Proposed Interventions

- **Understanding community perspectives – focus groups**
 - 4 providers have been successful in tendering for groups
 - Focus groups will take place in the new year
 - Final reports by June 2021
- **Community Researcher Training**
 - Quotation document with procurement for comment/to be published (4.12.20)
 - Training expected to be completed by 30th June 2021
 - A minimum of four community researchers per target community
- **As discussed by Professor Salway:**
 - Support the adoption of the 4 stranded approach in Birmingham
 - Support Birmingham colleagues' active participation in the national Steering Group.
 - Encourage further local data analysis and engagement with our communities and service users
 - Involvement in national work and possible endorsement of approach
