OTHER URGENT BUSINESS

The Chairman was of the opinion that the following items should be considered as matters of urgency in view of the need to expedite consideration thereof and instruct officers to act:-

A. New Residential Developments in the City Centre

5395 Councillor Williams advised that, at the last meeting of the Conservation and Heritage Panel, concerns had been raised regarding the purchase of residential apartments etc, particularly in the Jewellery Quarter, as investment opportunities and there was a fear that properties could remain empty as had occurred in London. She suggested that a policy be implemented to try to prevent a similar situation from happening in Birmingham.

> The Head of Planning Management referred to how the Jewellery Quarter had altered over the last few years with the area attracting some investment from overseas. However, developers would only build what they expected to sell and he pointed out that the market was based on supply and demand. He added that sometimes there was insufficient development control and referred to the adoption of the national space standard.

B. Hot Food Takeaways

5397 In response to a comment by Councillor Moore regarding the policy relating to the provision of hot food takeaways, the Head of Planning Management referred to recent decisions by the Planning Inspectorate where it had been considered better to have a property in a local centre occupied and being used, even if that meant it was a hot food takeaway, rather than left empty.

> The Head of Planning Management undertook to inform appropriate officers of Councillor Moore's concern that a property might be left unoccupied on purpose in the hope that the owner might be successful in obtaining planning permission to operate a hot food takeaway from the premises.

AUTHORITY TO CHAIRMAN AND OFFICERS

5398 **RESOLVED**:-

That in an urgent situation between meetings the Chair, jointly with the relevant Chief Officer, has authority to act on behalf of the Committee.
