1. Spending Controls under the Section 114 Notice (page 2)
2. Process for Spending Controls and Approvals (page 3-4)
3. Wider activities to address financial challenges (page 5)

Appendices:

- i. Examples of essential and non-essential spending (page 6)
- ii. Frequently Asked Questions (page 7)

Temporary Measures are now in force such that all non-essential expenditure will now stop with immediate effect without written confirmation from the Section 151 Officer. For avoidance of doubt, non-compliance with this requirement will be considered a disciplinary matter by the Council. This supersedes all previous guidance on non-essential expenditure, with no exclusions or delegations of authority to Corporate Leadership Team (CLT).

1. Spending Controls under the Section 114 Notice

This section relates to new spending requests. Under the Section 114 notice, only essential spending requests will be approved. This means that no new non-essential spending is allowed and any new essential spending is only allowed subject to the approval process outlined in this document.

1.1. What is essential spending?

1.1.1. Is the spend request related to a clear (and referenced) statutory obligation?

a) *This includes regulatory and legal requirements – i.e. essential health and safety*

AND/OR

1.1.2. Will this spend request deliver a cashable saving compared to current spending within a quantified time period?

a) *Robust business case with short payback period required, i.e. less than 24 months;*

b) *Business Cases to be reviewed by a group (established by S151 officer);*

c) *Recruitment will only be allowed for posts meeting requirement of 1.1.1 above and where the post is currently being covered by an interim and will therefore deliver cashable savings.*

AND/OR

1.1.3. Is this spend already legally committed? This means:

a) *Existing staff **payroll** and **pension** costs;*

b) *Expenditure required through **existing legal agreements and contracts**;*

c) *Payments for goods and services which have **already been received**.*

AND/OR

1.1.4. Is this urgent expenditure required to safeguard vulnerable citizens?

AND/OR

1.1.5. Does this spend impact the General Fund? If not, it is allowable i.e.:

a) *Is this spend fully funded by external grants (e.g. Dedicated Schools Grant)?*

If this spend is partly funded by external grants, the S151 board will need to consider the specifics of the request

b) *Non-BCC funds do not impact the General Fund. Further guidance will follow on this area.*

1.2. Consideration can be given to the following spending requests, if quantified:

1.2.1. Prevents requirement for a more expensive statutory service;

1.2.2. Capital decisions that reduce borrowing requirements AND/OR provide a capital receipt;

1.2.3. Prevents the loss of an external funding source (e.g. PFI grant from central government) that is used to pay for a statutory service;

1.2.4. Generates an income stream for the Council;

1.2.5. A contractual obligation which is not required for statutory services, in which exiting the contract will cost more than the proposed spend requested; and

1.2.6. It mitigates additional commercial risk to the Council.

See Appendix 1 for examples of essential and non-essential spending.

2. Process for Spending Controls and Approval

This section relates to the process for approval of new spending requests of any value, as detailed in Section 1 (above). This includes setting a new board – the Section 151 Spend Control Board – that supersedes the previous Finance Governance Board.

2.1. The Council is prevented, without explicit agreement of the Section 151 Officer, from entering into any new agreement or commitment for expenditure until Full Council has met to consider the Section 114 report. These controls may be re-applied after the date of this Full Council meeting.

2.2. In practice, this means that:

- 2.2.1. The existing scheme of Financial Delegation is superseded by the S114 notice. Only the Section 151 Officer can sign off new spend. This applies to new spend of any value.
- 2.2.2. Relative to existing spending controls in place across the organisation, this means that Directorate Spending Boards (and the Finance Governance Board) do not have the authority to approve new spending. These Boards can recommend spending to the Section 151 Officer only – to be approved via the S151 Spend Control Board
- 2.2.3. Further details of the approval process are in paragraph 2.5 below.

2.3. S151 Spend Control Board Composition:

- 2.3.1. Membership:
 - Section 151 Officer
 - Head of Paid Service
 - Deputy Section 151 Officer
 - Assistant Director, Finance & Deputy Section 151 Officer
 - Monitoring Officer
 - Assistant Director, Finance Performance & Insight
 - Assistant Director, Procurement
 - Interim Director of HR
 - Secretariat support provided by Committee Services
 - Observers:
 - Cabinet Member for Finance & Resources
 - Independent Financial Advisor
 - Relevant CLT and Cabinet members for items in their Directorate
- 2.3.2. Regularity of meetings:
 - Daily boards
 - Weekly review sessions
- 2.3.3. Outcomes:
 - Decisions published on CMIS as written. These will be published at a set time every week (assume end of Friday).

Note: Substitutes can be provided as needed based on availability.

2.4. Terms of Reference

- 2.4.1. To apply the Spend Controls outlined within the Section 114 report issued on 5th September 2023, and the guidance outlined within this Spend Control Manual.

2.5. Spending Controls Flowchart

Any financial delegations outlined in the Constitution or the scheme of delegation are now superseded by this S114 report. Decision making power has been removed and all financial decisions must be agreed and documented by the S151 Officer:

Note: Spend Form will be shared shortly and mirror the criteria for essential spending outlined in Section 1 of this document.

All approvals and rejections will be documented as evidence of the application of controls.

3. Financial Recovery Plan

This Section relates to work required to address the in-year and future year budget gaps, based on existing and committed spend.

3.1. Review of existing revenue spend – what should be stopped, based on the criteria in Section 1 above?

- 3.1.1. This should be part of the scope of work being led by Fiona Greenway and Richard Brooks on the Council's savings programme for current and future financial years

3.2. Review of capital programme – how can the Council reduce the impact of existing borrowing costs? Can the Council free up spending to tackle the Equal Pay liabilities? A requirement of this work – and likely from Department for Levelling Up, Housing & Communities (DLUHC) in advance of any Exceptional Financial Support (EFS) request – is confirmation of existing Council resources that can be used to mitigate the scale of any EFS request. (In simple terms, how much can the Council free up within existing resources, or what assets can it sell, to reduce the scale of any central government EFS package.) This will include reviews of:

- 3.2.1. Committed capital spend: This should include a review of all current capital programmes to understand what can be paused and what can continue
- 3.2.2. Borrowing costs: a review of existing borrowing to assess whether refinancing might reduce interest costs
- 3.2.3. Existing reserves: this includes a review of all reserves and capital receipts that are committed to future spending plans
- 3.2.4. Assets: the Council must review all assets to assess which can be sold (and estimate the potential sale price). This will likely lead to an assets disposal programme.

3.3. This work should be owned collectively by the Executive Management Team (Cabinet members and Corporate Leadership team members).

3.4. Section 114 controls will remain in place until a Financial Recovery Plan can be agreed by Full Council to mitigate the budget gaps. This will include:

- 3.4.1. A clear and actionable savings plan to tackle in-year and future year budget gaps – details in this section; and
- 3.4.2. Resolution on the EFS available from DLUHC.

3.5. Ultimately, it will be the decision of the Section 151 officer as to whether the Financial Recovery Plan is sufficient, delivering (i.e. signs of tangible progress are clear to see), and reported to Scrutiny to enable the lifting of the spending controls laid out in this document.

Appendix (ii): Frequently Asked Questions

- *Do these spend controls apply to **Birmingham Children's Trust (BCT)**?* – These controls apply to Birmingham Children's Trust (as this impacts Council spending through the General Fund), and the S151 Officer will work with the Director of Finance for the Trust to ensure spending controls mirror the guidance set out within this document.
- *Do these spend controls apply to **Capital spend**?* – These controls apply to all Council spend, including Capital spend. As well as approval at the Directorate Spend Control Board, Capital spend should be approved at the Capital Board prior to being added to the agenda for the S151 Spend Control Board.
- *Do these spend controls apply to **Grants**?* – These controls apply to all Council spend, including Grant and ringfenced spend. To approach Grant and ringfenced spend in the most pragmatic way possible, we are requesting that CLT Directors (or delegates) work with Finance Business Partners to assess Grant and ringfenced spend to identify approvals that are required for high frequency mandatory spend. This will allow a spend decision to be documented for this type of spend, whilst also limiting the need to repeat approvals.
- *What does **Value for Money** mean?* – For all spend requests relating to Value for Money should represent a cashable saving compared to the current spending within a quantified period of time. This means there should be a short payback period, delivering savings or reducing costs in a 24 month period. All business cases should be created in conjunction with Finance Business Partners, and approved prior to submission to the S151 Spend Control Board.
- *Does the S151 Control Board need to **approve everything**?* – Yes, as per the terms of the S114 notice. There needs to be a clear written and published decision for each decision made. That is why all decisions will need to go through this board. All of these decisions will be recorded on CMIS.
 - To approach spend in the most pragmatic way possible, we are requesting that CLT Directors (or delegates) work with Finance Business Partners to identify approvals that are required for high frequency mandatory spend. This will allow a spend decision to be documented for this type of spend, whilst also limiting the need to repeat approvals.
- *Which decisions need to go to **Cabinet or Full Council**?* – All spending decisions need to be approved by the S151 Officer. Once the spending decision is approved, if there is a further policy decision to be made, a request may need to go to Cabinet or Full Council for approval. Guidance will be provided by the Chief Monitoring Officer.
- *Do these spend controls apply to **Accountable Bodies**?* – These spending controls apply to any spending that will go through the General Fund.
- *What is the role of **Scrutiny Committees**?* – It is expected that Scrutiny committees, notably Finance & Resources, will receive a list of spending decisions made for comment and discussion.
- *How should **spending on extraordinary items** be approved?* – This document states that all spending should go through the process outlined in Section 2, namely through Directorate Spend Control Boards and then on to the S151 Spend Control Board. This includes current work to mitigate the issues with the Oracle.

THIS DOCUMENT WILL BE SUBJECT TO REVISION AS THE SPEND APPROVAL PROCESS EMBEDS AND IS REVIEWED BY THE SECTION 151 SPEND CONTROL BOARD.
