

**MOTIONS FOR DEBATE FROM INDIVIDUAL MEMBERS**

To consider the following Motions of which notice has been given in accordance with Standing Order 4(1)

**A. Councillors Deirdre Alden and Gary Sambrook have given notice of the following Notice of Motion:-**

"The Council believes that the Leader's handling of the industrial dispute with Unite over waste collections has badly let down staff, senior officers, fellow Cabinet Members, non-executive Councillors and most importantly the residents of Birmingham.

This Council calls on the Leader to now urgently ensure the clearing up of the City of waste and litter, and ensure the return of weekly refuse collections permanently."

**B. Councillors Paul Tilsley and Jon Hunt have given notice of the following Notice of Motion:-**

"This Council believes that much of the atmospheric pollution is caused during morning and evening "rush hours" and could be eased if motorists switched off their engines, when at traffic lights, known traffic problem sites and parents waiting to pick up children from school.

It will support a campaign in the following terms:

Stopped for more than a minute!

Don't be an idler, switch off your engine when stationary, loading or waiting at the roadside. Do the right thing, help to make Birmingham greener, save lives and put a stop to idling engines and atmospheric pollution"
