Initial equality impact assessment of your proposal

To enable the Council to continue its support for the delivery of the HS2 Interchange site under the High Speed Rail (London-West Midlands) Parliamentary Bill.

The delivery of the HS2 Interchange site will be developed to its full potential in terms of value achieved, mixed use community and quality of built environment and therefore the opportunity to maximise economic policy growth.

The protected characteristics have not been impacted as the principles of this new function are to support the delivery of the HS2 Interchange site. Any equality implications will be picked up by HS2.

Consulted People or Groups

Finance, Legal Services and Corporate Governance

Informed People or Groups

Summary and evidence of findings from your EIA

At this stage there is no requirement for BCC in isolation to undertake a Full Equality Assessment as the design principles have not been agreed or concluded with HS2.

There should be ongoing consultation with all interested parties once the outcome of the design have been decided.
