Early Intervention		X
Prevention		X

3. Recommendations

To support a focused workshop on the alignment of Western Birmingham health and care outcomes.

4. Background

Following the creation of NHS Birmingham and Solihull CCG on 1 April, work has been ongoing to establish joint working relationships and processes with NHS Sandwell and West Birmingham CCG, to ensure that high-quality health services are consistently commissioned for patients in the whole of Birmingham, whilst also recognising the specific health needs of patients in Western Birmingham.

5. Future development
<ul style="list-style-type: none"> • The Western Birmingham 'place' approach needs development and alignment • The existing collaborative commissioning arrangements are already in place • Alignment on the principles of integrated health and social care are required • A committee has been established to coordinate strategic planning in Western Birmingham which needs strengthening • There is a need to align the health and care outcomes for Birmingham, which includes West Birmingham.
