Licensing,

I have already submitted evidence to highlight what I believe are failures of the venue to promote the licensing objectives.

I have been made aware of an incident that has taken place at this location which furthers criminal activity in the locality.

There is still an ongoing criminal investigation into this incident and as a result, I am not in a position to disclose further details in a document which would enter the public domain. At the hearing, I will request private session to discuss this incident, including showing images.

I have copied the licence holders representative, Rob Edge into this email.

For transparency and disclosure purposes, I have provided Rob with details of this incident over the phone, but have not shown any images.

Thank you

Ben
