Dear sirs

I wish to object to the recent planning application at the above premises. As a resident of the iLand development I must raise concerns about the application, there is already a bar next door on the corner, another one on the opposite corner and another one on Bromsgrove Street. The noise coming from these establishments already is horrendous with individuals gathering on the pavement and roads. It to mention the parking on the pavement and on the double yellow lines outside (I attach a photo to demonstrate that was taken on a Sunday evening) this is a busy road leading onto Bristol Road and there is going to be a serious accident with their obvious flaunting of the rules there are already bottles and helium cannisters scattered all over these payments from the large numbers already coming out the existing bars and restaurants.

My garage entrance is just to the left of the proposed development and I find it increasingly difficult to enter and exit due to the cars parked all over the pavements and the individuals standing outside these bars already, the proposal times are ridiculous the area is busy enough already and this will only bring the area into disrepute even more and is totally unnecessary and if anything these bars need regulating even more with the sheer disruption they already cause and that it should not be allowed to be granted for health and safety reasons mentioned above.

Your faithfully

NOTES ON DEMONSTRATING ENTITLEMENT TO WORK IN THE UK

Entitlement to work/immigration status for individual applicants and applications from partnerships which are not limited liability partnerships:

A licence may not be held by an individual or an individual in a partnership who is resident in the UK who:

- does not have the right to live and work in the UK; or
- is subject to a condition preventing him or her from doing work relating to the carrying on of a licensable activity.

Any premises licence issued in respect of an application made on or after 6 April 2017 will become invalid if the holder ceases to be entitled to work in the UK.

Applicants must demonstrate that they have an entitlement to work in the UK and are not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity. They do this in one of two ways: 1) by providing with this application copies or scanned copies of the documents listed below (which do not need to be certified), or 2) by providing their 'share code' to enable the licensing authority to carry out a check using the Home Office online right to work checking service (see below).

Documents which demonstrate entitlement to work in the UK

- An expired or current passport showing the holder, or a person named in the passport as the child of the holder, is A British citizen or a citizen of the UK and Colonies having the right of abode in the UK [please see note below about which sections of the passport to copy].

We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <u>https://www.gov.uk/prove-right-to-work</u>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.
