1 Executive Summary

1.1 This report sets out summary information in respect of Acivico Limited as background information to the company update presentation on this agenda.

2 Recommendations

2.1 Members are recommended to note the information in this report.

3 Background

3.1 Acivico Limited (Acivico) was created as a wholly owned subsidiary of the Council in September 2011.

- 3.2 Acivico operates through two active subsidiaries:
 - Acivico (Building Consultancy) Limited
 - Acivico (Design, Construction and Facilities Management) Limited
- 3.3 Acivico has been designed as a Teckal company, which means that 80% or more of its activity has to be through contracts for services with the Council. The benefit of being a Teckal company means that contracts may be awarded without going through a public tendering exercise.
- 3.4 Acivico created a third subsidiary company, Acivico Traded Services Limited, in August 2019. The company has been created with the intention of growing the business externally (outside of the Council service agreement), and which could include winning work from the Council under competition.
- 3.5 The principal activities of the group of companies were for the provision of consultancy (BC) and design, construction and facilities management (DCFM) within the construction and property industry. The company holds two principal contracts with the Council for the delivery of DCFM and BC services, including the statutory function of Building Control within the Council's administrative boundary. The company also generates income through the provision of services through external contracts.
- 3.6 During 2019/20, Acivico has been undertaking significant transformation and restructuring activities to address matters that were reported to Cabinet Committee in December 2018. Acivico will provide a progress report at this meeting.
- 3.7 A summary of Acivico, including details of its financial position, are set out in Appendix 1 to this report.
