It is recommended that the Board:

 3.2 Receives the implementation plan at a future meeting

**4. Background**

- 4.1 Through the 2017 Spring budget a significant amount of additional non-recurrent funding was made available to Councils in order to support adult social care over three years. For Birmingham, this represents a £27m in 2017/18, £16m in 2018/19 and £8m in 2019/20.
- 4.2 This additional funding is the start of the national response to a widely acknowledged crisis in social care and is recognised as being only a partial and short term 'fix' for sustained funding cuts. The funds are to be combined with the existing BCF commitment which, taken together, now represents the Improved Better Care Fund (iBCF).
- 4.3 Whilst the planning guidance is yet to be confirmed, the published policy framework outlines that the intended use of the iBCF across three priority areas;
- to meet adult social care need,
  - to provide support to the NHS (especially through application of the 8 High Impact Changes),
  - and to sustain the social care provider market.
- 4.4 Working with partners (through the BCF Executive) the attached report (Appendix 1) has been developed and provides outline proposals against the three priority areas outlined above. Following approval, a detailed project plan will be completed.
