

2020/21 HIGHWAY MAINTENANCE WORKS PROGRAMME

I am pleased to provide below a list of roads and footways for resurfacing treatments that are proposed to be undertaken in North Edgbaston ward as part of the 2020/21 highway maintenance works programme.

This list is based on the latest surveyed condition of the road network across the City. It is anticipated that the city-wide programme will commence in early July.

Sharon and I would be grateful for your feedback on the proposed schemes with the benefit of your knowledge of local conditions, highlighting any information that you believe might be beneficial to include in the schemes. Please email Carl at carl.rice@birmingham.gov.uk with any feedback.

Sharon and I would also be interested to hear your views and comments on locations within your locality where you believe future investment is most needed.

Footway Schemes

Scheme No.	Section ID	Ward1	Ward2	Road Name	Location Description	Sum FWCI x Len	Scheme Length (m)
FW/160	2702608/001	North Edgbaston		CAVENDISH ROAD	CAVENDISH ROAD FROM ROTTON PARK ROAD TO DUDLEY ROAD	601	308

CW/D12/701	A4040/735	North Edgbaston	Soho & Jewellery Quarter	WINSON GREEN ROAD	Winson Green Road-C/L Heath St to C/L of Foundry Rd	646

Ward Minor Transport Measures

In order to carry out locally prioritised Ward Minor Transport Measures (WMTM), Grass Verge Protection Measures (GVPM) works and other small work requests for the provision of dropped footway crossings, bollards, signs, road markings, guard-railing, street name plates etc. received

from Councillors/residents, an allocation of £10,000 per ward Member has been made. Accordingly, the allocation for North Edgbaston in 2020-2021 will be £20,000.

Some types of schemes we may choose under the WMTM are:

- Provision of dropped footway crossings
- Introduction of Traffic regulation Order (single or double yellow lines)
- A pedestrian refuge
- Pedestrian guardrails
- Grass verge protection - double kerbing
- Removal/Provisions of signs/markings etc.

Sharon and I have two schemes that have been outstanding for some time – traffic calming in Stanmore Road and improvements at the Portland Road/Gillott Road junction. We have to let the Highways Department know our prioritised schemes by 1st July 2020 so please email Carl your suggestions by Friday, 26th June 2020. If they can't be done in this financial year they can be held over to future years.
