to noise breakout from the building arising from performance of music and the use of the external areas in conjunction with the licensed activity. There is also the risk of noise and odour from the cooking of food affecting the locality given the current arrangements. This concern is based on the previous site history of noise complaints, the type of event proposed, the absence of any effective operating conditions, the building design and structure, the existing noise environment and the proximity of noise sensitive receptors.

Whilst I believe that this concern can ultimately be dealt with by the use of appropriate conditions I am concerned that given the previous experience of site management and the complaints relating to the premises, the required controls may not be applied before the licensable activity commences and this may lead to nuisance. I am also concerned that the application does not adequately address the proposed premises use as outlined in a) to f) above. I have discussed these concerns and proposed conditions with the applicant.

Given the concerns outlined above and the fact that many of the proposed conditions below require further works to be carried out before the operations commence I would recommend refusal of the application until further details and clarification of the application is provided. Committee should consider any information provided at the Hearing which addresses these concerns. An Officer from Environmental Health will be present to advise further should such be provided.

If however, contrary to my recommendation, the licence is granted the condition(s) I suggest to mitigate this concern are listed as C1 to C11 below.

Recommended Conditions

C1 - An assessment of the building design and structure and a proposed scheme of noise insulation and attenuation shall be produced by a suitably qualified and experienced noise consultant. This scheme shall be submitted in writing to the Environmental Protection Unit of Birmingham City Council and no regulated entertainment involving amplified music shall take place until the mitigation measures that have been approved in writing by the Environmental Protection Unit of Birmingham City Council have been implemented. The noise mitigation measures shall be thereafter maintained.

C2 - To avoid nuisance being caused to neighbours the DPS, or other nominated person/staff, shall monitor the external areas of the Premises after 23:00 hours, including the smoking area and frontage onto Soho Hill. If necessary, they shall remind customers to be respectful of neighbours and where necessary they shall limit the number of customers going outside to use the smoking area and take appropriate steps to avoid customers who use the car park area or frontage of the premises causing a nuisance.

C3 - All external doors and windows shall be kept closed during regulated entertainment except as necessary for safe and effective access and egress.

C4 - Prior to any regulated entertainment involving amplified music taking place, a Noise Limiting Device (NLD) of a type approved by the Environmental Protection Unit of Birmingham City Council shall be fitted to the serve any area of the premises used for amplified music or sound. The NLD shall be set at a level agreed with the Environmental Protection Section to ensure that the volume of music is controlled to avoid noise nuisance to the occupiers of nearby buildings. The installation of the NLD shall be notified to the Environmental Protection Section prior to use and shall meet the following criteria:

- a) The device shall be fitted in an approved position by a competent person and once fitted shall not be moved from the approved position or tampered with in any manner unless prior approval is given,
- b) The device shall be capable of either:-
 - i) cutting off the mains power to the amplification equipment if the volume exceeds the pre-set level determined by the Environmental Protection Unit and shall not restore power to the amplification equipment until the NLD is reset by the DPS or their nominated person, or

- ii) otherwise maintaining the volume of the music at the pre-set level determined by the Environmental Protection Unit,
- c) where the NLD operates by cutting off the mains power to the amplification equipment, amplification equipment shall be operated through the sockets/power points linked to and controlled by the NLD at all times,
- d) The NLD shall be maintained in full working order and at the approved pre-set volume whilst the amplification equipment is operational,
- e) Any damage or malfunction to the NLD shall be reported to the Environmental Protection Unit as soon as possible and within 24 working hours of the damage occurring or malfunction being noted. The NLD shall not be used in this damaged or malfunctioning state until approval has been given by the Environmental Protection Unit.

C5 – Prior to any regulated entertainment involving amplified music taking place, the fire exit door to the premises shall be fitted with an audible alarm that sounds in a suitable location in the main bar area to warn staff that the doors have been opened when the building is in use. The DPS or their nominated person shall ensure that fire exit doors are only opened appropriately in an emergency and if the alarm activates shall immediately investigate and ensure the doors are closed as soon as possible.

C6 – The DPS shall, within 3 months of the date of issue of this licence, submit in writing a noise management plan to Environmental Protection Unit of Birmingham City Council. The noise management plan shall outline the measures to be adopted to reduce the noise impact of activities associated with the premises including music, deliveries, recycling and refuse collections, smoking areas, customers and car parks. The noise management plan shall be updated regularly and all staff shall be adequately trained in their role in implementing the plan.

C7 – No drinks shall be removed from the premises in open containers.

C8 – All sealed containers of alcoholic drinks offered for sale for consumption off the premises shall be clearly labelled or marked with the name and postcode of the premises.

C9 - No waste or recyclable material, including bottles, shall be moved, removed or placed in areas outside the premises building between the hours of 22.00 and 08.00.

C10 – The supply of late night refreshment shall not commence until details of the extract ventilation and odour control equipment, including details of any noise levels, noise control

and external ducting has been submitted to and approved in writing by the Environmental Protection Unit of Birmingham City Council. The installation and operation of the extract ventilation and odour control systems shall be in accordance with the approved details and thereafter maintained.

C11 – Patrons shall not remove from the premises late night refreshment provided at the premises.

In light of the matters set out above I object to the licence being granted unless suitable information is provided to demonstrate that the concerns will be satisfactorily addressed.
