Redhill Primary School

Proposal to alter the age range to remove nursery provision.

Introduction

Birmingham City Council, as the Local Authority for Birmingham, in collaboration with the school, is consulting on the following changes to Redhill Primary School (a community school).

School Information

Type:	Community School (Local Authority Maintained)		
Name:	Redhill Primary School	DFE:	3302159
Address:	Redhill Road, Hay Mills, Birmingham B25 8HQ		
Ward:	Tyseley & Hay Mills	District:	Yardley
Age Range:	3 – 11 years	Capacity:	210 (+ Nursery)
Last Ofsted:	21/03/2017	Ofsted Rating	2

Nursery Capacity:

Capacity of nursery provision:	26
Full time equivalent:	26 (full-time-equivalent)
Current nursery attendance:	0 (September 2019)

What changes are proposed?

We are proposing to carry out the following changes to Redhill Primary School:

- Alter the lower age limit from 3 years to become 4 years;
- This would change the age range of the school to be 4 – 11 years.
- This would result in the removal of nursery provision.

Why do we want to do this?

The number attending the nursery at the school has been lower in recent years. This is due to there being a large supply of nursery provision in the local area. In 2018 the nursery was operating at approximately 48% capacity. This year, September 2019, there are currently no children on roll in the nursery. This has financial implications as the cost of providing the nursery is more than the amount of money received. Nurseries operating with a large number of unfilled places can be a risk to the financial viability and sustainability of the nursery which can impact the budget of the school. If the school experiences financial deficit, this can impact on staffing, standards and attainment and affect the performance of the school. The proposed change will support the school to focus their time and finances on Key stage 1 and 2 (infant and junior phases).

Evidence of Demand

Tyseley & Hay Mills: There is an over-supply of 6 full-time-equivalent Early Education and Childcare places (0 to 4 age range) in the Tyseley & Hay Mills ward in which Redhill Primary School is situated. During the 2019 summer term, 31% of children resident in the Tyseley & Hay Mills ward took a place with a provider within the ward. The majority of children took a place with a provider within the surrounding wards.

Surrounding area: There is an over-supply of 563 full-time-equivalent places across the surrounding area which includes six wards (Sparkbrook, Balsall Heath, South

Yardley, Small Heath, Hall Green North; and Acocks Green). In addition to the number of nursery places within the surrounding area, there are also a number of local private, voluntary and independent childcare providers. Families have a wide choice available and choose to place their children with providers throughout the surrounding area.

When will these changes happen?

If the proposal is approved by the decision makers at Birmingham City Council, it is intended that the proposal will be implemented from **31st December 2019**.

Will there be any effect on other schools, academies and educational institutions within the area?

Other nursery providers in the area may find that they have increased applications. There is sufficient provision to accommodate the local need.

How will this affect pupils at the school?

There are no safeguarding concerns for any of the pupils that may be affected. There are currently no pupils on roll in the nursery class at the school.

How will this affect staff?

The school leadership will continue to be responsible for the staffing at the school and any restructuring that may be required. Any changes to existing terms and conditions or staff reductions resulting from the closure of the nursery will be with full consultation with the trade unions and teaching associations.

Will there be changes to the school building?

There is no building work needed for this proposal. The current nursery space will continue to be available and used by for breakfast and before and after school clubs.

What are the project costs for this proposal and how is it funded?

There are no project costs associated with this proposal. The nursery provision is currently funded through Early Education Entitlement funding for eligible 3 and 4 year olds based on actual termly attendance. It is intended that the removal of nursery provision from the school would provide savings and would avoid any pressure on the whole school budget.

Will this definitely happen?

No, there is a statutory process we must follow to make these sorts of changes to schools.

This document is the full proposal for statutory public consultation, referred to as “the representation period”. All comments we receive during that period will be anonymised and forwarded to the decision makers for consideration. Within two months of the end of the representation period, Birmingham City Council’s Cabinet Member for Education, Skills and Culture, jointly with the Director of Education and Skills, will make a decision.

It is only after the decision that we will be able to say with certainty whether or not the proposal will be implemented. A letter will be sent to the Governing Body and

Head Teacher to notify them of the decision. The school will share the decision with families and staff of the school. The decision will also be published on the consultation webpage in the details below.

What will happen if this proposal is rejected?

If this proposal is rejected, Redhill Primary School will continue to have an age range of 3 to 11 years; and continue to offer nursery provision.

Alternative solutions to the sustainability of the nursery provision would need to be explored to relieve any financial pressure this causes to the school budget.
