3 Consultation

3.1 Internal

All ward members within the district are being consulted on the project proposals for the District Committee Capital Environmental Budget for 2015/16.

3.2 External

The Housing Liaison Boards and other local residents are assisting with identifying the proposed projects to be funded from the Environmental Budget 2015/16.

4. Compliance Issues:

4.1 Are the recommended decisions consistent with the Council's policies, plans and strategies?

Improving the Council owned housing stock directly contributes to the strategic outcomes of the Sustainable Community Strategy, the Council Business Plan and Budget 2014+. In particular there is a specific target under the theme of securing a high quality of life for residents. Stock improvements will also impact upon the other strategic outcomes, most notably on the aspiration for healthier communities, all of which are consistent with the themes identified in The Leader's policy statement.

The creation of targeted environmental projects on a district by district basis will significantly impact the quality of life for residents and enhance the stock improvements already in place

4.2 Financial Implications

The total capital funding for these schemes is contained within the approved Housing Public Sector Capital Budget 2015/16. The 2015/16 Capital Environmental Budget allocation to Ladywood is £132,000, and is based on the number of Council properties within the District.

4.3 Legal Implications

The proposed allocation of work is consistent with the effective management of the Council's housing stock under Part II Housing Act 1985. From a procurement perspective it makes good use of Repairs and Maintenance and framework contracts which have been established to secure improved performance and better value for money than conventional single scheme tendering.

4.4 Public Sector Equality Duty (see separate guidance note)

In making its decision the District Committee is required to have due regard to the public sector equality duty. In relation to the Programme, due regard has been paid to the requirements of the Equality Act 2010 and an Equality Assessment has been carried out which has shown that the programme will not have any adverse effects.

The requirements of the Council's Standing Order relating to Contracts No. 9 in relation to equal opportunities and the West Midlands Forum Common Standard for Equalities in Public Procurement will be incorporated in the contracts for projects carried out within the programme.

- 5.3 The Local Housing Team together with their HLBs, elected members and other residents have identified the projects agreed by the District Committee and detailed at Appendices 1 and 2.

6. Evaluation of alternative options

- 6.1 Alternative options have been considered during the consultation with Housing Liaison boards and other residents. However, based on local priorities, it is recommended that the projects listed at Appendix 2 are proceeded with during the 2015/16 financial year.
