### **3. Consultation**

#### **3.1 Internal**

This report to Cabinet is copied to Cabinet Support Officers and to Corporate Resources and Governance Overview & Scrutiny Committee and is the process for consulting with relevant cabinet and scrutiny members. At the point of submitting this report Cabinet Members/ Corporate Resources and Governance Overview & Scrutiny Committee Chair have not indicated that any of the planned procurement activity needs to be brought back to Cabinet for executive decision.

#### **3.2 External**

None

### **4. Compliance Issues:**

#### **4.1 Are the recommended decisions consistent with the Council's policies, plans and strategies**

Details of how the contracts listed in Appendix 1 and Appendix 2 support relevant Council policies, plans or strategies, will be set out in the individual reports.

#### **4.2 Financial Implications**

Details of how decisions will be carried out within existing finances and resources will be set out in the individual reports.

#### **4.3 Legal Implications**

Details of all relevant implications will be included in individual reports.

#### **4.4 Public Sector Equality Duty**

Details of Risk Management, Community Cohesion and Equality Act requirements will be set out in the individual reports.

**5. Relevant background/chronology of key events:**

- 5.1 At the 1 March 2016 meeting of Council changes to procurement governance were agreed which gives Chief Officers the delegated authority to approve procurement contracts up to the value of £10m over the life of the contract. Where it is likely that the award of a contract will result in staff employed by the Council transferring to the successful contract under TUPE, the contract award decision has to be made by Cabinet.
- 5.2 In line with the Procurement Governance Arrangements that form part of the Council's Constitution, this report acts as the process to consult with and take soundings from Cabinet Members and the Corporate Resources and Governance Overview & Scrutiny Committee. It also informs members of the contracts awarded under Chief Officers delegation (£164,176 and over) between the period July 2016 – September 2016.
- 5.3 This report sets out the planned procurement activity over the next few months where the contract value is between the EU threshold (£164,176) and £10m. This will give members visibility of all procurement activity within these thresholds and the opportunity to identify whether any procurement reports should be brought to Cabinet for approval even though they are below the £10m delegation threshold.
- 5.4 Individual procurements may be referred to Cabinet for an executive decision at the request of Cabinet, a Cabinet Member or the Chair of Corporate Resources and Governance Overview & Scrutiny Committee where there are sensitivities or requirements that necessitate a decision being made by Cabinet.
- 5.5 Procurements below £10m contract value that are not listed on this or subsequent monthly reports can only be delegated to Chief Officers if specific approval is sought from Cabinet. Procurements above £10m contract value will still require an individual report to Cabinet in order for the award decision to be delegated to Chief Officers if appropriate.
- 5.6 A briefing note including financial information is appended to the Private report for each item on the schedule.

**6. Evaluation of alternative option(s):**

- 6.1 The report approved by Council Business Management Committee on 16 February 2016 set out the case for introducing this process. The alternative option is that individual procurements are referred to Cabinet for decision.

**7. Reasons for Decision(s):**

- 7.1 To enable Cabinet to identify whether any reports for procurement activities should be brought to this meeting for specific executive decision, otherwise they will be dealt with under Chief Officer delegations up to the value of £10m, unless TUPE applies to current Council staff.
- 7.2 To inform Cabinet of contract award decisions made under Chief Officers delegation during the period July 2016 – September 2016 as detailed in Appendix 2.
