1b	12 June 2018	<i>Motion for Debate:</i> council would support school expansion where it meets the requirement for additional places; and calls for re-direction of government funding for emotional, mental health and special educational needs support for those who need it most	Cabinet Member, Education, Skills & Culture / Tim O'Neill Director, Education & Skills	<p>COMPLETED: At the start of the 2019 academic year, the Directorate of Education and Skills, now has a permanent Senior Leadership structure, which provides stability in addressing key priorities.</p> <p>In June 2019, Tim O' Neill led a Headteacher conference, in which he outlined a system led approach, in the drive to improve outcomes for children across the City. The mandate from the Headteachers and other partners will enable the permanent SLT team to secure a locality based approach, which will maximise the use of resources for the benefit of all children.</p> <p>The locality approach will consider the profile of schools within a defined area and secure funding for children with specific need through the development of an inclusive educational offer. This is a long term project, but the initial actions will be reported in the forthcoming SEND inspection and as part of the SEND improvement programme. Examples include:</p> <ul style="list-style-type: none"> • -£1.4m from a DfE grant has been redirected into an invest to save programme based on early help and locality working. The funding will help to build a preventative and early identification model. • -The High needs fund has been unpicked, which has seen the re-directing of funding for 'out of Borough' independent school places, into the re-alignment of resources bases across the City. • -Following the fall in the birth rate and the reduction of inward migration into the City, over the next 5years there will be surplus primary school places across the City. The adoption of a locality

Cabinet Member for Finance and Resources / Dawn Hewins, Director of HR	COMPLETED: A working group has been formed to undertake benchmarking with other local authorities and public sector organisations, along with further research. As mental health is already a crowded space the campaign does not want to duplicate any existing work.</p> <p>EMM has two target audiences:</p> <ul style="list-style-type: none"> • people who know their specific needs (e.g. problems around stress or sleep and • people who are interested in mental health but don't know where to start <p>EMM is working with employers, particularly Small and Medium Sized Enterprises (representing 99% of all private sector businesses), to ensure employees can support their own positive mental health. PHE are working with BCC and other partners to support amplification of the local campaign when launch is confirmed.</p> <p>The Health and Wellbeing Board has established the 'Creating a Mentally Healthy City Forum' to focus action on improving mental wellness in the City, following the consultation on public health priorities in spring 2019 which highlighted this as a gap. The Forum will report to the Health and Wellbeing Board on an annual basis and will meet formally for the first time in October 2019, chaired by the Cabinet Member for Health and Social Care. To support the Forum the Public Health Division has been hosting workshops with a broad range of stakeholders to develop the thinking.
