3.2 External

- 3.2.1 No external consultation has taken place regarding the content of this report.

4. Compliance Issues:

4.1 Are the recommended decisions consistent with the Council's policies, plans and strategies?

- 4.1.1 The proposal contributes towards the strategic outcomes outlined in the 'Council Plan and Budget 2018+', specifically to help deliver a balanced budget and contribute to the Councils plan to rationalise its property portfolio as part of its asset management programme.

4.2 Financial Implications (How will decisions be carried out within existing finances and Resources?)

- 4.2.1 The disposal of surplus assets will generate capital receipts for the Council to help support the Council Plan and Budget 2018+, and contribute to key business priorities.

4.3 Legal Implications

- 4.3.1 The power to acquire, dispose and manage assets in land and property is contained in Sections 120 and 123 of the Local Government Act 1972.

4.4 Public Sector Equality Duty

- 4.4.1 The Public Sector Equality Duty statement is included in this report. An Equality Assessment Ref EQUA127 dated 28th September 2018, is attached as Appendix 3. The assessment confirms there is no adverse impact on the protected groups in accordance with the Equality Act 2010, and that a full Equality Assessment is not required for the purpose of this report.

5. Relevant background/chronology of key events:

- 5.1 The subject land was declared surplus pursuant to a joint report of The Leader of the Council and Corporate Director Economy entitled Disposal of Surplus Properties dated May 2018. The report also approved solus negotiations for sale with the adjoining owner.
- 5.2 The land is in two parts, an area let for car parking together with an advertising poster site plus an electricity sub-station, and part which is currently held as Highway Maintainable at Public Expense (HMPE). This latter area of land will be the subject of a future stopping-up order to be made by the purchaser pursuant to their planning application. The purchaser will acquire the land subject to all existing interests.
- 5.3 The proposed buyer has successfully agreed terms for the acquisition of the adjoining privately owned land and intends to seek planning consent for the comprehensive redevelopment of the private and Council owned land for a residential apartment led scheme.
- 5.4 In order to provide a quality frontage to the proposed new development, and to improve the density of the proposed scheme, acquisition of the Council's land is sought but not absolutely essential to the delivery of the scheme. Planning officers have provided in principle support to the proposed development, and Council's land being incorporated to provide a better sense of place and improved visual aspect to this important highway corridor into the City Centre.
- 5.5 A report detailing the outcome of the solus negotiations with the buyer for the sale of the Council's land holding is included on the private agenda.

6. Evaluation of alternative option(s):

- 6.1 A sale of the subject land and its sale will remove an ongoing management liability to part of the Council. The income stream for the car park and poster site would continue.
- 6.3 Not to proceed with the sale would mean that the subject land would remain under-utilised in terms of development and the opportunity to realise a substantial capital receipt and to maximise the potential of the land would be missed.

7. Reasons for Decision(s):

- 7.1 To note the property's surplus status and approve solus negotiations for the sale of the subject land with the proposed developers of adjoining privately owned land, as special purchasers.

PROTOCOL PUBLIC SECTOR EQUALITY DUTY

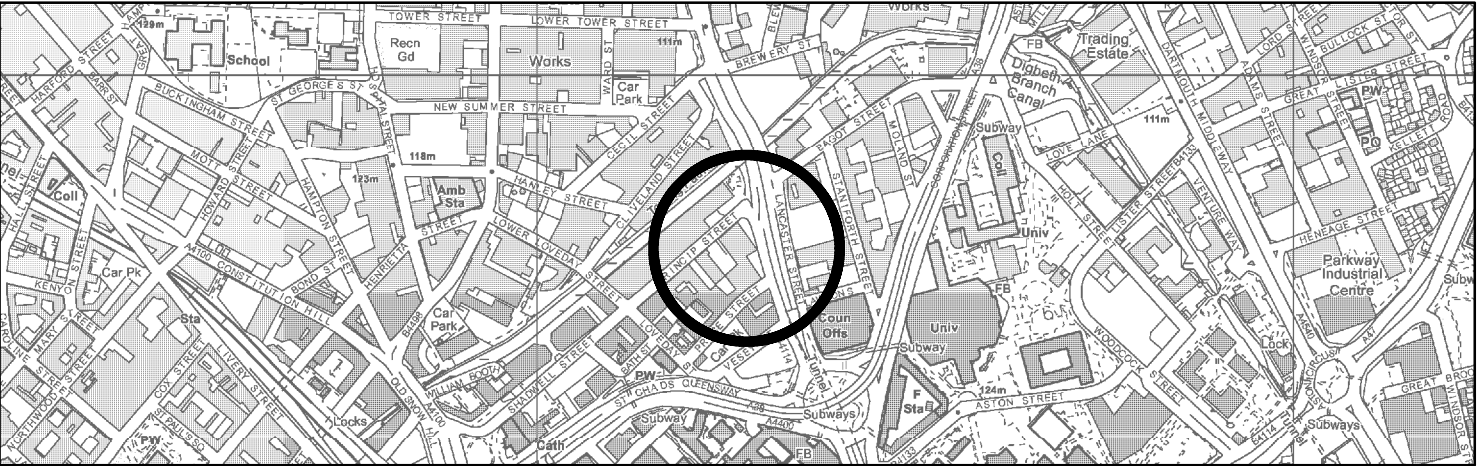

- 1 The public sector equality duty drives the need for equality assessments (Initial and Full). An initial assessment should, be prepared from the outset based upon available knowledge and information.
- 2 If there is no adverse impact then that fact should be stated within the Report section 4.4 and the initial assessment document appended to the Report duly signed and dated. A summary of the statutory duty is annexed to this Protocol and should be referred to in section 4.4 of executive reports for decision and then attached in an appendix; the term 'adverse impact' refers to any decision-making by the Council which can be judged as likely to be contrary in whole or in part to the equality duty.
- 3 A full assessment should be prepared where necessary and consultation should then take place.
- 4 Consultation should address any possible adverse impact upon service users, providers and those within the scope of the report; questions need to assist to identify adverse impact which might be contrary to the equality duty and engage all such persons in a dialogue which might identify ways in which any adverse impact might be avoided or, if avoidance is not possible, reduced.
- 5 Responses to the consultation should be analysed in order to identify:
 - (a) whether there is adverse impact upon persons within the protected categories
 - (b) what is the nature of this adverse impact
 - (c) whether the adverse impact can be avoided and at what cost – and if not –
 - (d) what mitigating actions can be taken and at what cost
- 6 The impact assessment carried out at the outset will need to be amended to have due regard to the matters in (4) above.
- 7 Where there is adverse impact the final Report should contain:
 - a summary of the adverse impact and any possible mitigating actions (in section 4.4 or an appendix if necessary)
 - the full equality impact assessment (as an appendix)
 - the equality duty (as an appendix).

 - (c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it.
- 2 Having due regard to the need to advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it involves having due regard, in particular, to the need to:
 - (a) remove or minimise disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic;
 - (b) take steps to meet the needs of persons who share a relevant protected characteristic that are different from the needs of persons who do not share it;
 - (c) encourage persons who share a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.
- 3 The steps involved in meeting the needs of disabled persons that are different from the needs of persons who are not disabled include, in particular, steps to take account of disabled persons' disabilities.
- 4 Having due regard to the need to foster good relations between persons who share a relevant protected characteristic and persons who do not share it involves having due regard, in particular, to the need to:
